It will tell how the magnanimity of a great Republic was very nearly the ruin of a great Republic-and how a mighty nation at length tion. But there is one thing which Mr. arose in its majesty, and taught mankind the WILSON and his fellow-citizens should bear in great lesson that a nation can be a free nation, mind, and that is the extreme necessity of and yet strong enough to maintain the integrity pouring out our money largely to support the of its laws, and enforce the obedience of a

disaffected minority.

We are in gloom to-day; but the future has no gloom for us, for we believe in the ultimate all pass away when we consider the great and enduring triumph of our great cause. To question which now presses upon us. We contribute to that triumph will be the unceasing labor of THE PRESS. In this labor we recognize no party, advance no creed, and de- be worth, if the great centre around which fend no principles but those involved, and they revealed and from which they borrow restoration or the union. We shall support this Government lang, an we have fails with it, the Administration with freedom, frankness,

and independence, and only because we see in the Administration the surest and the country, and in supporting the Government great issue involved, there is nothing in all we do a patriot's duty to the country.

These, then, are thoughts which occur to us as we send forth the first sheet of our filth General McClellan among his Soldiers. volume. For the patronage which has been bestowed upon us, we extend our thanks. Following the course we have been following, it shall be our aim in the future, as it has attention he personally gives to their wants always been in the past, to print a great and and comforts. It is a common fault with some independent paper.

fully.

WE SHOULD learn a lesson from the wealthy men, and chiefly absorbed in making a display our prisoners! men of the South. They have gone into the of their handsome uniferms, and seeking rebellion precisely as we should go into the luxurious fare. Nearly all the ill-treatment work of crushing the rebellion. They have a which our volunteers have complained of motive to attain, and in doing so they count could have been at once remedied if their no cest, and spare no exertion. We never officers had promptly made representations to hear of money-panics or stock-conspiracies the proper authorities. among these men of Virginia and the Cotton The letter we have referred to says : States, nor do they prosecute a war with the sordid views which many of our people accustom themselves to take. In many parts of the South where our armics have gone they find homes descried, plantations in a state of desolation, business neglected, and every of desolation, business neglected, and every sign of ruin and neglect. The families have gone further South, while the heads of the families are in the armies of the South. It shows what men can do when under the influence of fanaticism, and certainly it shows what our own people should do under the influence of patriotism. We sre confident that this spirit does not extend beyond those selfish and avaricious combinations in the woes of the Commonwealth. If these men looked beyond the present, they would find many reasons against, their unwise and emic. of desolation, business neglected, and every many reasons against their unwise and suici-It is to be hoped that this commendable example will be generally followed hereafter by dal course; but we have no such argument to other leading officers. make, for in lighting for a principle it is an insult to honor and patriotism to clog it with any mercenary consideration.
