A SCENE IN THE COURT OF QUARTER **BESSIONS.**—Vesterday morning, we have officers of the court-room were eccorring the prisoners into the court-room of the Quarter Sessions, a couple of persons who were wilnesses in certain cases were accidentally accommodated with scats in the dock. The witnesses were, of course, ignorant of the mistake, and were doubtless graticourse, ignorant of the mistake, and were doubtless grati-ged at the kind attention evinced by the officer to accom-modate them with a first-lass place, where they could see and be geen. Presently a couple of genuine crimi-nals were placed along side of them. The strangers moved to the other end of the dck data array of moiter brothers and sisters spread along the front of the dock. On counting the prisoners the officers found two too many. The mistake being discovered, the strangers tounded upen learning that they had been placed in the criminal dock.

INTERESTING TO INSURANCE COMPA-INTERESTING TO INSCRANCE COMPA-NIES.—In the case of the Commonwealth vs. Berger & Butz, the question raised was as to the construction of the plicy, which stipulates that the policy should case at and from the time that the property thoreby insured should "be levied on or taken into possession or cu tody under any proceeding in law or equity." The court seys that the phrases. "Levied on" and "taken into possession or custody" have the same meaning. The latter defines the firmer.

our citizens. Our women are more bitter than the men, and our children are taught to hate the North in church, in school, and at the fireside. Our city still presents a sullen, silent front; it will take as lorg a time to root treason out of Nashville as it did the household sins of Egypt out of Israel. "Had I my way, I would confiscate the pro-perty of all traitors, work the slaves three or four years under everseers, on the land of their masters, sell the crop thus raised, and pay the war debt; this would save the people from taxation. The fifth year's cropgive to the slaves, and send them to Texas or elsewhere, give them a Government, buy up the elaves of the loyal men, and let them be sent to their brethren. The land confiscated I would di-vide smong the soldiers of the North and the wi-dows and orphans of those deluded poor men of worth." SINGULAR ESCAPE. — The escape of Col. Smalley, of Vermont, on the occasion of the recent skirmish at Yorktown, was truly wonderful. A rebel shot went within a few inches of his head, and the concursion was so great that the blood spirted out from both of Col. S.'s ears.

This will insure an industrieus, worthy, patriotic people for the South: One man will make one bale of cotton, others ten;

your spindles and looms will be kept running by freemen, and slavery will cease forever, as it should do. Slavery is a curse, a crime, a mildew, and must end, or war will blast our fair heritage for all time to come.

On the other hand, the Nashville Union says that Governor Johnson's office is thronged with Sc-cession men and women from the city and adjacent country, earnestly interceding for their sons, who

have been or are now in the rebel army, and expressing the utmost willingness, and even anxiety, to take the oath of allegiance to the good old Go-vernment, and faithfully discharge the duties of law abiding and loyal citizens. Also, that " a large number of native Tennesseans, men of intelligence, character, and influence," have applied to Governor Johnson for authority to raise troops for the Union army, assuring him that more native Tennesseans will volunteer for the Federal than ever got into the rebel army. The Union, declares that "the work of restoration progresses most cheeringly."
