COPY-RIGHT SECURED.

Prepared only from the Original Prescription of the late PROFESSOR MUTTER.

AT FREDERICK BROWN'S,

Northeast corner of FIFTH and CHESTNUT Streets,
Philadelphia.

This Bemedy is a safe and simple preparation from the receipt of the late distinguished Professor Mutter, with whom it was a favorite prescription. That he used it in his extensive practice, insures to the timid a certain proof of its pure and innoxious elements, and to those who know his character for skill and careful attention, to prescribe only such remedial agents as should secure restoration without producing subsequent evil, it will be welcomed as a real good. Under the guidance of a Physician (10 whom its combination will unlessitatingly be made known), it will always be found very beneticial, and in cases where a medical adviser is not at hand, it may be used with safety, according to the directions, in all cases of short or long duration.
