AN INTERESTING SUIT.—Yesterday, in the District Court, Judge Sharswood, the case of Mills vs The Fire Association was bronght up. This is an action on a policy of insurance, to recover for a loss sustained by the destruction of the stable, omnibutes, and stock of the plaintif, in West Philadelphia, some years ago. The plaintiff was the owner of the Ohestnut-street ine of omnibures running to West Philadelphia, and the gtables destroyed were situate on Mill street. Thefire occurred in the night, and not only were the runnibuses hurnad, but sloss darge quantity of grain and many of the horses. The defence is, that before the fire occurred, the property had been levied on by the sheriff under an execution, and a clause in the policy provided that in such event it should cease and become void. In reply to this, the plaintiff assorts that before the fiver, be keel state of a slause for the bone for a bus contend that this assignment was not a bona fide one. F. C. Howard Hospital. — The managers of the Howard Hospital and Infirmary for incurables, in Lombard strict, shows Fifteenth, report their receipts during the past year as %1,800 %6, while their expendi-tures were \$1,215 18, leaving a balance of \$37.20 in the treasury. 3,735 cases were treated in the same time, which is an increase of 60 per cent. on the previous year. In addition to the above patients, others outside of the in-stitution have received relief from it. Of the patients at the hospital there were 1,398 males, 2,337 females; 2,423 adults, and 1,512 children. Of these, but little more than one-third were Americans. One hundred and eleven surgicel operations were performed, and 9,843 prescrip-tions dispensed. There still remains on the hospital building and its grounds a debt of \$3,325, which the managers are desirous of clearing, and with this view they make an earnest appeal to a benevolent public to aid them in their charitable enterprise. ACTION TO RECOVER DAMAGES.-Yes-AUTION TO INFOUVER DAMAGES.—I (SF ferday, in the District Court, a case to recover damages for injuries sustained by reason of an assault and bat-tery was tried. It appears that the defendant was the owner of a spaniel, that one day bit at the plaintiff, for which the dog received a severe kicking. Defendant not relishing the treatment his dog had received, committed the assault and battery on the plaintiff, it is alleged, by knocking bim down, and kicking bim to such an extent that be was confined to his house for some weeks. Lucas Hints appeared for plaintiff, and Longhead for defendant.

THE NEW MILL-HOUSE.-It is esti-THE NEW MILL-HOUSE.—It is esti-mated that the additional pumps to be erected at the new mill house, Fairmount, will more than double the supply from that place. The mean pumping capacity of the six pumps will be 16,000,000 gallons per day, 4,000,000 gal-tons greater than the capacity of the nine pumps in the old mill-house. When these new pumps are in opera-tion, most of the sceam engines can be stypped for the greater part of the year, thus effecting a saving in the expenses of coal, oil, attendance, &c., much greater than the interest of the entire cost of the new mill-house and machinery.
