BATHING ROBES for ladies' and gents', at Sloan's, 806 Market street, Philadelphia. Please give me [je28.2(*] John P. Sloan. NOT A BAD SUBSTITUTE. We see by the Richmond papers that substitutes in the rebel army cost-ing from seventeen to twenty five dollars, are very apt to skedaddle on the first opportunity, leaving the party hiring him under the necessity of procuring another for the first roll call. We could suggest a plan, we think, that would be effectual and cheap: Let the party, after being drafted, refuse to go; in the meantime take the money necessary for a substitute, and purchase a complete suit of clothing from Stokes' "one price," under the Continental, and when the officer comes after him he will not know him, neither will his most intimate frien HOW MANY BALLS KILL IN BATTLE .- Marshal Saxe says that to kill a man in battle the man's weight in lead must be expended. At Solferino, the Austrians fired 8,400,000 rounds. The loss of the French and Italians was 2,000 killed and 10 000 wounded. Each man hit cost 720 rounds, and every man killed cost 4,200 ounces. The mean weight of a ball is one ounce : thus we find that it required, on an average, 272 pounds to kill a man. There is also a fatality among certain colors of uniforms worn by the soldiers. In connection with this, we might add that the cheapest and best military or naval garments and summer clothing can be obtained at the mammeth establishment of Granville Stokes, No. 609 Chestnut street, Philadelphia. CELESTIAL WISDOM.—The Chinese have a ourious nomenclature for the different periods of life. To each decade they apply some special designation, thus: the age of 10 is called the opening Degree; 20, Youth Expired; 80, Strength and Marriage; 40, Officially Apt; :50, Error or Knowing; 50, Cycle Closing; 70, Rare Bird of Age; 80, Rusty Visaged; 20, Lelayed; 100, Age's Extremity. They might go further and say 603 and 605 the numbers by the celebrated Brown Stone Clothing Hall of Bockbill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth. MARINE INTELLIGENCE. A CARD TO THE PUBLIC. CONGRESS SPRING WATER DEPOT, 79 CEDAR STREET,

An attempt has been made to deceive the public by persons offering what they call "Congress WATER" rom fountains, and at the price of six (6) cents per glass. New York, being about 71 cents per glass, the impositirn of pretending to sell at retail at less than cost, and without allowance for freight, cartage, or breakage, is apparent; but their probable course has been to empty one bottle of genuine Congress Water into a fountain filled with their trash, and thereby christening its total We have NEVER sold Congress Water in tountains, nor in vessels of any other description than ordinary-sized giass bottles. The cork of every bottle of the genuine is those words and the cork is CONGBESS C. & W. COUNTERFEIT, WATER. CLABK & WHITE, Proprietors of Congress Spring. The following gentlemen are supplied by us regularly
