required standard by merely examining a few garments. Such men us these are the ones who are loud in their deronciations and crise against the department, and in all cases it has been found that those who are themselves remiss in the discharge of their daties are the first to accuse others of doing wrong. These charges of fraud always come from discharged employees, who make false statements to others, and so the matter spreads. Colmet Orosman will not know of a wrong in his department without applying the cure. Unfortunately, heat the first had these around him who studied not the interests of the Gevernment, but looked to themselves, and thus were the cause of great annoyance Material changes are constantly taking place, all for the better, and soon none but gentlemen of well-known ability and integ ity will hold positions in the department dependentions and cries against the department, and in

## A True Border-State Man.

The following short and expressive speech of Hon. Kellian V. Whaley, Representative in Congress from Virginia, shows that he is a true patriot, and a fearless advocate of President Lincoln's

bit itiot, and a fearless advocate of President Lincoln's policy: Mr. WHALEY. Mr. Speaker, the feeble state of my health and strength will not permit me to induge in any lengthy itmarks, but I am desirous of replying to a question which it c gentleman from Massachusetta (Mr. Train) put to my co league, (Mr. Brown,) and that was, why dud Virginia teecede from the Union whee Union meen had a large majority in the Onvention which passed the ordinance of Secession 1 That question is fully asswered by asying, that three thousand Suttiern ruffians and cut threats, from South Oarolina and Georgia, surrounded that Goavention, and by brute force compelied the doption of the ordinance. In short, Virginia was mobbed out of the Union. I have seen and coversed with many of the men who voted for that ordinance, and who like from the State immelled, to save their lives, to vote for the ordinance. They only lucked moral courage. That is the way in which Virginia was voted out of the Union. After they were mobbed out of the union, the people of Western Virginia streyed themselves in opposition to that act, and we found that we had many friends to support us in our neighbors, Ohlo and other States. We appealed to the yeapies work of the lowal states, and Massachusetts, responding to cur call, loaned us two theasand stand of arms. That was our rallying point, and heare than of other States. We appealed to the yeapies would extend the second state, and Massachusetts, responding to cur call, loaned us two theasand stand of arms. That was our rallying point, and heare the where when why the people of Western Yirginia such sectar the people of Western Yirginia such sectar the mossace? Surrounded where we can be address and Massachusetts, we appealed to the sourd their raive builts and heare the state of the which they are entitled for their pairtoism and loyatity to the Government. The genetic and Kontucky neutralits on one side, and by a violent, murderous, and their throat case is any orassorable many friends to they or the stat policy :

the the attack was had upon him by the holes, was entirely guilt.ess of any offecce, having given no provo-cation whatever to any person." The funeral of. Mr. Berry took place or Sunday after-noon, and attracted a large concourse of people to the neighborhood of bits late residence, on Greenwich street, near Second. The funeral was attended by Integrity Lodge, No. 187. A. Y. M.; Templar Lodge, 258, I. O. of O. F.; Mount Zion Bracanpment, No. 29, I. O. of O. F.; the Sinflier Hose Company, and a large number of rela-tives and friends of decessed. The different societies ware out in very large numbers, the funeral cortege reaching reveral squares in length. The interment took place at the Lafayette Burini Ground, corner ef Tenth und Fede-rul streets.

UNION CANAL COMPANY -Yesterday THE CONTESTED-ELECTION CASE FOR ULERK OF THE ORPHANS' COURT.-DECREE IN FAVOR OF MB. STEVENSON.-Yesterday moranorning a general meeting of the stockholders of th Union Canal Company, and the bondholders now secure ing, in the Common Pleas, before Julgee Thompson, Allison, and Ludlow, the contested election, case, for Olerk of the Orphans'. Contra-Tevenson vs. Lawrenco-was called up by Mr. Brewster shortly after the opening bind ound company, and the bootdouts and active by the first morigage, dated 23d of April, 1853, was held at the Board of Trade, rooms, to consider an act of As sembly passed at the last session for the relief of th

f the court. Judge Allison stated that he would like all the evidence that had been submitted previous to his being culled on to si in the case to be again off red, so that the record should answer clear. about a prear clear. This was assumed to. Mr. Brewster the offered the return of the Board of Return Judges, showing that at the eleciton in October hast. cient to overcome Mr. S.evenson's majority or the city vote. Mg. Hirst admitted that the votes enumerated in the army vote were not cast in the city. The contestant then closed his case. Mr. Caseday then addressed the court for the defendant as follows:

The contestant having closed his case, it remains for

as follows: The contestant having closed his case, it remains for the respondent to state the course which he has de-termined to pursue. The recent decision of the Supreme Court, and the patriotic impulse which has withdrawn so many of our fellow-citizens from their homes, enable the contestant to impeach the return which declares Mr. Lawrence to be duly elected to the office in controversy in this case. The contestants insist that the choice of the qualified electors of the county of Philadelphia shall be disro-graided, hecause the votes of thousands of these electors were cast in the tented fields of Maryland and Virginia, and not in the precinct houses of the countr of Phila-delphila. The petitioners ask that the candidate of the minority shall be preferred to the, candidate of the ma-jority; and as the case now stands, the court must accede to biarequest. There is, indeed, left to Mr. Lawrence the re-course of proving that a majority of the votes d-posited here in the city were in hisfavor, and his firm belief that his attempt to do this would expess many frunds upon the build toox, encourages bin to make the trial; but he can-not conceal from hims if that the length of time which has elempted since the day of election, his want of prepar-tion, reculting from bis reliance upon the legality of the vote of the volunteers, and his wint of means, unfit bind for the enerous task of overcoming a pretended majority of some eight hundred—s task which, whatover might be its final result, must practically innue to the benefit of the present incumbent of the office, to kots on the submit to a decree which will give the office to Mr. Esvenasoa, but cannot deprive Mr. Lawrence of the satisfaction of believing himsef to be the choice of a majority of his fel-low-citizens Before closing my remarks, it is proper to add, insa-

believing numeer to be the choice of a majority of ins fel-low-citizers. Before closing my remarks, it is proper to add, inas-much as at least one of the counsel in the case is also in . the sheriff's case, that we do not consider this case in any way analogous to that case, and not to be considered as indicating the course to be pursued in that matter. In the sheriff's care the majority is small. The answer is ready, and will disclose such a state of facts as, not-withstanding the rejection of the vote of the volunteers, will show that Mr. Ewing, the present incumbent, is en-titled by the vote c-set in the city, to retain the softer. This much is due to that worthy gentleman and excellent officer, who, under no circumstances, would consent to

tilled by the vote cast in the city, to retain file office. This much is due to that worthy genlieman and excellent officer, who, mader no circumstances, would consent to hold the place if these fasts did not convince him that hy was not couly the choice of his follow-citzens, but of a majority of those that, under the receat decision, are alone to be considered as legal voters. On the conclusion of Mr. Cassidy's remarks, Mr. Brewster submitted a decree to the court, which, after correction in some respects, was adopted by the court, and entered as its decree. It is as follows: "In the matter of the contested election of Albert Lawrence, for the office of Clerk of the Orphane' dourt of Philad lphia county. "In the Coort of Common Pleas in and for the city and county of Philadelphia. And now, to wit: June 9, 1862, this cause having been heard upon the evidence, having been argued by coussel, and fully considered by the court, it appearing to the court that, at the election for raid county, held on the second Tuesday of October, 1861, William C. Stavenson received for the office of Cl rk of the Orphane' Court of the county of Philadel-phia a majority of khe legal votes given for raid effice, the army vote being excluded, and was consequently duly elected to the same. The court, therefore, do de-termize and adjudge that the south of suid dus-tested election for the staff william O. Slevenson var, at the election aforesaid, duly elected to the office of Clerk of the Orphane' Court for the county of Philadel-phia; and further adjudge that the coats of suid con-tested election be paid by the county of Philadelphia." Mr. Reward C. Knight was then approved as security for Mr. Stevenson in the sum of S10,000. The contested-election case for the office of sheriff now runnins to be dipored of. A MYSTERIOUS AFFAIR — Yesterday morning Dr. Silas Updegrove. coroner's phys.cian, made a pest-mortem examination of the body of the white fe-male child which was found in the Delaware at Spruce street. He says that the wound on the head was not suf-ficient to cause death. The romains were found perfect-ly round, which would not have been the case if they had heen in the water for a day or two. The option of the physician is, that the child had been thrown into the water after having been injured. The option of the physician is, that seen the out of the option will be held this morning at eleven o'clock. The body, which was removed to a honse at Twelfth and Brown streets for identification, was viewed by a large number of persons yesterday, none of whom could recognize it.

LAYING OF A CORNER-STONE.—Yes-terday afternoon the corner-stone of the North Bro ad-street Presbyterian Ohnroh, at Broad and Green, was laid with the usual ceremonies. Bey.-E. Arams, psetor of the church, opened the exercises by reading the 512th hymn, commencing, "Lord of hoets's to Thee we ruise." After which the Bey. Mr. McLeod delivered a short but eloquent and affecting prayer, asking the blessing of God on the work they were about to commence. The Rey. Mr. Adams then gave a history of the rise and progress of the church. It was first organized on the 10th day of April, '50, and soon after received per-mission from the Synod to form a separate church. Af-tor worshipping in Broadway Hall for some time, a com-mittee was appointed to select a site for a church. This was obtained, but the breaking out of the war put a stop to all operations for the time, and it was not ualil the lath of May, of the present year, that the ground was broken. The church now numbers 174 members, and has 250 children attending its stunday-shol. The corner-stone was then laid, and a leaden box, on-closing various articles, was placed in a raccess cut for it in the stone, which was closed by a slab of marble; and the creemony was finished. The following is a list of the articles enclosed in the stone, as read by the pastor: The flag of our country; copy of the New Testament, Church PasImist, Confession of Faith, Shorter Cate-chiem, Soldiers' Friend, several copies of semons by eminent divines, and of religious newspapers; full set of coins of 1868, taken fresh from the Mint; copies of the city dallies, and a photograph of Rey. E. Adams. After a short address from the Rey. Dr. Darling, the assemblege, which was quite large, dispersed. Surgeons and physicians seeking faformation in regard to the public service, or visiting to volunteer in emer-gencies, will apply at this office All persons having business with the Commission will apply in person to the Superintendent in charge, between 8 A. M. and 11 P. M. The Executive Committee of the Sanitary Commission will usually meet at the office, be-tween 8 and 4 P. M. duily. The expenses of the Commission are very heavy. The present month has cost it not less than \$22,000, mostly in the purchase of hospital supplies for the army in Vir-ginies and the Southwest. It is believed that this expen-diture has saved a thousand lives, at least, in Virginia alone.

MORE WOUNDED TO ARRIVE.—Dr. Caleb W. Hornor, surgeon, is charge of Wood-street United States Army Hospital, was ordered, on Saturday, to take command of the steamer Whillin, and to pro-ceed to Fortress Mource, and from thence, if necessary, to the Chickahominy, and bring up the wounded. The steamer Whildlin was used recently by the state authorities for bringing up the wounded. She has been transferred to the General Government The brevity of the time allowed for preparations for the trip forced Dr. Hornor to call to bis aid a number of ladies, most of whom are interested in the hospital at twentr-second and Wood strests. These ladies worked all day Sunday in preparing linit, baudages, stores, and other necessary articles, and they filled out their supply from the meagre stores of the hospital speken of. This leaves this institution quite in want of luxuries and ne-cessities, which will be thankfully received. Flamel bandages, wanted. SUPPLIES. The prodigious demand of the set month, during which more than a hundred thousand articles of clothing (be-sides other supplies) have been issued by the Commission to the siek and wounded, in Eye arm of the Potomac alone, (and probably a much larger, amount to the Vest-err and other Departments,) has reduced our stock, and although 686 cases have been received at the Washington depot since April 23d, the demand is much greater than the supply. A special regard to the specified list in this advertise-ment is besought on the part of these aending supplies. To this is to be added a new hear to fue wast-that of east off outer clothing-coats, pantaloons, vests, to clothe soldiers who have bear to solved their uni-forms as to be unable to leave the heapitals on shore without fresh clothing.
