Resolved, That the Board of Managers be requested also to correspond with the delegates of the late Convention, and with the leading Sabbath-school friends in counties not so represented, with the view of obtaining retiable statistical information in reference to the Sabbath-school interest throughout the State, to be laid before the Convention to be called together in the spring of 1863

1863
Resolved, That this association hereby earnestly request elergymen, superintendents, teachers, and other friends of Sabbath-schools throughout the State to furnish statistical and other information in reference to Sabbath-schools in their respective counties; such information to be communicated to A Martin, General Superintendent of the Philadelphia Sabbath School Association, No. 1122 Chesiaut street.

association at its stated monthly meetings the result of
their inquiries and correspondence touching the points
embraced in the foregoing resolutions.

In the course of the discussion which ensued the objects

of the recent State Sabbath School Convention were fully

reviewed by gentlemen from various parts of the State. By some of the speakers it was urged as a matter of the

utmost importance that measures be taken for obtaining complete statistics of the Sabbath-school field in the

State, in order that places now destitute might be known and properly cared for:

The Bev. Wesley Kenney favored the statistics idea.

They were, he said, a matter of necessity to pastors, su-

perintendents, and Salbath school teachers.

The Rev. Mr. Cornell thought that the most direct

mode to accomplish the object aimed at, would be to dopt a resolution declaring the willingness of the

ard of Managers of this association to cary out, in

letter and spirit, the resolutions adopted by the late

vention. his suggestion was negatived by the meeting; and,

a protracted debate, the resolutions, as reported
