We earnestly invoke every loyal citizen to unite in support of the principles of public policy above indicated, and briefly expressed in the Edbowing declaration, approved by all the candidates of the Convention:

I. That the Government of the United States must be carnestly sustained by all citizens, in all its measures for the suppression of treason and rebellion; that our national existence depends on a vigorous and determined prosecution of the war against those who are in arms against it; that the war must be carried on without encouraging our enemies, at home and abroad, to hope for peace on any terms short of the absolute submission of all rebels and traitors to the Constitution and laws; and that, in order to accomplish these objects successfully and speedily, all loyal citizens should now unite in obliterating the party lines which have heretofore divided them, and stand, with one accord, under the flag of our country.

II. The public welfare demands, that the servants of the people shall not only be loyal to the Federal Government, but equal to, and scrupplously exact in, the preformance of their duties; that all frauls and peculations of men in public office shall be discountenanced and punished: "that these whose compensation is derived from the ea 17 FALL—1861. We respectfully submit the proceedings of the Convention to our fellow-citizens, for ratification at the polls. While our brave soldiers stand shoulder to shoulder under the insulted flag of the nation, forgetful of party spirit in their strong love of our country, and all ready to mingle their life's blood on her battle fields, for the support of our Government and the security of our example, and break our party idols, for the sake of THE UNION. By order of the Convention,
A. J. DERBYSHIRE, SIXTEENTH DISTRICT OF PHI-NEAR HOLMESBURG, Pa., September 20, 1861 SERIE HOLMESBURG, Pa., September 20, 1861.

SERI: I have the honor to acknowledge the receipt of your Circular Letter, which I found in the city on my visiting there yesterday.

I beg to inform you that I accept the nomination for the Office of Assembly for the Sixteenth District of the city of Philadelphia, according to the Platform as set forth in your communication, to all of which I fully subscribe.

I cannot close without still more distinctly giving you my Platform, and with, also, the view to leave a record, which, if necessary, will at once hereafter remove the slightest taint of suspicion of Political inconsistency on my part.

It is a well-known fact, particularly amongst my friends, that I have ever been an unswerving, unflinching Democrat; my first vote having been cast for General Andrew Jackson for the Presidency. I may then appear strange that I am opposing the Democratic Nominec, Mr. Duffield, I having been importuned to accept a nominution declined several times; at last, on eadm reflection, and urged on by a few strong considerations. I accepted; and will hereby state, and in language which cunnot be mistaken, I take high ground, and unote from no less a personage than the Hon. B. F. Halbett, of Massachusetts, who, I am proud to say, is a relative, and the author of the Cincinnati Platform.

"The simple issue is, the overthrow or the support of the Cincinnati Platform.

"The simple issue is, the overthrow or the support of Government in the whole Union, and while that is the issue, I am not for opposing or obstructing any measure of policy of the Administration honestly designed to curry of policy of the Administration honestly designed to curry of the Supreme Government of the Union, in all the States and Territories; until the country. And until one of these results arrive, the Democratic Party, 'in my judgment, has no higher present inty than to uphold the Government. The mission of that great historical party of these results arrive, the Democratic Party and the first of the country. And until one of these results arrive, the Democratic Party in the old one—to fullow it to virtory. This is the grant in the proposition of the stored party by the presence of the state of the country is an advantage of the best blood of Democrats. The Democratic Party and no defeat suffered, but his part the proposition of the country is a peace party in war, nor a war party in peace.
