## CITY ITEMS. Another Large Meeting in Behalf of the audiers.

Another very large and interesting meeting in behalf of the moral, intellectual, and spiritual wants of the sol-diers was held in the First Reformed Butch Church, corner of Seventh and Spring Garden streets, on Sunday vening. The spacious edifice was filled, as of yore, before the congregation worshipping there was rent with internal strife and ecclesiastical rebellion. The services on this occasion were conducted by the Rev. Dr. Fisher, who, we understand, now temporarily occupies the pul pit of that church. The exercises were commenced at 5% o'clock by singing a hymn, reading the Scriptures,

STATEMENT BY MR. SHILLINGSFORD. Before proceeding with the addresses, Mr. Shillings ford, one of the committee of the Young Men's Christian Association, having this movement in charge, made a brief statement, in which he said that they had already circulated in the army over two millions of printed pages, mainly of "Cronwell's Bible," the "Soldier's 'ext-book," and the "Life of Havelock." They had, he said, held, twenty-seven meetings of this character and collected in all some two thousand dollars-In addition to the work of a more literary cha vacter, which the committee are doing, they have also assisted several regiments in procuring chapel-tents, and are now supplying the military hospitals in this city with an average of over eight hundred quarts of milk per treating the sick and wounded, is not supplied by the Soverment. Mr. Ebillingsford also read a letter from Mr. G. P. Watson, chaplain to the Twelfth Indiana Regiment, dated Winchester, March 14, 1862, in which the strongest testimony was borne to the practical utility

of this movement among the soldiers in the army. ADDRESS BY REV DR PATTON The first speaker of the evening was the Rev. John Patton, D. D., of this city He opened with a patriotic allusion to Maryland, his native State. He thought it was eminently proper to devote a part of this day to the spiritual wants of the mea composing our great army. was eminently proper to devote a part of this any to the spiritual wants of the mea composing our great army. In a military sense, he had no doubt that soldiers were all the hetter for being mere machines of obedience, and yet, as Christians, it should not be overlooked that those men owed a higher loyalty to the King of Kings, for the discharge of which they must be fed with religious knowledge. Hence, the object of this meeting was most laudable. It tended to soothe and mollify the severity to which our brave soldiers were exposed. Especially was this true of those who have exposed a desire for this spiritual aliment. Supplying those men with good reading matter would act only relieve the tediousness of many an hour, but it would save them from yielding to many a temptation. Bosides, by sending these tokens of regard to the soldiers, they would be sustained by the assurance that they are remothered at home. On! how it nourished the courage of a man in battle to know that there were friends at home praying for his satery!

Our country, with the best Government in the world, was imperilled. True, we had had some brilliant victories, yet it was a mistake to suppose that the end was attained. No, the Young Men's Christian Association, having this humane work in charge, must expect to labor on for some time to come if they would attain the end of their mission among the soldiers engaged in this righteous contest.

At the close of Dr. Pation's there was an

At the close of Dr. Patton's there was an ADDRESS BY THE REV. JOHN CHAMBERS. r. Chambers opened by saying that there were many calamities in this world, and among the chief of these was var. There was but one that exceeded it, and that was the calamity of intemperance, because the latter was the chamity of intemperance, because the latter was endless in its duration. But that war was a calamity, withering and destructive, we all knew, and the saddest and, he had almost said, most uncomperable of all wars was a ciril war. A statistical account of the army of the United States, he said, disclosed the disgraceful fact that ameng the 600,000 men composing it, there were but 30,000 professing Christianity, leaving 670,000 to go forth in our country's defence to face death, without the slightest particle of preparation for their fate. He did not know, but he supposed that in the rebel army the disproportion was equally great. The Church should turn pale as the looked at this fact, and the ministers of God should blush as they looked at it. This, at least, was one reason why an effort ought to be made to bring our soldiers to God. They were, of all others, most exposed to temptations, and, unless assisted, they cound not withstand the tide flowing in upon them. It fidelity, he said, would take advantage of the laxify exhibited by the foregoing statistics, and they ought, therefore, to be counteracted by spreading the Gospel.

He hated the word battle field, and he would to God that he could blot it out torever, but he could not, and he would therefore do what he could to mitigate its horrors. was endless in its duration. But that war was a ca-

Another reason why the Gospei should be given to the sol liers was, that it might make them true patriots. Patriotism, as he understood it, was to "render to Gasar things that are Gasar's, and to God the things that are Gasar's, and to God the things that are God's;" and he would not give a rush for ten thousand patriors who did not act out, to the letter and spirit, the Constitution under which we live. Jesus Christ, he said, had been the embodiment of a true patriot.

It was an honor to Philadelphia that her churches has given some two those and dollars towards this cause. He knew that this amount sounded small when compared with the millions that are given freely to carry on the 2007; but, then, it was an admitted fact, that it cost much more to kill people than it did to make them happy—10 dann them than ito save them.

For example, no man was taxed for the church, or the em. ed for the church, or the be are reample, no man was taxed for the church, or the brayer meeting, beycad voluntary contributions, and yet every man that was worth a deltar was taxed to sustain rum shops and gambling hells. He would not, therefore, beg those who heard him for contributions; that would be an insult to their Christian character. REMARKS BY A RETURNED PRISONER.

fter the collection was taken up, a statement was ande, in unpretending English, by a Mr. Zane, recently returned from Richmond, where he was a prisoner since returned from Richmond, where he was a prisoner since the Ball's Bluff masser, on the 21st of October. The goldier, though in the rough exterior of a private soldier, and evidently feeling as much trepidation in facing a large andience from the pulpit of a church, as the could well experience in confronting rebel artillery, showed that a cann may carry a warm Ornisian heart into the camps. He epoke feelingly of his brave colonel (Baker) whose fall he witnessed, and seemed overwhelmed with gratitude to God at his own estaps and safe return to his friends in this city. He will leave to rejoin his regiment in a few days. A CONCERT IN AID OF THE SICK AND

WOUNDED SOLDIERS .- Persons seeking amusement at this time should not forget to make it serve the purposes of patriotism as much as possible. This can be done by giving a liberal support to the various enterand wounded soldiers now lying in the hospitals of this city. This (Tuesday) evening, at Musical Fund Hall, a concert is to be given in this behalf, by the Harmonia Musical Society, under the auspices of the Young Men's Christian Association—an organization, by the way, which has won for itself the highest praise by its welltimed and practical efforts, of a humane and Christian character, since the outbreak of the rebellion. As the entertainment this evening will be one of first-class merit as a performance, we bespeak for it a decided A PUBLIC DRILL BY PROFESSOR SAUNDERS

CAPETS.-From an advertisement elsewhere, it will be seen that a drill of the pattalion of Saunders' Cadets complimentary to their military instructor, Major G. Eckendorff, will take place on Thursday evening, April "battelion" of youth, we have never seen, and the " drill" is sure to attract a large house. PURE LIQUORS FOR MEDICINAL PURPOSES .-Mr. C. H. Mattson, dealer in fine groceries, Arch and

Temh streets, has constantly on hand, for the accommodation of his patrons and the public in general, a line of genuine liquors, of undoubted purity, such as can be cused with safety and advantage by invalids. It is a real eccommodation to know where a pure article of Brandy or Wines of different kinds, can be had, and it is with this view that we have taken the liberty of directing our RICHMOND CORNERED .- It is highly probable

Union troops, and that the traitor Government is in a tight place. We may soon look for a "big thing" on Jeff, and Secession may be considered as about played out. In the course of a few months the leading rebels will have been hanged, things will resume their wonted course, and the loyal people of the South will enjoy the high privilege of again crossing Mason and Dixon's line unquestioned, and of coming to Philadelphia, where they can buy elegant and comfortable suits, at the Brown tone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth. So mote it be.

FRANKLIN said a Bible and a newspaper in and appreciated as they merit-are the principal support of vir ue, morality, and civil liberty. We might add that it is also highly necessary that each district should be provided with a first-class Clothing Emporium, such as that of Granville Stokes. No. 609 Chestnut street. where the cheapest and finest garments in the country

THE "BULLET-PROOF" VEST .- We would call the attention of our officers and soldiers to a simple, but very important invention. The Bullet-Proof Vest is, in appearance, precisely the same as the regular mili-tary vest, but between the cloth and the lining are fitted plates of light cast steel, with edges lapping, and so fashioned as to perfectly fit the body, and is supported from the shoulders by steel springs, sufficient to resist the blow of the heaviest sabre. Its merits may be briefly stated thus: First-It is within the means of every soldier

Second-It is impossible to pierce it with sword or twenty-five rods, and ride balls at thirty-eight rods. Third—It is light, weighing but 3% to 5 pounds, and does not impede action in the most violent exercise. Call and see this desirable and ingenious article, a Charles Stokes' Clothing Store, under the Continental Hotel, Chestnut street, below Ninth.

Apl-tf A NOTHER WONDERFUL CURE OF INFLAMMATION OF THE LUNGS, performed by Prof. C. H. BOLLES, 1220 WALNUT READ THE FOLLOWING:

READ THE FOLLOWING:

I have been a great sufferer for more than twelve years, which was contracted from a disease I took in California gold mines, by great exposure to cold by working in the water; nearly lost my life from inflammation of the lungs; had several attacks. After I returned to this city I had several pulmonary attacks have, aome of acuta inflammation upon the lungs; was treated by the most eminent medical men, but the cause of my difficulty remained unmoved. No medical man has been able to do me any permanent good by medical treatment. About three weeks ago I had a most severe attack of inflammation upon the lungs; my sufferings were indescribable. I resorted to medical treatment, which seemed to be unavailing, and I seemed rapidly sinking into the arms of death; when I chanced to see J. J. Bailey, 219 Market street, who had been cured by Prof. Bolles, of 1220 Walnut street. Mr. Bailey advised me to see Prof. B. at once, which I did, and in ten minutes (as strange as it may appear) I was perfectly free of my sufferings. At the time Prof. B. treated me I was suffering with the most severe spasmodic cough, without any expectoramost severe spasmodic cough, without any expectora-tion. It seemed I could not live an hour. He has treated me four times since, and I am perfectly relieved. This cure to me is still a wonder of wonders. No shocks given; Il was pleasant and agreeable.

I would cheerfully invite all of the sick to avail themselves of this new practice. I shall ever feel thankful to Mr. J. J. Bailey for informing me where I c JUDAH LEVY, 814 South Fourth street, Phila. an1-3t\* CARD . - MR. EDITOR: Having A CAKD. — BLE. Brast the result of my successful practice in Western New York, previous to Tabali miblish occasionally sem

my arrival in this city, I shall publish occasionally sems of them, in connection with others I have also taken in Philadelphia. The following is from Colonel L. C. Julnerly district attorney, for eleven years, in this A. H. STEVENS, Electropathic Physician, No. 1418 South PENN SQUARE, Phila.

Dr. A. H. STRVENS—DEAR SIR: I deem it a duty I owe you, and those who are suffering from disease, to state that under your treatment, by ELECTRICITY, for only a lew days, I found great relief from a complication of affictions. Among them was the GRAYELL with which I suffered over thirty years, and for several months provious to my first visit to your office was obliged to use a catheter. The very first treatment relieved me from its further use; the second and third dissolved the gravel, and restored the urhary functions to a healthy state. I had also suffered very much from Piles, of which I was entirely relieved. My wife had suffered much from a throat disease, of which she was also cured under your treatment. I am fully convinced that Electricity, in the various new ways you apply it, is destined to effect a great revolution in the cure of disease, and triumph over all other systems of cure now in use.

Youre, truly,
