M sy 17] We have been intending for some days to notice a very remerically movement of certain Democratic Congress-men, well known as allies and sympathizers with Breck-ioridize, Cobb, Floyd, and Humphrey Marshall. A meeting was held the other day by these o'd party backs, whose to culations are a vbattred and solid as an old harhet's, and addresses sent forth to the people of the Unived Statos. This formidable isronundiamenty, after circulating five or six weeks, got just thirteen signatures f "W. A. Blobardson, of Illitois; A. L. Knapp, of Illinois; John Law, of Indians; D. W. Yorhees, of Indiana; W. Allen, of Ohio; Georse H. Pendleton, of Ohio; James R. Morris, of Uk'o; C. L. Vallandigham, of Ohio; James R. Morris, of Uk'o; C. L. Vallandigham, of Ohio; James R. Morris, of Uk'o; J. C. Vallandigham, of Pennsylvania; George K. Shiel, of Oregon." Inavoidable absencer, we presume, on public business prevented the names of Howell Uobb, Jofferson Davis, Jesse D. Bright, Humphrey Marshall, Gustavus A. Henry, Wigfail, and Neill Brown, from adding their lustre to this newly-risen galaxy of pathols. So much for the suthorchip of this address. And now let us see what are its positions. The first proposition is con-ceived in the very spirit of selfash intolerance as far re-noved frum patholism and genuine Democratic foiling as anything that can be imagined. Barnunan *neputican*, that "SLAYERY"—and: Demo-cracy, mark you, or the right man to rule himself—but "slavery is the *chief corner-slone* of our Government. The ideas of the framers of the *w*d Federal Constitution were fundomentally wrong." In these declarations of the leaders of the rebellion, which we are obliged to cup short for want of space—for thisy could be extended inde finitely—we find the true cause of this hellish rebellion. It was enmity to free Government. It was a determination on the part of an aristoratic clique not to submit to the p ople, and be controlled by an "ig-porant majority," as we hered Joho O. Brecklaridge say, at Hopkinsville, Kentucky, in the summer of 1861. As a forther proof of this, the Democratic party was hope-lessly split at Ballimer a year before Lincola came into power, and split by the very men who issue this ed-dress. It is also to he remarket that on the advent of Mr. Lincoln to the Presidency, the House of Beressnita-tives, Senate and Sapreme Court wave in the hands of the Democratic party. Why, then, did the cotton wing fly off and set up a new Confederacy? The Nerthern Douglas Percercacy would not be controlled by the inso-lent Buchanan Democracy, and so a distruption took parce. But this address of the inglorious in tree goes on to glorify the Buch anan-Cotton Democracy in this grandiloquent maaneer: " It is the only party canable of energing on a war: it te

randiloquent manner: • It is the only party capable of carrying on a war; it is ⁴⁴ It is the only party cupable of carrying on a war; it is the only party which has ever conducted a war to a suc-cosful issue, and the only party which has done it with-out abuse of power, without molestation to the rights of any class of citizenr, and with due regard to economy. All this it has done; all this, if need ue, it is able to do again. Its success, there, in a military point of view ha required, the Democratic party alone can command it." It then proceeds to ray that its restoration (that is, of themselves and company, to power is demanded by the following consideration:

themselves and company,) to power is demanded by the following consideration: - acchonic and honesty in the public excenditures, now at the rate of four millions of dollars a day, demand it." Such economy for instance as that of Buchanava Se-cretary of Wer; John B. Flayd, that maragon of virtue, and such bonesty as that of Isham G. Harris.

We have our own explained as to the real origin of this dammable attempt. The Southern rebel leaders are at the bottom of it. Nothing is more certain than this to our mitda. The cliefs of the rebellon see that their work is about to prove a disastrous folloure, and so they send word to this effect to their Northern allies : "Give us two or three free Slates to vote for our men, and we will bli g tack the Cotton States in solid phylanax, and held the offices together as before." This is certainly the programme. Will the people see it porformed? Condition of Affairs at Mobile.

The following official report of the evacuation of Pansecola, and the state of affairs at Mobile, has been re-ceived at the Navy Department from Com. Porter: U. F. STRANER HARRIET LINE, }

G. F. STRAMEN HARRET LINE, PERSACOLA, May 10, 1862 SIR: On the 7th inst. I left bbip Island, with the steamers belonging to the mortar flottilla and the Sachem, for Mobile Bar, for the purpose of fixing on a place for the mortar vessels to lie, and to plant bnoys for the ships to run is by when they should arrive. Great excitement set m(d) to exist within the forte on the npoerance of our steumers. I have reason to think that Fort Gains was evenneted, and some were of couring that the troops were evacuated, and some were of opinion that the troops were leaving Fort Morgan, but I think that they were rein-

Oue of our steamers, the Olfton, got ashore under the gons of Fort Morgan, which opened fire on her, and when they had got her range brautfolly, and were throw-ing the shot over, they stopped firize. Lieutenant Com-mending Beldwin werd to work coolly, and got his vessel off just as I cent him assistance, and while I had to cover him from Communider Randolpi's gunboats, which were contemplating an attack on him. Thinking better of it, the Commodore went up to Mobile. I ha weather being bad, I sent the steamers back to Ship I latd, and said unyself to reliave Lioutenant Com-manding F biger, while he went to ship I latad to coal. I cruised that night in abore to the eastward in hopes of placking up some vessel trying to run the blockade.

It cruised that night in shore to the eastward in hopes of picking up some vessel trying to ran the blockade. At 2 A. I found all the above-mentioned places burning fiercely, and mostly in ashes, Willout communicating with the fort. I proceeded to the town of Pensacola where i found that General Arnold had already sont Captain Jackson, of the army, in the scioner. Wood, for call upon the town to surrender. and the receipt for the letter, it was apparent on its face, had been altered from the 10th to the 17th. It was also proved that a letter was not usually advortised twice by the post office, and it was contended that it would not have been cone in this case had not the letter been re-turned by the party to whom it was first delivered in whethe

turned by the party to whom it was first delivered in mistake. Judge Gadwalader in charging the jury said that it struck him that there had been a great lack of investiga-tion of this case in the Post Office Department. Under the law in relation to registored latters and the custom of the post office in delivering them, it was almost impossi-ble that a registered late should be delivered to an un-known person without the clerk who delivered it having some exact recolection of what accurred at the time. It did not appear, curtainly, from the evidence that the clerk who delivered the letter to the origoner had been ex-amined at all, and this lack of proof was a circunstance in fayor 4 the defendant. The judge also stated that he was confident a further investigation would dovelop something more certainly in relation to the matter. The date of the receipt had not been explained at all, or at-tempted to be explained. The jury retired, and in a few minutes roturned a varifiet of vot guilty. Assistant U. S. District Altorney appeared for the Government; J. Alexander Simpson for defandant. President, W. T. KERR, in the chair.

THE CEREMONY OF "TAKING THE VEIL."—The ceremony of "taking the veil" was per-formed yesterday morning in the Catholic Church of the Assumption, in Sping Garden street, nest Twolfth. The postulants were Miss Eliza Dowling, to be known in religion as Sistor Gertrude Xavier, and Miss M. O'Reilly, to be Sister Veronica. The services incident to the oc-casion were conducted by Yery Rev. Dr. O'Hara, in the absence of Bishop Wood, assisted by Revs. J. P. Duan; M. A. Weleb, H. Wright, and P. Toner. Before the oremony commenced, Dr. O'Hara delivered a short ad-dress, in which he explained the nature of the evant, and useful nature of the profession of a Sister, and con-trasted it. "At the conclusion of the mass, the Sisters, dressed in white and rid, with a lighted candle, approached tho sitar, and pronounced with distinct voices the vow of "poverir, chastiry, and obelience." They then re-ceived the bleck rell—the omblem of the professed Sis-tr of Mercy—from the hands of the colebrant. The edifices contained a large number of the personal friends of the Sisters, and annuber of the personal friends of the Sisters. Ar other batch of sick and wounded soldiers, 695 in number, have arrived in the city, and were principally taken to the United States Hospital, at Broad and Cherry streets. They had been participants in the battle of Williamsburg. They had been participants in the dathe of Williambourk. There not being ample accommodations at the Hospital, 300 were transferred to the Refrestment Saloon Commit-tees, yesterday, prior to their distribution in the various army hospitals. The majority of the mgn aro from the States of New York, Bholio Island, Massachusette, and Indiana-very few, comparatively, are from this State. There are no New Jersey or Delaware troops among them.
