Menial to the true interests of the city. Mr. McIsytra thrught the matter should be postponed. He thought there was no danger to the Pennsylvania Railroad in accepting the lease. The lease submitted here must be carefully examined by Councils, who, he theoght, were not yet fully prepared to decide. He understood that, at the business of the road increases, the equipment must increase and be paid by the Eric road. He had great confidence in the ability and integrity of the presidents and directors of both roads, but nine hundred and nizety-nine years was a long period, one which may witness many important changes in the management of both roads. He alluded to a clause in the lease showing that the freight over the read from Eric must be local freight. This, he thought, was a serious objection, and the matter should be pertyrned until Councils have time to examine it with case. The debate was continued at length, and at times was quite shimated. The vote was then taken, on the motion of Mr. Nat., with the following result: Yasa-Mesurs Drayton, McIntyre, Neal, Emedley, and Wellace—5. Kaya-Mesurs.
