CONNECTION WITH THE MODEL SCHOOL,
THENTON, N. J.—Term opens SEPTEMBER 21, 1801.
In view of the present condition and prospects of our
country, which are too well understood to need comment
here, and at the urgent solicitation of many citizens, it
has been determined to establish a MILITARY DEPARTMENT in connection with the Model School,
which, while securing to its cadels all the advantages
hitherto offered by that school, shall superadd the perfection of drill, the precision of discipline, and to a considerable extent the special application of scientific principles required to constitute the therough soldier.
The plan keeps prominently in view the moral training
of the pupil. Under all circumstances the Bible will be
assumed as the student of truth and duty.
All that tends to develop and strengthen the upright,
generous, and analable qualities of our nature, and to
depress and weaken its evil tendencies, will be constantly
resorted to for that purpose.

A regular and systematic physical training is cautemplated, which, in connection with the Intellectual and
Moral, is so essential to man in every department of
life.

In furtherance of these views, the department will be SUMMER RESORTS. CEA BATHING AT CAPE MAY.—
