Doctor Robert J Breckinridge and "The

EDITOR OF THE PRESS: Please apprise the public that a guasi conspiracy sages to have been formad of Scoessionists to put down The Danville Review. of which Dr. Breckinridge is the principal editor, and from which we have had some of the nobles of our noble papers in defence of the Union. These disloyal movements have taken such a turn that the Doctor has felt himself obliged, in order to carry on the work, to assume the whole pecuniary responsibility, and has published an appeal to loval men for support. The work is a quarterly, and very ably conducted. Its second number (published in June last) sketches out very nearly the campaign now working out by our brave men in Kentucky, Tennessee, Alabama, and Mississippi We must not let him and the cause suffer. Philadelphians! let us give him a few hundred subscribers. The price is \$2. Send your money and addresses to the office of George Junkin, Jr., Esq , southeast corner Sixth and Walnut streets, o Henry D. Sherrerd, Nos. 4 and 5 Merchants' Ex-

change, and the matter will be attended to. March 10, 1862. GEO. JUNKIN. The appeal is as follows:

THE DANVILLE REVIEW. Godly and loyal persons, who fear the Lord and love their country, everywhere, but especially in the West—and of all religious persuasions, but especially Presbyterians—are requested to consider carofully the statements which follow, and aftercarefully the statements which follow, and afterwards do what shall seem to them good.

About a year ago a certain number of ministers, of whom I was one, founded the Danville Quarterly Review, four quarterly numbers of which, making a yearly volume, have been issued. It is to prevent the destruction of the work, that this appeal is made; a destruction such as could happen only by means that would justify such an appeal as this.

Before the first number of the work was issued. Before the first number of the work was issued, the Rev. Messrs. Stuart Robinson, Thomas A. Hoyt, and John H. Rice, withdrew from our association, of which they were members, because they understood the majority of its members desired me

to advocate, in its pages, the loyal principles of my discourse of the 4th of January, 1861—that is, bo-cause they were Secessionisis. At a much later period, the Rev. R. L. Breek withdrew from the association, because the majority of its members besought him not to publish in the Review the po-litical articles which he has since published in litical articles which he has since published in pamphlet form, and which, as was feared before we had full knowledge of its contents, it was impossible for any loyal man even to appear to endorse. Still later, and in succession, the Rov. Dr. R. W. Landis, and the Rev. Professor James Matthews, went into the army of the United States as chaplains, and the Rev. Dr. J. T. Smith removed from the West to Baltimore. Finally, Richard H. Collins, Esq., the publisher of the Revice, and the owner of an extensive but qualified property in it—and who, if not a Secessionist, is much misunderstood—having first notified the asset property in it—and who, if not a Secssionist, is much misunderstood—having first notified the association of his inability and unwillingness to carry it on upon the terms of his contract with us, refuses to allow us the use of our own mail book, except upon terms which are wholly inadmissible. The Rev. J. M. Worrall approves of his conduct, as he did of Mr. Breck's. What remains is that the Rev. Drs. E. P. Humphrey and S. Yerkes, together with Professor J. Cooper and myself, aided by Dr. Landis and Professor Matthews, as their duties in the army permit, must start the work anew, or it must be discontinued.

In the present state of the country, and. I may must be discontinued.

In the present state of the country, and, I may add, of the minds of men in the region to which the Review particularly appertains, touching a multitude of subjects of the greatest importance,

multitude of subjects of the greatest importance, it seems to me its destruction, especially by the means that have been resorted to, is both a calamity and a wrong, which leyal christian people will not hesitate to defeat.

The insuperable difficulty is the suppression of the insuperable difficulty is the suppression of The insuperable difficulty is the suppression of our mail book; for we had subscribers enough to sustain the publication, and enough money was paid by them, within the year, to have covered all proper expenses. The object of this appeal is to procure the names of a certain number of subscribers immediately, whether of those who have already taken the work, or of new patrons. And so great is my confidence in the loyalty of my countrymen, in their approval of the past course of this Review, and in their love of upright conduct; and so little am I either inclined, or accustomed, to be baffled and in their love of upright conduct; and so little am I either inclined, or accustomed, to be baffled in important matters, deliberately undertaken, by such conduct as I have described, that I have become personally responsible for the expense of continuing the work, under the conviction that a sufficient number of patrons would be ready as soon as the next number can be issued, which I hope will be be added.

changes, and works sent to be noticed, must be directed hereafter to Danville, Kontucky.

Whoever will consider the state of public affairs in Kentucky a year ago, will hardly need any explanation of the mistates which loyal men were liable to commit, in organizing our association, and starting our Review. And, perhaps, those who bear in mind the present state of affairs in this region, and the perils of all kinds through which the favorable change has been wrought, will hardly agree that any instrument, or any man, used in any degree by God in producing that change, shall be, just yet, ignominiously put out of the way, in the interest of the most fagitious conspiracy that ever assailed human society. If in these things I am mistaken, I desire, at least, that all who feel any interest in the matter should understand by what means this enterprise failed, and how thorough was my conviction that the failure ought to have been my conviction that the failure ought to have been prevented.

R. J. BRECKINRIDGE. DANVILLE, Ky., Feb. 26, 1862.

## EAST BALTIMORE CONFERENCE. [Correspondence of The Press.] BALTIMORE, March 11

SIXTH DAY.

Conference assembled at nine o'clock with Bishop Ames in the chair. Religious worship was conducted by Rev. John A. Gere. Minutes of Monday read and approved. The committee appointed last Conference to revise and simplify the method of examining probationers, reported through their chairman, Rev. John H. Dashiell.

Resolved 1.4. That the committee examining probationers the first year, he reappointed for the three republing. ers the first year, be reappointed for the three remaining nembers of the Conference to attend the inneral services of Rev. Joshua Wills, with one exception, the oldest flethodds preacher in the concection, in the Lightweet Church, at three o'clock. Sermon to be delivered up for the Lightweet Church, at three o'clock. port through their chairman, Rev. J. H. Torrence, pledging, as ever, the co-operation of the ministers with the Pennsylvania and Maryland Bible Societies. Resorred, By the East Battimore Uniterence, in Conference, for the assembled, that we hereby cordially readifien our full faith in, and strong adherence to, the said twenty-third article of religion, in the words following: "The President, the Congress, the General Assemblies, the Covernors and Connells of State, as the delegates of the people, are the rulers of the United States of America, according to the division of power made to them by the Constitutions of their respective States, and the said

HENRY SLICER. JOHN MILLER. Reese preving conclusively that the same truth was contained in the preamble and resolutions he had offered on Wednesday last. The resolution was finally laid on the table and a substitute offered by Eev. John H. Dashiell.

Resolved, That the inhority voting on the preamble and resolutions, passed on the 5th of March, in regard to the unhappy state of the country, most respectfully pro-test against any interpretation of that vote which imgives in one sentences the position of the illustrious fitness voting against the resolution. A charitable spirit pro-vailed smoot the members during this session, which had vailed among the members during this session, which had a good effect upon all.

Rev. John Bowen moved that we confine ourselves to the legitimate business of the Conference; the Bishop seconded it, and John A. Gere put the vots; carried and produced considerable merriment in the congregation. During a debate this merning in Conference, the latent feeling in the minds of the Baltimore Secessionists was shown. When R. D. Chambers made a remark, which bore too strongly upon the flag, hisses were heard, especially in the galleries, when a motion was immediately offered and passed stating that hereafter the Conference shall sit with closed doors, which will give great satisfaction to all except the Secesion of this city, of whom, among the ladies especially, there are not a few. was sung, and the benediction pronounced by Rev.

this morning.

Bishop Ames in the chair, Bov. J. McKendric Bellsy read part of the xiv chapter of Bomans, gave out an appropriate hymn, commencing:

"Unchangeable, Almighty Lord,
Our souts upon thy truth we stay,"
And led in prayer. The journal was read and approved.
A paper was precented and referred to the Committee on geminaries."

the case of Rev. Henry Slicer, moved that "as a Tonference we disapprove of the conduct of Brother Slicer in declining to vote, and not retiring without the bar, subject to the fifth rule in the constitution; that his conduct be not considered a precedent for any future accession."

This morning he said he wished to wishdraw the motion This morning he said he wished to wishdraw the motion thus made.

Rev. Slicer then arose to make a statement. He remarked that for forty years he had been a member of that body, at d had never earned the reputation of an accuser of his brethren. He, however, had been complied, by the force of circumstances, to bring a charge against Rev. R. D. Chambe s, of slander, in regard to his being a Secessionist. Ne had consulted with one who, during all the period of his marriage life, never gave him counsel to lead him satiay. He felt now he had done wrong in bringing the charge, and withdraw the

had no design to injure their reputation; was reporting for a New York paper and this one; also, that he gave it as a fumor only.

As a reporter of the proceedings in the Conference, I have heretofore carefully avoided speaking of the personalities indulged in in debates—the oriminations and reciminations of these Christian brethren—for various reasons. Since they are thus honoracly adjusted and every man has made the proper concessions, I report them in part. A feeling of perfect concord and harmony pressiled throughout the assembly this morning when these bitter personalities were laid aside, and all were permitted to see eye to eye. The public, however, are not to misapprehend the position of the Conference in regard to this matter of loyalty; for, if sufficient proof is given of a minister's disloyalty to the Government of the United States, and such charges are preferred and sustained, such a minister would be expelled immediately. A young man of the first year, Rey. William J. Simpson, was this morning discontinued, as proof was given that he was disloyal to the Government under which he lived.

There seems to be but one mind in regard to the matter, save the apologies made by some twelve or sixteen

of that body. It is a pity that every minister of them cannot come forth and sustain the Government, in this hour of darkness and peril. For a vigorous prosecution of the war, on the guippowder policy, let each minister declare his hearty approbation, too, and his prudent cooperation with thus giving the Administration the bonefit of their induce.

The Bishop called the names of the ministers of West Baltimore district. Rev. Henry Slicer, presiding adder. Baltimore district.—Rev. Henry Slicer, presiding elder. Several members represented him as having attended to all his quarterly meetings, and preached with great acceptability. Thuse ministers under his charge having reported the amount of their missionary collections, restred from the country that the control of their missionary collections, restred from the country that the country collections restred from the country collections. reported the amount of their missionary collections re-tired from the house until their characters were exa-mined and passed. The proxiding older said, the district had been visited with the gracions outpouring of the Spirit; that, in the rural parts of the district, they had not suffered financially as much as in the city. He gave a good account of the brethren under his care; stated, also, that Rey. D. Shoaf, having left his work in York, Pennsylvaria, and it from a vure motive and sasiny Pennsylvania, did it from a pure motive, and, seeing another brother would be more acceptable there, he assigned Rev. D. S. Mouros to that place, having previously ed with Bishop Simpson. Chancer, of the New Jersey Conference, was inoduced by the Bishop.
A resolution was passed, allowing the citizens the pri-A resolution was pursed, allowing the curzens and vilege of entering to-morrow, and throughout the session. On motion, Cenference adjourned by singing "Praise God, from whom all bleesings flow."

Benediction by Rev. William S. Monroe.

MIRIAM.

THE CITY.

An Interesting Case. In the Supreme Court, yesterday, for the first time since he passage of the law of 1839, the constitutionality of that part of it which provides that soldiers in actual milltary service, by authority of the State or of the Federal vernment, shall be entitled to vote wherever they may be, came up for argument and an authoritative decision case in question is that of a contested election for the office of District Attorney for Luzerne county, wherein Jerome G. Miller was declared, by the Court of Quarter Sessions for that county, duly elected by the army vote, as against his competitor, Ezra B. Chase, the latter having received a majority of the votes cast within the argued on the following agreed state of faces:

"It is agreed the following facts be submitted as a case stated for the court's decision. Admitted that, of the votes polled within the county of Luzerne, Ezra R. Chase received 5.811 votes, and that Jerome G. Miller received 5.646, and that the said number of votes by each received 5.646, and that the said number of votes by each received 5.6 votes, and Jerome the Miller received 362 votes. But the legality of the votes polled by the volunteers in the army not heing admitted, the question as to the legal effect thereof is submitted as matter of law for the court. If the court should be of opinion that the army vote is constitutional and legal, the same to be allowed by the court, and added to the votes cast in the county for the party or parties in whose favor they may be, and then the court of decide in favor of the party having the greatest number of votes. If no part of the army vote is received, the decree to be in favor of Mr. Chase, the army vote being taken as above stated, the objections to it being all waived except as to its constitutionality."

The case came up before Judge Conyngham, of Luzerne county, or the foregoing agreement, and the facts argued on the following agreed state of facis: zerne county, or the foregoing agreement, and the facts and the opinion of the court were filed by him in favor of the constitutionality of the army vote. He, thereupon, decreed that Jerome G. Miller was duly elected to the office of District Attorney for Luzerne county.

It was upon an appeal from this decree that the case is

Proceedings of City Councils. The regular stated meetings of both branches of Councils were held yesterday afternoon.

now before the Supreme Court, and in view of the fact that at least two of our most important county offices

may be affected, viz. Sheriff and Clerk of Orphans

Court, a decision will be auxiously awaited.

SELECT BRANCH, Theodore Cuyler, president, in the chair. The fol-wing communications were received: From the owners of property on the line of the North bread-street Reilway, asking the removal of the track as a nulsance.

From the president of the Philadelphia Band, No. 1, rendering a bill for strvices in 1858. The band played on July 5th, in Independence Square, to the tune of \$80. The Committee on Claums have reported the claim as just, but Councils have hitherto stricken it out.

One asking that Dock street may be graded and the other transport. one asking the street repayed.

From the Chief Commissioner of Highways in response From the Chief Commissioner of Highways in response to a resolution of inquiry relative to certain lots obstructing Carliele street, that they are owned by Christian Styles. A fence is extended half-way across Carlisle street, at Jefferson. It is much travelled in summor, and should be opened. The owner is willing to transfer his lots as soon as he is compensated for them. Referred to the City Treasurer to prepare an ordinance to provide for the measure.

A similar communication relative to North street, was answered by Mr. Ginnodo. The street is private property, and the owner does not wish it opened at present. Also referred. the next number can be issued, which the next number can be issued, which the high price is \$3 per annum; \$2 50, if paid strictly in advance; \$2 where a club of five members is paid for strictly in advance. Every one friendly to the enterprise is requested to obtain subscribers, and remit by mail their names and address, with money current where received, to the Rev. Professor Jacob Cooper, at this place. Experiment of the professor is paid to professor in the professor in the professor is paid to professor in the professor in the professor is paid to professor in the professor city.

Mr. Magary introduced a resolution to th's effect, permitting the company to carry-their wires out Market street and across the bridge, instead of as present, up Callowhill street and across the Wire Bridge. The bill A resolution releasing the securities of E. C. Bonsall, A resolution releasing the securities of E. C. Bonsall, late Commissioner of Highways, was passed.

The Committee on Water presented a resolution authorizing the chief engineer to stop the supply of water from the Kensington water works, and supply charging water instead, until the former works can be thoroughly overhauled and cleaned.

Mr. McEntyres wished information whether it was possible for the Fairmount works to supply the Kensington. sible for the Fairmount works to supply the Kensington district.
Mr. Megary said it could for two months to come, and with 1.500,000 gallons to spare.

Dr. Uhler spoke relative to a disease peculiar to the Dr. Usl. But poke relative to a disease peculiar to the people residing in Kensington, said to be caused by the impure water from this basin. He cited a case of a family suffering from the disease in question who Jrank no Kensing too water. While this was the case he favored the resolution. The great fish-cleaning depth at Gunner's run, which lets large quantities of offsi into the very fore-bay of the Kensington water works, in in summer time must be very unhealthy. But part of Kensington is supplied from the Fairmount works, and the peculiar disease is quite as provident there as in the other saction where Delaware water is drank. Dr. Uhler thought that here was a fine field for investigation, and that examinations into the different properties of the two waters should be carefully made.

Mr. Werneskill, expressed an apprehension that the tax upon the machinery at Fairmount would be too great to supply all Kensington. Instead of a surglus of 1,500,000 gallons, the capacity of the works was but \$0,000,000 gallons, the supply. The difficulty required to remember.

Mr. Magary explained that for two months Fairmount could easily furnish the supply. The difficulty required prompt remedy. Mr. Dallas, navel contractor, who is superintending the building of the iron-clad steamer at Kennington, said that sity of his men had been taken sick, during a single day, from drinking this water. Fairmount can give a supply until the Kensington reservoir and works can be examined.

Mr. Fox stated that the proper connection can be made at Vine street, and the water immediately let into Kensington. Mr. Cassin said that the Council committee, in conjunction with the Board of Health, had united in strongly recommending the measure. The experiments would be done without expense to the city, and should be made fortawith.

Dr. UHLER said that the disease was very malignant in a family of seven persons living at Front and Coates streets. One of the family had spent a day at his house, and was cured in that short time. Another had spent a day at his brother's house, with the same beneficial result. The Kensington water was drank by neither. Experiments could be made as to the water in a week, and the cause of the disease could then be ascertained.

The resolution passed finally.

Mr. MEGARY reported an ordinance extending the time of paying water reats from April 1st until May, which passed finally.

The Committee on Water also reported an ordinance passed finally.

The Committee on Water also reported an ordinance

repealing certain portions of an ordinance which prevented the committee from expending more than one half of their appropriation before the month of The Chamber refused to suspend the rules, and the bill Mr. Whithkhill now called up an ordinance, offered by him at a previous meeting, relating to connecting mains. The ordinance instructs the chief engineer, under the direction of the Committee on Water, to cancel bills for connecting mains, except those rendered for water pipe laid in front of unimproved property, or where said pipe lis necessary for the supply of water to adjacent proporty—the committee remitting only those bills where the work has been done to secure the flow of purer water, and to create a better circulation. It also appropriates \$500 to refund to property owners who have paid for pipe laid under the resolution approved September 27, 1861, to be repaid under the direction of the Committee on Water.

Mr. McINTES offered as an amendment, that the chief engineer, under the direction of the committee, be empowered to remit all bills for laying water pipe under a resolution approved September 27, 1861—as his opinions may be contrary to the policy of the naumcipal Givernment respecting the payment for water pipe, and are unjust in themselves. Mr. Warneritt now called up an ordinance, offered by

was withdrawn, and the original ordinance passed finally.

Mr. Fox, from the Committee on City Property, reported a number of appointments for confirmation.

The Committee on Schools reported an ordinance relative to the purchase of a lot of ground in the Twenty-fourth ward for school purposes. A remonstrance was reed against the purchase of the lot, which, it was alleged, was below the grade of the street, and very marshy ground. This subject was closted for over an hour, and the ordinance passed finally.

Mr. Fox, from a committee of conference on the City Department appropriation bill, presented a report, which was adopted.

Mr. Megany made a similar report from the Committee on Highways, which was also adopted.

A resolution authorizing certain repairs to the street at Tenth and Diamond. Agreed to.

The Sait Committee, to whom was referred the subject of salting the railway tracks, reported a resolution asking to be discharged from the further consideration of the subject. The evidence, &c., elicited before them, has been published in pamphiet form for the use of the members.

Mr. Wetherell, moved to suspend the rules, in order members.

Mr. Wetherill moved to suspend the rules, in order to take up the ordinance for consideration. This was lost by a vote of 11 nays to 5 rens.

Mr. Cassin offered a resolution that an ordinance be prepared for the extinguishment of a ground rent in Canal street, First ward, which, after a long debate, was negated.

Dassed, MFG ARY moved that the chief engineer be instructed to inform Councils of the expense of laying a connecting main on Corinthian avenue, and the cost of raising the Keasington basin so as to receive the water results the actsington basin so as to receive the water from the Fairmount works. Referred to the Committee on Water.

The Criath announced Messrs. Wetherill, Ginnodo, and Cassin as the committee in reference to the appointing of wood-corders. Adjourned. COMMON COUNCIL.

President Kerr in the chair.

A communication was read from the Board of Health declaring the condition of the streets and gutters in the declaring the condition of the streets and gutters in the city a nuisance, and saking the action of Councils on the subject. Referred to the Committee on Highways. A communication from the Guardians of the Poor was property holders on the line of the North Philadelphia Raiboad, asking that the railway be removed, it having become a public nuisance. Referred to the Committee on Resessaid he had only nices men in consent, to the men on the negative of the resolution offered March 5. This answer called forth another from Rev. Dashiell to the effect that he wished he had a jailor with a better bent raid more eaviable regulation. This latter is what he desired to recall.

Rev. A. A. Recse desired to recall also his answer and anything that had been offensive to his breaken.

Rev. R. D. Chambers had written a letter to the Garlish Herald some months ago stating that it was runnyaed that of the forty Methodist preachers in Baltimore ten or twelve were Secessionists. Among them it was said were Dr. H. slicer and Dr. Thomas B. Sargont Ho had no design to injure their reputation; was reporting for a New York paper and this one; also, that he gave it as a rumor only.

As a reporter of the proceedings in the Conference, I have herefolore carefully avoided speaking of the personalities indulged in in debates—the criminations and rectiminations of these Christian brethren—for various reasons. Since they are thus honoraely adjusted and beautiful to the conference of the form of the proceedings in the Conference, I have herefolore carefully avoided speaking of the personalities indulged in in debates—the criminations and rectiminations of these Christian brethren—for various from the Committee on Highways.

Several petitious for water-pipe and grading were presented a prelification from citizens of the Sixteenth ward asking that certain portions of Richmond street he paved. Referred to the Committee on Highways.

Several petitious for water-pipe and grading were presented or friend. Among the fires, asking Councils to approve the location of the Fairmount Engine, on Ridge avonus, above Ninth street. Agreed to.

Mr. Wolker moved to amend by adding the Assistance Engine, in Grown street, above Washington avonus Agreed to.

Mr. Bankiem moved to add the Southwark Steam Fire-Engine, in Third street, above Washington avonus Agreed to.

Mr. Bankiem moved to add the Southwark Steam Fire-Engine, in Third str

A motion to locate, also, the Moyamensing, Schuylkill, and Shiffer Hose Companies was agreed to.

Mr. Shiffer Hose Companies was agreed to.

Mr. Shiffer Hose Companies was agreed to.

The Visitant and West Philadelphia Engine Companies were also located with the fighth of the Companies were also located with the bill. Agreed to.

The report of the committee of conference on the bill making an appropriation to the Highway Dapartment of Giby Property was concurred in.

The Chamber went into committee of the whole on the bill making an appropriation to the Board of School Controllers, Mr. Freeman in the chair.

Tho amendment reducing the salaries of certain professors were not overpaid. The salaries of professors were not overpaid to the professors were not overpaid to the professors were not ove

greater. He spoke at considerable length in defence of the institution. e institution. Mr. Cattell each he thought the High School was one of the noblest ornaments the city possesses. He, however, believed it was a suitable time to reduce the salaever, believed it was a suitable time to reduce the sularies of the professors.

Mr. Barrer contended that the Councils had no authority to reduce the subtries of the professors. He cited from the laws of the city, made before and since consolidation, to show that the Legislature must repeal certain laws before the Councils could make the proposed reduc-Mr. Quinx thought the attacks on the High School were ill-advised. He thought the High School had not as yet given a proper roturn for its cost. He thought this was the result of some mismanagement in its control. He thought it paid, as an institution, by elevating the standard of education in the other schools. He thought that, while fostering democratic institutions in our midst, it was well known that the graduates were more arisiocratic than their qualifications were entered. our misst, it was well known that the graduates were more aristocratic than their qualifications warranted. The Chair called the speaker to order, after he had rambled a long distance from the subject of decate.

Finally, after cons derable debate, the amendment was lost by a large majority.

An amendment was adopted adding \$500 to pay the rent for the use of Dr. McMurtrie's cabinet for the purposes of the institution.

poses of the use of 197. MCMITTINE 8 cannot for the poses of the institution.

Finally the committee rose, the bill being made the special order for the next meeting, at four o'clock P. M.

It was resolved that when Council adjourn it meet again on Monday afternoon at four o'clock.

The resolution authorizing the supplying of the Schuyl-kill water to the citizens of Kensington was concurred in. NAVAL AFFAIRS.—The four boilers

intended for the Powhatan are at the foundry of Messrs.
Merrick & Son. The vessel is at the navy yard receiv-Merrick A Son. The ressel is at the navy yard receiving a thorough overhauling, and when finished should be equal to new. The entire frame of the new sloop-of-war Monongatcla is now up, and a large force of workmen are now engaged upon her. The vessel will be strengthened in the same manner as the Juniata, by means of iron strips, four inches wide by three quarters of an inch thick, which are to be bolted against the timbers comprising the frame on the inside of it. The planking of the Monongatch will be commenced at once.

Orders have not yet been received for the launching of the Juniata, which is now ready, and can be set adrift at a few hours' notice.

Candidates for appointment to the Naval Academy, of which there are many at this time, will be governed by Candidates for appointment to the Naval Academy, of which there are many at this time, will be governed by the following regulations: Nominations must state: let. The full name of the candidate. 2d. His actual and fixed place of residence. 3d. His precise age. 4th. The Congressional district from which he is nominated. 5th. That he is an actual resident of the district. A candidate regularly nominated in accordance with these provisions will receive a permit to present himself at the academy for examination as to his mental and physical qualifications. If found qualified by the academic and medical beards, he will receive an appointment as acting midshipman, and be allowed his travelling expenses from his residence to the academy; if rejected, no allowance will be made for travelling expenses. No one can receive a be made for travelling expenses. No one can receive a warrant as a midshipman in the navy unless he is a graduate of the Naval Academy. Candidates must be over market the Navil Academy. Candidates must be over fourteen, and under eighteen years of age at the time of the examination for admission, must be free from defor-mity and disease, and imperfections of the senses. They must be of good moral character, able to read and write well—writing from dictation, and spelling with correct-ness, and to perform with accuracy the various opera-tions of the primary rules of arithmetic, viz: numeration, and the addition, subtraction, multiplication and divi-sion of whole numbers.

PAYMENT OF WATER RENTS.—For the past week the small and narrow quarters occupied by the Water Department, at the corner of Fifth and Chestmit streets, have been daily crowded with property-owners anxious to settle their bills. Owing to the small spartments occupied by the clerks, the business of this department of the city is generally much retarded, especially at this time of the year, when the rush of those who are always behind time in settling their accounts with the city is very great. During the present week the crowd and the receipts at this department have been daily augmented. The receipts on Tuesday reached about \$7,000, on Wednesday about \$9,000, and yestorday they were over \$10,000. After the lat of April, those who have not paid their bills will have an additional fire per cent, added to the amount. An extract from the ordinances regulating the Department of Water says:

"Water rents are payable annually in advance on the second Monday of January. On the lat of April five per cent, will be added on all unpaid rents, and on the first of July after an additional ten per cent, and all promises upon which the rents and charges remain unpaid on the lat of September will be deprived of the water, and the amount sund for, with two dollars added for the expense of cutting off, and all premises in arrears will be deprived of the water until the same is paid." We understand that, owing to the temporary dulness of business this year, an effort will be made in Councils to have the time for the payment of water rents further extended.

Annual Conferences of the street of the street. PAYMENT OF WATER RENTS.—For

ANNUAL CONFERENCE OF THE M. E. ANNUAL CONFERENCE OF THE M. E. CHURCH.—On Wednesday next, the Fifty ninth Session of the Philadelphia Methodist Conference will be commenced at the Union M. E Church, on Fourth street, below Arch. Besides a large portion of Eastern Pennsivania, this Conference includes in its bounds a portion of Delaware and Maryland. During the last session, among the many interesting subjects introduced, and which will no doubt be agitated this year, was the division of the Conference. It was proposed to divide by the State line between Pennsylvania, Delaware, and Maryland, the advocates of the measure being residents south of that line. The subject was referred to a committee, who reported that, in view of the national difficulties and embarrasments, and the disturbed condition of the public mind, and the conflicting opinions of the churches in Delaware and Maryland on the subject, a division was deemed inexpedient at that time. The committee recommended to the Quarterly Conference of the Peninsula a consideration of the matter, with a view to future action. The report of the nominities was adopted. The slavery question was also agitated at the last Conference, and it was disposed of without much delate A presemble and resolution was attentiated to the put the province of the part of the province and the province was presented to the quarterly Conference, and it was disposed of without much delate A presemble and resolution was attentiated to the put to the province was attentiated to the put to the province of the provinc bate. A preamble and resolution was submitted by the Committee on the State of the Church, in which it was declared to be indispensably necessary to the restoration of peace and barmony in the Southern borders of the Conference, that the new chapter on slavery, inserted in the Discipline, should be repealed, and requesting the General Conference at its next session to repeal the same. The chapter referred to was supposed by some to embody

a new condition of membership.

LARCENY OF A SCHOOL TEACHER'S WABBANT.—Thomas McNeely was put on trial yesterday, in Court of Quarter Sessions, charged with the larceny of a warrant or order for money. The evidence against the accused was that Miss Chalmers, a school teacher, had in her possession two warrants, each for \$81.50. They were long overdue, and she was anxious to secure the moner. McNeely, with whom she was acquainted, volunteered to get them cashed by Dr. McClintock, City Treasurer, and upon the 25th of February, Mrs Chalmers, the mother of the owner of the warrants took the two, and met Mr. McNeely at the Girard Bank. After an interview with Dr. McClintock, McNeely requested Mrs. Chalmers to hand him the warrants and she did so. A check for one of the warrants was then given to her by the book-keeper, and she was told by McNeely that there was not money for the second warrant. She requested the return of the unpaid warrant, but was told by McNeely that the there was not money for the second warrant. She requested the return of the unpaid warrant, but was told by McNeely that it had been placed on like by Dr. McClintock and would be paid the next day, and an appointment was then made for the next day. Mrs. Chalmers then ascertained that the warrant han not been placed on file, and a subsequent advertisement brought to light the fact that it had been sold to a broker. A verdict of guilty was rendered, and sentence deferred. LARCENY OF A SCHOOL TEACHER'S

CELEBRATION OF ST. PATRICK'S DAY. CELEBRATION OF ST. PATRICK'S DAY.

—Moodsy next, the anniversary of the birth of St.
Patrick, will be appropriately celebrated by the Irishmen of this city. The absence in the army of the volunteer Irish companies will prevent the usual military parade on that day. It is expected, however, that the two regiments of the Irish Brigade, now recruiting in this city, will turn out.

In the evening, an oration will be delivered by Dr. Movinerty, on St Patrick, at the Academy of Music, at half past seven o'clock.

The Hibernian Society will meet in the afternoon, at the Continental, and will participate in the festivities of an annual dinner.

At St. Patrick's Church, in the morning, there will be an orchestral performance, and Hay da's Mass No. 3 will be sung by the choir, under the direction of Prof. M. F. Aledo. Aledo.

At this church there will be a solemn Pontifical Mass at 10½ A. M., celebrated by Right Rev. Dr. Wood. The panegyric of the great apostle of Ireland will be preached by Rev. B Maguire, S. J., of Washington, D. C., and late president of Georgetown College.

AID FOR THE PORT ROYAL CONTRA-BANIS —Successful efforts are being made in this and other cities to raise a fund, by volunteer concerts, lectures, &c., for the relief and instruction of the negroes at Port Boyal, who are now in a helpless condition o wing to the flight of their masters. The committee appointed at the meeting recently held at National Hall state that not only must these poor creatures be provided from some quarter with the subsistence and clothing heretofore received from their masters, but medical attendance, and ceived from their masters, but medical attendance, and some sort of instruction in the arts of civilization of which they have thus far been in perfect ignorance. These negroes have been reduced to their present helpless state through no misconduct of their own. Faithful to the condition of their lot, they were found by our army at work on the plantations which their masters had abandoned. A concert in aid of this object was given at Concert Hall last evening by the Hutchinson Family.

THE OYSTER TRADE -During the THE OYSTER TRADE—During the past few weeks parties engaged in the oyster trade have been somewhat perplexed because of the impossibility of procuring such stock as is desirable. The oysters now brought to this city are said to be of very inferior quality, and the supply is not equal to the domand. No oysters from Virginia, except those on the coast of the Eastern Shore, are brought to this city, and they are so eagerly sought after by the public houses that few or mone fail into the hands of the packing trade. The large supplies from York river and Lynnbaven bay of former years are still cut off, and they were generally the last that found their way to this market. Spruce-street wharf, the main market for all the oysters arriving here, has precented, within the past week, a much duller scene than usual.

In Town.-Yesterday Lieut. Bird, IN TOWN.—Yesterday Lieut. Bird, of the Fourth Maine Regiment, recently released from the Bichmond prison, was in this city. Lieut. Bird was wounded and taken prisoner at Bull Run, and languished in prison until within a week or so, when he was exchanged. He is now absent on sick leave. His secape from death was almost miraculous. A masket be I struck him on the left side of the for head and penetrated the skull. The ball then split into two pieces, separating, and one of them penetrating the brain itself. One of the pieces was extracted on the day of the battle but the other remaind where it had lodged until a Federal surgeon extracted it at Fortress Monroe, last week. The indentation in the skull actually allows the pulsation of the brain to be seen. Pieces of the skull were extracted with the ball and have been preserved.

SALTING THE STREETS.—The commitcalting the officers.—Ine committee of Councils having charge of the investigation in reference to the salting of railroad trucks have received
from the College of Physicians a lengthy report on the
subject, in which they maintain that, in their opinion,
there is no evidence that the practice of salting the railway tracks exerts any injurious influence on the health
of the citizens. They suggest the necessity of making
provision, by ordinance, for keeping open the gutters
and inlets to the sewers at the period when the snow is
melting, and for keeping the footways at the intersection
of the railways free from the melting anow and ice.

SENTENCES.—The following persons have been sentenced in the Court of Quarter Sessions:
Susan Gibson and Susan Morris, colored women, larceny, plea of guilty. The first was sentenced to twelve months and the latter nine months, county prison.
Robert Thomes, larceny, pies guilty; four months.
William Ellia, two bills of larceny, of a watch and gold rings; plea of guilty. He made a speech before receiving sentence. He said he was poor and without friends, and that necessity competted him to steal. He pledged himself upon the "hopey of a man," that if the judge would let him off he would restare everything he bad stolen—make everything right. He was sentenced to two years. Charles Lewis, burglary at house of Mr. Cox; sentenced to three years.

tenced to three years. IRON PLATES FOR THE KENSINGTON STEAMER—Yesterday, a large number of plates for the new iron-clad steamer, being built at the ship-yard of Messrs. Gramp & Son, Kensington, arrived in this city. The plates, or rather "slabs" of iron, are over four inches thick, and so heavy that fifteen or twenty men handled them with difficulty. A vessel protected with armor like this, it is said, can defy the heaviest pro-ectiles.

PHILADELPHIA BOATS SOLD.—The PHILADELPHIA DOALS
Delaware River Steemboat Company have sold the iron steemboat Thomas A. Margan, that has run between steemboat Thomas A. Margan, that has run between Dristol and Philadelphia, in some time is the townoon Bristol and Philadelphia, in someotion with the John A. Warner, to a comeany in Delaware, who have removed for deck and theroughly strengthened her bull. She has been chartered by the Government for sea purposes. The John A. Warner has also been chartered by the Government to carry passengers on the Chusapeake Bay.

ANNUAL COMMENCEMENT OF THE UNIVERSITY OF PENNSYLVANIA.—Yesterday, at noon, the annual commencement of the Medical Department of the University of Pennsylvania came in at Musical Fund Itali. The sudience was the larget over assembled together at any of the medical-cologo commencoments. As early as 10 o'clock people it large crows began to enter the hall, and, before the heir for opening the exercises, the room was so completelypacked that it was found necessary to closs the doers. large numbers, therefore, turned away, being unable to gan admittance. The Germania Orchestra was in attendance, and discoursed most excellent music.

A procession, composed of the trusters of the University, faculty, graduates, and invited guest, was formed at the college building, on Ninth street, and merched to the bell. The graduates were distinguished by a blue resette upon the lapel of the coat. In the hall the officers of the institution and faculty, and a number of invitud guests, took seats upon the platform, while the students occupied the front benches.

The list foote up sinety-one, which is a considerable secrease from the commencement of last year. The different States were represented as follows: 

THE SOLDIERS' HOSPITAL AT BROAD THE SOLDIERS' HOSPITAL AT DROAD AND CHERRY STREETS.—Every one knows that there are many comforts which sick and wounded soldiers need that no military hospital affords. It was to furnish these that Florence Nightingale and her efficient corps of nurses went to the Crimes. It is to supply the crowded wards of the soldiers' hospital, at Broad and Cherry streets, with such humane donations, that a society of ladies, irrespective of church membership, has been forned, and a depot established, at the Bev. Dr. Suddard's (Episcopal) church, corner of Twelfth and Cherry streets.

This society has been in active operation for about This society has been in active operation for about three months, and have, thus far, finished and furnished so many hundred garments for the suffering troops that have been daily arriving at this extensive hospital, that their stock on hand is now well nigh exhausted; and it will, doubtless, be quite sufficient for us to give the assurance to our readers that aid is needed to secure liberal voluntary contributions for an effort that needs ne words of ours to commend it to the warmest sympathics of every lovel heart. loyal heart.

It may be interesting for us to state in this connection It may be necreeting for us to state in this connection that there are now to less than six hundred and fifty soldiers at this hospital—most of whom have little or no means of buying anything—that they are mostly strangers in this city, many of whom bear honorable but frightful life-long wounds. For the information of those destring to give what will be useful, we would suggest that the taken is a content call for under electhic content. that there is a constant call for under-clothing that there is a constant can for under-clothing, soom, frugger or carpet slippers, and other articles of that description, to alleviate the sufferings of the wounded; and that the material, manufactured goods, or money would be equally acceptable. There is also great demand for the one by those recovering from favors, they being blowed by the control of the contro allowed by the attending surgeous, and are exceedingly grateful to the parched palates of the patients. We commend this Central Soldier's Aid Society, with confidence, to the consideration of our readers. It meets on every Friday.

REMOVED .- An order was recently issued by the Mayor, instructing the lieutenants of the different police districts to report at headquarters all poles, signs, &c., that were hung in a dangerous condition. This order has had the effect of removing two large liberty-poles, one on Third street, below Green, and the other at Kinth and Green streets, both of which were much decayed, and in danger of falling. A PATRIOTIC THIEF .- A few Tights since, an oil painting of General McClellan was stolen from the Volunteer R-freshment Saloon. The painting

was recently donated to the saloon, and it was highly prized by the committee as a perfect likeness of our young and gallant Commander in chief, as well as for its ornan ental feature to the saleon. MILITARY.—Captain H. A. Read. of the Ninety-ninth Regiment, Pennsylvania Volunteers, has been promoted to major in said regiment; also, Lieut. A. H. Sayder, of the same regiment, has been promoted to captain. Major Read and Captain Sayder are both

BEQUEST TO THE PROTESTANT EPIS.

INDICATIONS OF WARM WEATHER .-A day or two since several flocks of wild geese passed over the city in a northern direction. The presence of these fowls indicates that the winter has passed, and they are now returning to the great lakes at the North, where Robbery.—Two lads entered Hains'

jewelry storo, on Bidge avenue, between Fourteenth and Fifteenth streets, on West saday, while the attendant was in a back room, and carried off two gold watches and one silver watch. The young scoundrels were not arrested. ROCK FISH .- A large rock fish, weighing pineteen pounds, was caught, a few days since, at Fairmount. This is the first of that species captured

DIED SUDDENLY .- A German, named Huttner Yachob, a native of Baden-Baden, died suddenly yesterday morning, at Martin Fisher's Inn, in Water street, below Walnut. The coroner held an inquest on

GLUTEN CAPSULES

PURE COD-LIVER OIL TURE COD-LIVER OIL.

The repugnance of most patients to COD-LIVER
OIL, and the inability of many to take it at all, has induced various forms lof disguise for its administration that are familiar to the Medical Profession. Some of them answer in special cases, but more eften the vehicle neutralizes the usual effect of the Oil, proving quite an unpatable and of less therspentic value. The repugnance, nanses, &c., to invalids, induced by disgust of the Oil, is entirely obviated by the use of our OAPSULES.
OD-LIVER OIL CAPSULES have been much used lately in Europe, the experience there of the goodbresults from their use in both hospital and private practice, aside from the naturally suggested advantages, are sufficient to warrant our claiming the virtues we do for them, feeling assured their use will result in benefit and deserved favor. Prepared by

WYETH & BROTHER,

BROWN'S

ESSENCE JAMAICA GINGER,

Manufactured only at FREDELLIOK BROWN'S

DRUG AND CHEMICAL STORE,

Northeast corner of FISTH and ORESTNUT Streets,

PHILADELPHIA.

Attention is called to this valuable remedy which should
be in every family, and for the Army and Navy it is indispensable, curing affections of the stormach and bowels,
and is a certain preventive from the effects of bad water.

OAUTION.—To prevent this valuable Essence from
being counterfeited, a new Steel Engraving, executed at
great cost, will be found on the outside of the wrapper, in
order to guard the purchaser against being imposed upon
by worthless imitations. And sold by all respectable
Druggists in the United States.

ATALECTRICITY PROPERLY AP-Druggists in the United States.
