POLITICAL. A N APPEAL TO PATRIOTIC AN APPRAL TO PATRIOTIC
PHILADELPHIANS.

FELLOW-CITIZENS: The election now close at hand is one of much more consequence than at a casual glance it may seem to the unreflecting, or those who do not mingle in public affairs, for, though no national significance in the result. Philadelphia is too large a city, and occupies too high a position in the affairs of the country for her elective voice to be exerted at any time without producing its legitimate effects upon general politics. We do not exaggerate when we say that there is no city or State in the Union so influential in this respect as Philadelphia, and thus, whether she chooses or not, whatever she does at her elections meets with so important a response as to make this the political pivel of the Union.

Nor can it be said that this is true only of great elections, in which an important state or national expression is to be given, as experience has shown that the foundations of the victories achieved in those leading contests are laid in the local elections which people are so apt to consider as having no general political bearing. We might cite numerous instances in support of this, but one which is now fresh in the public mind will suffice. When, at the outbreak of the present civil war, the Democratic party found itself thoroughly routed out of all offices—local. State, and national—after the long monopoly it had enjoyed, and, at the same time, found its Southern allies in open rebellion against the Government, and its Northern leaders doubtful which sive they were on, a deep gloom pervaded its ranks, and there seemed to be a prospect of its final dissolution. Such an event would have been most appropriate and fitting, for a party which had engendered an armed rebellion and brought the Government to the brink of ruin must certainly be regarded as rolonger safe.

But at this juncture we were so unfortunate as to large

generical an armed rebellion and brought the Government to the brink of ruin must certainly be regarded as no longer safe.

But at this juncture we were so unfortunate as to have a special election for Congress in Philadelphia, at which a Democrat was elected because he was a patriotic man, in the field at the head of a regiment, defending the national flag. Totally minunderstanding this decision of a district which luss always been anti-Democratic, the whole faction here immediately revived and began to feel confident of a general victory in Philadelphia. Nor was the nadign influence of that unfortunate election confined to our own city. It spread throughout the whole North. The Democratic party reorganized; it refused to join in the formation of non-partisan tickets, and everywhere is now endeavoring at all hazards, to minimal a distinct existence; and the better to do this, it professes loyalty even while its organs denounce the acts of the Government in its own defence as unconstitutional and tyrannical.

All this is the legitimate result of the election of Col. Biddle last spring. How much more permicious, then, will be the effect of a general Democratic victory in Philadelphia at this time? Shall we be told that the loyalty of the party is attested by the services of Democrats in the army? This is constantly said, and yet the sentiments of the party at home bear no analogy to those of the Democrate in the army. The latter have no provisional clauses in their loyalty. They support the Government through the whole war vigorously, while the party at home prates about Executive despotism, and is anxious to extend to traitors rights and privileges which would render the suppression of the revolt impossible. The clamor for peace at any price proceeds entirely from Democrats and their allies. They are responsible for the "white feather" meetings which have been held. Their party is the matural refuge of all the disaffercted and disloyal, and the treasonable inclinations which abound in it peep out in resolutions

the newspaper organs tainted with treason in the North were Democratic, not a solitary one having belonged to any other party.

Now, in view of these grave considerations, we ask you, fellow-citizens, whether the triumph of such a party in Philadelphia, at this time, is not fraught with peril to the Union? The Democratic candidates cannot avoid this conclusion if they would. Their leader, Mr. Robert Ewing, was vice president of a treasonable public meeting held in this city last spring. Their newspaper organs, the Pointspleanian and Argus, died, because patriotic citizens would no longer support their traitorous course. They have not even had the courage to hold public meetings in this canvass, lest their speeches and resolutions should defeat them. They expect the people of the city to trust them in the dark, while they are still fresh from the fellowship of treason, and their white-feather name is but concealed for a time.

By the misjudged generosity of the supporters of the Administration in the interior of Pennsylvania, Democrats have been allowed equal shares of the legislative nominees in all Republican counties, while at the same time the Pennerratic counties unanimously refuse to grant the Republicuus the same show. By this arrangement we stand in danger of having a Democratic Legislature, which will elect a State Treasurer, and, perhaps, a United States Senator. This will be assisted by the election of Democratic in the Administration districts in Phil delphia. Fellow-citizens, it is for you to say whether you will now give aid and comfort to the enemy. It is true, the Democratic party in the North were abandoned. Its continued existence is dangerous to the peace of the country. Let your vote be east accordingly.

GEORGE W. WOLF, the candidate for Assembly in this District, nominated by the Democratic and Citizens' Union Conventions, is well known and well deserving of the votes of the prople. If elected, the Fifteenth District will be well and honestly represented in the next Legislature

MOENT AIRN, September 2, 1861.

Dear Sir:—A member of the Democratic party, all my life, honestly preferring its principles to those of any other political party, and expecting to adhere to them, I yet recognize in the organization of which you are president a principle which, at this great national crisis, is, in my estimation, far above party.

I understand it to be the purpose of your organization to endeavor to secure, at the general election, in October, only such persons for offices of public trust, as are "topal, honest, and competent," without reference to their party ties, and that it is the intention of your organization to make such selections equally, from all parties, the governing motive being to present to the enemies of the Constitution and the Union, at this season of public danger, an undivided front, on the part of all the true-hearted and patriotic people of Philadelphia.

Understanding such, and such only, to be the object of your organization, and heartily approving of it as such, I take the liberty, as one citizen, of responding to the public invitation you have given, as President of the Convention, to all who desire to co-operate in the object. Under its termis, which are, for each person so disposed, to suggest, over his proper signature, the names of such persons as he may consider worthy of the confidence and support of the People, I beg leave, confining myself to one post of public trust, and one name, to suggest that of GEORGE W. WOLF, as a clizen eminently suitable, in all respects, to represent, in the next Legislature, the Fifteenth Legislative District, in which I reside. He is thoroughly "loyal, housest, and competent," and one of the most upright men, in every relation of life, that I have ever known. He has already been nominated for the Legislature by the Democratic party, not only without any effort on his part, but against his wishes, which have always led him to prefer private life, and to avoid, rather than seek, office. He knows nothing whatever of the letter I now add

is wholly my own.

I am, very respectfully, your obedient servant,

BENJAMIN RUSH. A. J. DERBYSHIRE, Esq., President Citizens' Union Con-

TRICT—A CARD.—Having understood that reports have been circulated representing that I am unfriendly to the present war, and opposed to the policy of the Government in carrying it on, I take this method of giving an emphatic donial to all such charges, as I consider it the first duty of every citizen to sustain the Government in its efforts to crush out rebellion as the only means of giving permanent peace to the country, and to re-establish the Constitution and the Union as transmitted to us by our forefathers.

T TRICT.

ATTENTION, FIFTH AND EIGHTH WARDS!

J. MURRAY RUSH FOR ASSEMBLY.

Let every voter get a copy of J. Murray Rush's eloquent and patriotic letter to the Citizens' Union Convention, accepting the nomination for Assembly, and his speech at Concert Hall, on the 34 inst., and read them this evening, and he will vote to-morrow for no other man for Assembly, if he lives in the DISTRICT. CAUTION TO VOTERS—TRYING

TO CHEAT A MAN INTO A JUDGESHIP.—A
spurious Ticket has been printed and extensively circulated, inclosed in a hypocritical circular, intended to
cajole the public into the belief that it is a "Union
Ticket." It contains the names of all the prosent Judges
of our Courts now before us for re-election except the
Associate Judge of the Common Pleas, JOSEPH ALLISON, for whom is substituted the Democratic mominee,
FUEMAN SHEPPARD. All sorts of secret trickery is
now being resorted to in order to accomplish the election
of this man Sheppard, who is one of the editors of the
Inquirer, the columns of which sheet have teemed with
efforts to assist him into office. Should Sheppard be
elected Judge, he will, with Judge Ludlow, make a
Democratic majority in that Court, thus giving that
party the opportunity of accomplishing many things,
which we leave to the reader's imagination. Judge
ALLISON has proved himself honest, high-minded,
patient, careful, attentive, and learned. He should be
elected. MAUTION TO VOTERS—TRYING

These nominations have been made with as little regard to party politics as possible. The Judicial candidates are the experienced, able, and honest Judges who were elected by the people to their present positions ten years ago. It was the unanimous opinion of the Convention that the purity and efficiency of the Judiciary can only be maintained by a distinct separation of the office from the contests of political parties; and that it would, therefore, be inexpedient, and hostile to the public interests, to remove from the bench, without cause, those who are acknowledged as loyal citizens, and have proved competent and pure in the administration of justice. For these reasons the Convention unanimously agreed to recommend to their fellow-citizens the reelection of the present Judges.

All the nominees for the other offices are believed to be entitled to the confidence, and worthy to receive the votes of the people. The candidates for Sheriff, Register of Wills, Clerk of the Orphans' Court, City Treasurer, and City Commissioner, were all nominated without a suggestion or hint from either of them, that either of them desired office. They were selected from a large number of names suggested to the Convention by our fellow-citizens, solely with reference to their loyalty, honesty, and capacity. Their election by the people will be the first important step towards purifying some of those offices of the corruption and dishonesty for which they are notorious. The practice of extorting illegal 25th ward. David E. Thomson. those offices of the corruption and dishonesty for which they are notorious. The practice of exterting illegal frees from every citizen who enters them on business, for which office fees are payable, has become so oppressive and offensive to the public as to demand a rebuke, which the people only can give, by breaking down party lines, and electing homest men to such positions, who will reform the days. Swel an appropriate is now presented. and electing honest men to such positions, who will reform the abuse. Such an epportunity is now presented. Our candidates are publicly pledged to do so, and they are men who will neither forget nor violate their pledges. They know that we are earnest in our determination to put an end to such frauds, and they will help us do it. But, in this work, we must have the co-operation of our fellow-criticens of all parties. There is nothing that should divide us now; we all stand on the same principles—all, at least, who are leyal to the flag of our country—who are ready to defend it against all its enemies, and unfurl it again, and uphold it in its full glory in the rebellious States, where it has been insulted and trampled upon.

try—who are ready to detend it against an its chemies, and unfur it again, and uphold it in its full glory in the releditious States, where it has been insulted and trampled upon.

Our servants, all of them, must be loyal and honest as well as loyal. Unfortunately, there are many men among us who declare themselves for the Government, for the war and its vigorous prosecution, whose patrictism hever goes beyond party lines, and is kept alive by the hope of Public Plunce. If we intend to protect and preserve the institutions of our country we must take care that such persons do not get control of them through our blind adherence to party nominations, or the influence and patronage of public offices.

It is well known that for some years past nearly all our representatives to the State Legislature, nominated and elected through the machinery of party polities, have so disgraced and dishonored our city by their venality, incapacity, and bad enduct that Philadelphia has lost all her good influence in the legislation of the Commonwealth, although much of it is vitally important to her welfare and prosperity. Laws are proposed, relating to corporations and classes of citizens engaged in particular avocations, for the sole purpose of extorting money from those whose interests they may affect. The losses and distress among the industrious poor and others of our city, through fraudulent savings in stitutions and insurance companies, are results of bad and corrupt legislation. All citizens are alike interested in putting an end to such serious calamities, and rectoring the industrious poor and others of ones, and capable representatives in the legislative halls of the State. We believe that our candidates for these important positions come up to the standard of LOTALTY, HONESTY, and CAPACITY. Some of them were nominated very much against their own wishes, and, although fully approving the objects of the Convention and the principles of our citizens, friends, and kintered, are in the field, offering their lives in support qualified, and to which he may be called by the votes of the people.

We curnestly invoke every loyal citizen to unite in support of the principles of public policy above indicated, and briefly expressed in the following declaration, approved by all the candidates of the Convention:

I. That the Government of the United States must be earnestly sustained by all citizens, in all its measures for the suppression of treason and rebellion; that our national existence depends on a vigorous and determined prosecution of the war against those who are in arms against it; that the war must be carried on without encouraging our enemies, at home and abroad, to hope for peace on any terms short of the absolute submission of all rebels and traitors to the Constitution and lawa; and that, in order to accomplish these objects successfully and speedily, all loyal citizens should now unite in obliterating the party lines which have heretofore divided them, and stand, with one accord, under the flag of our country.

II. The public welfare demands, that the servants of the people shall not only be loyal to the Federal Government, but equal to, and scrupulously exact in, the performance of their duties; that all frauds and pseulations of men in public office shall be discountenanced and punished; that those whose compensation is derived from the fees of their offices, shall neither charge nor receive, directly or through their subordinates, or otherwise, any other or larger fees than are allowed by law; and that public officers within the limits of their respective spheres shall be firm, fearless, and vigilant, in protecting citizens from all illegal exactions in these respects.

III. That, as all public offices are created for, they must be subordinated to, the public good; and official patronage should not be used for partisan purposes, or to promote the private advantage of those who bestow it.

IY. That every candidate for office must rely on his individual merits and capacity for his election by the people; and efforts to gai the people.
We carnestly invoke every loyal citizen to unite in sup-

example, and break our party idols, for the sake of THE Union. By order of the Convention,

SIXTEENTH DISTRICT OF PHI-NEAR HOLMESBURG, Pa., September 20, 1861. SIR: I have the honor to acknowledge the receipt of our Circular Letter, which I found in the city on my viyour Circular Letter, which I found in the cry on my visiting there yesterday.

It is a well-known fact, particularly amongst my friends, that I have ever been an unswerving, unflinching Democrat; my first vete having been cast for General Andrew Jackson for the Presidency. It may then appear strange that I am opposing the Democratic Nominee, Mr. Duffield, I having been importuned to accept a nomination declined several times; at last, on calm reflection, and urged on by a few strong considerations, I necepted; and why I hereby state, and in language which cannot be mistaken, I take high ground, and quote from no less a personage than the Hon. B. F. Ballett, of Massachusetts, who, I am proud to say, is a relative, and the author of the Cincinnati Platform.
