Mr. SHEPPARD, chairman of the special committee on that portion of the Governor's message relative to the Baltimore riots, submitted a report, which was laid over under the rules.

A message was received from the Governor announcing his approval of a long list of bills.

The House then again resumed the consideration of the loan and military bill.

The question being on the third section,

Mr. Williams moved an amendment providing that the major general for the fifteen new regiments shall be appointed by the Governor, with the advice and consent of two-thirds of the Senate and House of Representatives.

The opponents of this section contend that the major general should be elected by the officers of the new regiments, and not appointed by the Governor.
