A noble people who are willing to give up their blood for such a cause should be allowed to tax them-selves without permission, and I have no fear that a responsibility now assumed for such an object will not meet with the hearty approval of the next Legislature. At any rate, this is not a time to give head to technical difficulties. Let us vote the required fands, and trust to the patriotism of the people to sustain us. If the sum is not now in the tressury, the banks will, denbless, proffer the amount upon the credit of the oity. To the Editor of the New York Times: The captain of the State of Maine represents that poisoned liquor and poisoned tobacoo were sold to the soldiers of the Massachusetts regiment which he took to Fort Mource, while the regiment was in New York; that every effort was made by the officers to prevent the purchase, although no reason-azisted for fond play, but several meu got it and these men died in consequence. This state-ment will be made by the captain if called upon by wer reporter, and is too important not to be published.

How TO GUARD AGAINST THE HEAT. As the heat of a Southern sun is one of the hard-ships our boys will have to encounter, permit an eld soldier to state in what way the French army in Algiers guard themselves during the day, when on the march or standing sentry : Take a yard of thin, white flannel, fold it together once, and sew up one end; a ribbon or tape may be inserted to draw aud tie it around the neek. This, thrown over the oap or shako, and falling behind, com-pletely shields the head and shoulders from the rays of the sun. Woolen is preferable to line on octron, is equally light, costs less than the former, and is easier washed and kept clean. LUZEENE COURTY. HOW TO GUARD AGAINST THE HEAT.

NO TREASON IN CARBONDALE. Our Mayor, J. M Poor, on leaving his dwelling this (Friday) morning observed a Palmetto flag flying from the ridge-pole of a building a few doors below. On calling the occupant out, who declined taking it down, his Honor called aloud for volun-teers, which was quickly responded to. The build-ing was scaled in gellant style by John Wedeman, who scon sent the obnorious emblem to the side-walk, when it was trampled in the mud.—Carbon-dale Advance. PATRIOTIC DISCOURSE.

PATRIOTIC DISCOURSE. Bishop Domenec, in the Cathedral, yesterday, after reading the address of the Committee of Safety, and offering the usual prayer of the church for the authorities, delivered a most touching ad-dress upon the crisis. His reference to the "Star Spangled Banner" floating imajestically from the dome of the Cathedral, and his sworn duty to de-fend it from all assaults from whatever quarter, profoundly impressed the whole congregation. He stated that twenty years ago he had called God to witness, in taking his oath of allegiance to the United States, to sustain the Government and de-fend the flag, which he intended to do, and called upon his whole people to stand by it to the last.— Pittsburg Post of Monday. ABENINIECENCE OF THE WAR OF 1812.

A REMINISCENCE OF THE WAB OF 1812. We had the pleasure of threwing to the breeze, on Sunday, from the residence of David Mecon-key, Eq. (the two flags carried by the 16th Regi-ment of Infantry, commanded by Col. Gromwell Pearce, in the war of 1812. These war-worn and bullet pleated banners were obtained by Mr. Me-onakey from the widow of the late Lewis G. Pearce, the only son and child of Col. Pearce. They have been unfurled, after a long and peace-tfal ers, in as hely a cause as ever called men to arms. We may say of the invincible old hero who bore them in defence of his country, (notwithstand-ing he was a near relative,) that no truer patriot ever drew the battle-blede, and we hope none of E the name will ever diabonor his memory. God forbid that any of those whose ancestry were devo-ted to the sacred cause of Liberty, should faiter at a this moment. We are thankful to our townsman.
