East Tennessee To the Editor of the Philadelphia Press : Sin: I have two letters of recent date, and from reliable sources, giving me news from East Tennessee, which I desire to place you in possession of, and through you the public generally. The persecutions of the Union men continue, and really increase in severity. The property of all Union men in the Federal States and army was be-

ing sold at auction, including furniture, stock, grain, agricultural implements, &c , no attention being paid to the necessities of their families. The Union citizens and soldiers, who are in the prisons of Salisbury, Tuscaloosa, and Mobile, are dying rapidly from the effects of tainted meat, rotten food, and starvation. The rebel authorities seek to dispose of Union men in this way. The whole country in East Tennessee is filled

with guerilla bands, who are committing all sorts of depredations on Union people, and destroying their property. The Union men in the Federal army, at Cumberland Gap, are breathing threatening and slaughter against the despoilers of their homes, the consumers of their substance, and the murderers of their parents and relatives, and nothing but the direct interference of Providence will prevent them from executing their threats. No military discipline will be sufficiently strong to prevent these men from the indiscriminate slaughter of those Secession leaders and soldiers who have done all this mischief.

One of the letters before me is from a Union officer at Cumberland Gap, and is dated June 27th. It gives this information: "Duncan McCall is just over from Knox county, and reports 8 000 rebel troops at Knoxville, who were going to Atlanta. Georgia, by way of Maryville, distant only sixteen miles from Knoxville. The Secesh citizens had their goods packed up and marked for Atlanta, and were themselves crossing the river at Knoxville. The rebels had arrested Montgomery Thomburg, Lemuel Johnson, Esquire Galbraith, Oliver P. Temple, John Baxter, and others, and sent them to Tuscaloosa. Thomburg and Temple were dead, back. Others were lying at the point of death."

and the remains of the former had been brought Colorel Thomburg was the Commonwealth's attorney, and visited my bedside the night before I was started out of the bogus Confederacy, upon a pass granted him by the commanding officer. When he took leave of me he held me by the hand, and, with tears in his eyes, made this remark: "Brownlow, I am glad you are going out, and I hope you may arrive safe; but God only knows what will become of those of us who remain!" Col. Temple was a good lawyer, in comfortable circumstances, and as noble a man as lived in Tennessee. He was the Bell-Everett Elector for that district, in the late election for President. He

leaves a wife and one child to mourn his loss. He has been my friend through evil and good report. Col. Baxter is a wealthy lawyer, of fine talents, and a citizen of Knoxville. He has been my friend for years, and I sympathize with his wife and ten interesting children. Certainly, nothing short of an old-fashioned orthodox hell will suit as a place. of confinement for the persecutors of these Union W. G. BROWNLOW. men! JULY 9, 1862. Small Change.

To the Editor of The Press: SIR: The scarcity of small money suggets the propriety of some relief from the necessity of buying silver at 8 per cont. and pennies at 3 per cent. premium. In the present dearth of silver change, the dealer is obliged to make a gift to the purchaser of any small amount rather than change a note for him, or the buyer is obliged to decline the purchase if he cannot furnish the change for it. In passenger cars, also, the annoyance is felt, and persons decline to enter a car who have only notes in their pocket. If the city railway lines would combine to furnish tickets that would carry the holder over any road, these would supply in large measure the want of change, and would pass current for small purchases, for every one rides

daily in some car or other. These tickets would be bought freely by the dollar's worth, and persons having them would be more inclined to ride than walk. In the absence of some such arrangement, resort will be probably had to shinplasters, which have always been a greasy curse. No dealer and no buyer can afford to pay the present high rate of silver for their daily

Ice Water at the Hospitals. To the Editor of The Press: SIR: In visiting several of the army hospitals I find one of the most indispensable articles during the summer months missing-namely, ice water. Nearly every sick and wounded soldier remarked that they were almost invariably compelled to drink hydrant water, when thirsty, or go without. Cold water was furnished occusionally, but always in limited quantities. Jellies and other delicacies are very acceptable; but a draught of cold water is far more palatable and invigorating. I hope the matter will receive attention promptly by some one of

the committees, or societies, or proper authorities.

To the Editor of The Press : Sin: We have called out 300,000 men. That these men may be properly officered, and that recruiting may be hastened by the fact being known, I would suggest that the regimental and company officers be furnished from those now in the service. regular or volunteer. Let lieutenant colonels be made colonels of new regiments; captains, majors; lieutenants, captains-making promotions in the ranks accordingly. Very respectfully, &c.,

To the Editor of The Press: DEAR SIR: As small change is very scarce at the present time, and commands a premium, would it not be advisable to use as a substitute for specie city corporation small bills of the denomination of 5, 10, 25, 50, and 75 cents each? It would be of great advantage to the citizens generally, and I think they should be issued at once. Your obedient servant, Experience.

AFTERNOON SESSION-ACQUITTAL OF THE PRISONER. Samuel Stoffer sworn.—I jam connected with the firm of Stoffer & Fields, commission merchants, on Broad street. (A bill shown.) That bill is in my bandwriting; it is for a hog; the name is often left blank in the hurry of the sale; we do not often ask outcomers names when they pay down; the bill is in my handwriting, I am positive; I think I have seen the face of the prisoner before at my store. the; I think I have seen the tast of the process at my store.

Here the defence announced that their case was closed. Mr. Mann then addressed the jury, saying that he could not under the evidence ask for a conviction, and he asked that the court so charge the jury.

The charge to the jury was delivered by Judge Allison, who reviewed the evidence, and charged the jury that under the evidence their duty was to acquit.

The jury, without leaving their box, returned a verdict of not guity. oner was then discharged, and the court ad-

PRESENTMENT BY THE GRAND JURY. -Yesterday morning the Grand Jury came into court and made their presentment, after which they were discharged.

The jury were in session twenty-seven days had passed on 414 bills of which 163 were ignored. The ignoring of a number of the bils was because of the ansence of witnesses, and the inability of the officers to flud them.

The Grand Jury are rejoiced because there were but few bills of crimes of a serious nature brought before them.

The jury recommends that all persons convicted of parsing counterfeit money he severely punished; also, that a house of correction he speedily erected.

The Grand Jury say the passenger railway companies are derelict in their duty in regard to repairs of their tacks. This part of the presentment would be worthy of consideration if the jurcys had spoken kindly of the Fifth and Sixth, the repairs of which road are made in the most lasting manner, and certainly the company are prompt in making them. Grand juries should be impartial in their comments. prompt in making them. Grand juries should be impartial in their comments.

The County P. Ison, Eastern Penitentiary, and House of Refuge are highly extolled for their cleanliness and discipline. The jury recommends salaries for the committing magistrates, and that intelligent men be choson; and call attention to the fact that many head of extile are permitted to run at large.

Attention is also called to predicts of groceries and foreign fruit; also, that there should be an attendant at all hours at the City Green House, for the identification of bodies. Also, that femals fortune tellers are used by designing men to decoy unsuspecting females to their destruction.

The Grand Irquest also call attention to the obstruction f the highways by long trains on certain railroats, parcoularly at Richmond airest and Pennsylvania avenue. Tre Grand July call attention to the manner in which such juries are formed, and they express an opinion that, insumuch as it requires twelve men to find a true bill, it should require the same number to ignore one. The jury concluded their labors by complimenting the flerre having them in charge.

W. Campbell, 2d Delaware Regimeni, ruptured.
The wish is universal on the part of the sick and wounded, shared in by their female nurses, that they be brought to this city or sent to their homes.
Considerable difficulty is experienced among the friends of the sick and wounded soldiers in ascertaining the hospital to which any particular soldier has been taken. We understand that the names of all the sick and wounced in Philadelphia, as well as the changes at the various hospitals, are reported to the military commandant of the city, and information can be obtained upon application at his office on Wainut street, above Fourth.

FIFTH-STREET HOSPITAL.—At a meet ing of the convalescent patients of the above hospital, held in the mess room this morning, some very spirited and elequent remyts were made by Corporal Thomas W. Smith, Company D. Slat New York. The soldiers were most enthusiastic in the detence of the surgoons and all attaches of the institution.

After many expressions of universal indignation, the following resolutions were unanimously adopted:

Resolved, That, whereas certain infamons falsehoods have been published in the press of this city in reference to this hospital, we deem it our duty, in justice to those connected with the institution, to truthfully respond.

Resolved, That the assertions in the public papers are a libelon the gentlemen connected with this hospital, whose uniform kindness and attention have fully earned our heartfelt gratitude, respect, and esteem.

Resolved, That the attention so the we fully earned our heartfelt gratitude, respect, and esteem.

Resolved, That the traitics published against this hospital are malicious fulsehoods, the creation of a base mind and evil heart, and cannot emanate from one who desires the welfare of the Union soldier or this hospital.

Resolved, That we hereby tender our sincers thanks to those connected with this institution; and to the lailes who have bountifully contributed to our comfort, and whose many donations were received and partaken of u, we tender a seldler's thanks, a soldier's gratitude.

Resolved, That a copy of those resolutions be sent to the public press of this cit.

RAILROAD MATTERS — The new depot for the North Pennsylvania Railroad, on Third street, between Thompson and Master streets, is nearly finished. The structure is quite an addition to the neighborhood, a number of dilapidated buildings having been removed to make room for the new building. A connection will be made through the depot with the passenger railway on America street. When the work is completed the passenger depot at Front and Willow streets will be removed to the new building. The freight depot will remain at its present location.

At a meeting of the residents and property owners of the Seventeenth, Nineteenth, and Twentieth wards, opposed to the laying of a track on Columbia street, to form a connection with the Philadelphia, Gormantown, and Norristown Railroad, a series of resolutions were adopted, setting forth that Columbia avenue is but fifty feet wide from America street to Sixth street, and at Sixth street there is an offset which will make a curvo necessary; that there is already a railroad on said street from the eventh to Eighth street; that there are two churches and four public schools on said street; that there is a necessary obstruction by loaded wagons at the hay market, Seventh and Celumbia avenue; and, also, that the improvements and projected improvements on said street will be injured and retarded, thereby reducing and preventing the advance of taxes in the Nineteenth and Twentieth wards.

These resolutions will be forwarded to City Councils.

THE ETATE MEDICAL BOARD.-The THE STATE MEDICAL BOARD.—The demand for medical officers to fill vacancies occurring in Pennsylvania regiments now in the field, as well as those about to be recruited, has again called for the assembling of the State Medical Board to recommend to the Governor suitable candidates for appointment taskis responsible post. At a tire when the lives of somany of our citizens depend, in a great measure, upon the skill of the regimental surgeons, every care is necessary to see that incompetent men are not brought forward.

The Board is composed of Drs. Wilmer Worthington, of Chester county; Wm. Watson, of B. Aford county; J. P. Wilson, of Centre county; and Surgeon General Henry H. Smith, of Philadelphia. About sixty candidates have been examined. The action of the Board has proved of great service to our soldiers, who feel that in riskir g their lives for the maintenance of our institutions, their Sinte is not forgetful of their welfare. The names of the successful candidates and the provents of the successful candidates will be handed to Governor Curtin who will make the appointments.

GENEROUS OFFERS. — The steamer GENEROUS OFFERS. — The steamer Black Diamond, belonging to the Philatelphia Steam Propeller Company, Captain W. F. Loper, president William M. Baird, agent, has been tendered to the use of Captain Barnard, of New York, to convey that gallan gentleman from the Cooper Shop Hospital to that city Captain B. commanded a company in the army before Bichmond, and, on the last day of battle, fell wounded, a minnic ball having passed through his leg, shattering the bone. He had a holy horror of hospitals, but was highly gratified with the very kind treatment and attention given him by Dr. Andrew Nebigger, Miss Ann Hoss, and the hospital committee.

Captain Smith, of the world renowned steamer John Smith, and Philip Fitzpatrick, the proprietor of a number of first-class steam-tugs, have tendered the use of their vessels to bring any soldiers to the Cooper Shop Hospital, from any steamer bringing them to port. This will prevent much delay, and avoid the necessity of overland route.

PASSED THROUGH .- Yesterday morn-PASSED THROUGH.—Yesterday morning, about three o'clock, one hundred and seventy-three sick and wounded Rhode Island soldiers arrived at the foot of Weshington street, and were taken in charge by the Volunteer Refreshment Committee. Stretchers were brought into use, for the first time, and their utility was practically demonstrated over the old mode of carrying the men in. After the fatigue of the ride in the cars the men were aroused in spirit, and almost forgot their wounds when they fell into the good hands of the ladies and gentlemon Before they left their wounds were redressed, and every attention was bestowed upon the brave men. This lot were gathered together by Governor f prague, who is now at the seat of war, looking after the interests of the soldiers of that State. The wounded left about five o'clock for home. They were delighted with the attention they received, and departed from the saloon praising the ladies as only wounded and sick soldiers can.

CAPT. JOHN H. MCCLEERY.-We no-CAPT. JOHN H. MCCLEERY.—We notice that this brave young officer, scarcely 25 years of age, was seriously wounded at the battle of Richmond recently. He had one of the best-drilled companies and the best-behaved men in the regiment under Col. Simmons. He is a graduate of Princeton College, and a very intelligent and promising young man. At the time the was broke out he was studying law with his succe, the Hon. James Pollock, in Milton, Pa He laid a ide his books and took up his sword in defonce of his country. We cap only hope for his speedy recovery to usefulness in his position in the army. His father, Dr. James McOlecry, is an eminent and very skilful physician of Milton, Northumberland county. His three sons, now engaged in the present war, have nobly done their duty.

UNITED STATES TREASURY NOTES-UNITED STATES TREASURY NOTES—GREEN BACKS—These are the demand treasury potes, in deno charions of 55 10, and 20, dated August. 10 1861. This is the first issue of Government currency. It is often called custom-house money, from the fact that it is the only paper money receivable for duties on imports. There were sixty millions of these notes issued; about offeren millions have been taken in and burned, and the redementions are now at the rate of eight millions per month. The law contemplates that these notes shall be redeemed and cancelled as fast as possible, so that the Government may be in receipt of gold for interest monty, through the custom-house revenue. In nlosty days, twenty-five millions of the forty divenow outstanding will be cancelled, and by that time they, will be so searce that importers will have to pay gold in part for duties, and the "green backs" will be on a par with gold.

HOSPITAL DONATIONS .- On Thursday, HOSPITAL DUNATIONS.—OR IGUISGRY,

and a lot of papers tobacco, digres, litt, 4c. and a lot of papers tobacco, cigars, lint, &c. ... We understand that they are now engaged in collecting and making up a donation of wrappers, slippers, and other us ful articles for one of the hospitals. CONCERT IN AID OF THE SICK AND

CONCERT IN AID OF THE FICK AND WOENDED SOLDIERS—Prof. John Bower, assisted by, a celect choir of ladies and gentlemen, will give a grand Concert this evening, at the Handel and Haydn Hall for the exclusive benefit of the sick and wounded foldiers now lying in our ho-pitals. Our patriotic citizens would do well to be present. There cannot be to much done for the brave fellows who have sundered the lies of love and friendship, and foregone all the pleasures of home and the domestic fireside, to offer their lives for our profection, and who are now lying in our goodly city suffering from wounds received, or diseases contracted, while in the service of their country. We hope Mr. Bowers and his assistants will meet with the encouragement they deserve. SCARCITY OF COAL AND LUMBER.

Owing to the interruption of the communication with the coal region, caused by the late freshet in the Lehigh, coal has become somewhat scarce, particularly at some of the coal region, caused by the late freshet in the Lehigh, coal has broome somewhat zearce, particularly at some of the statious on the North Pennsylvania Bailroad. Leav week it had advanced in price about fity cents per ton, with a prospect of further reise. Lumber, also, has been rather score in some quarters. A car load or two passed up the North Promylvania Bailroad from Philadelphia, for Quakertown, a few days since. That station had formerly been supplied from up country, with lumber for building purposes, but owing to the late treshet having swept away such vast quantities, and the difficulty of transportation at present, it is difficult to obtain it from that quarter.

CLOSING OF THE PUBLIC SCHOOLS.—
The summer vacation of most of the public schools is now near at hand. A number of them will close to-morrow, among which is the Southwest Grammar School, at Kineteenth and Addison streets, formerly at Twenty-third and Lombard. This school has recently been made, by the Board of Controllers, a first class institution, the requisite number of pupils having been obtained through the exertions of the principal, Wm. H. Batt, who has been in charge only about a year. During this short time he has succeeded in giving to the school a reputation and permanency which it never before had.

CORONER'S CASES .- During the pre-CORONER'S UASES,— During the present month Coroner Conrad has held no less than thirty inquests, mostly in cases of sudden deaths. The business thus far excreds any month during the term of Mr. Cornad. Since Tuesday morning there have been nice inquests seven of which were upon the bedies of children who had died suddonly. Coroner courad held an inquest yesterday morning upon the body of an unknown man, who had died endenly at No. 103 North Front street. Upon the back of a book found in one of the pockets of the deceased was the name James Girry.

YACHT RACE.—We understand that there will be a race between the two twenty two fost yachts Castine and Flomerfelt. on Monday, July 21st, on the Delaware, for a purse of \$400. The boats will leave Point Airy at hat past nine in the morning, and sai down and around Tinicum buoy and back to Point Airy! INCREASED ACTIVITY. - The recent proclamation of the Governor for more trops has created quite an increased activity in the recruiting business. From the manner in which tenders of troops are beginning to be received, there is very little doubt that the additional quota asked for from this State, will be filled in less than a month.

SIGNOR BLITZ.-This pleasant and popular magician and ventriloquist gives an afternoon and evening exhibition to-day, at the flail of the Spring Garden Institute, corner of Brod and Spring Garden. The funds realized are for the benefit of the Church St. Matthies, whose indebtedness the congregation are anxious to release. We hope the hall will be crowded. FOUNDLING.—A female child, about three weeks old, was left in the parlor of the botel at the foot of Walnut street, on Tuestay night, by a wo-man of genticl appearance. She was seen to come in with the baby, but left when no one was in the room. The child will be properly taken care of.

Lyvil salt, without rearray on the PUBLIC SALE OF DESIRABLE
COUNTRY RESIDENCES.

I will sell, without reserve, on the premises, in HADDONFIELD, N. J., on SATURDAY, July 12th, at 3 o'clock P. M., the following described Residences:
BRICK HOUSE, corner MAIN and POTIER Streets, centaining nine chambers, large parlor, dining-room, and kitchen; with dry siry celtar, and an excellent well of water. Lot contains about one acre, set in grass with Fruit Trees. This house with a small expenditure of money can be made one of the most comfortable and beautiful residences in the wifese.

I will also tell HENDRY HALL, which is situated on the end of the lot, with all the seats and centents of building; the house and hall are well arranged and adapted for a large school of either sex. Haddenfield, from its boundless contiguity of shade, rural walks, pure air, good health, easy, frequent, and pleasant access to the cities of Philadelphia and Now Yort, is unsurpassed as a location for first-class Boarding School.

I will also sell at the same time the FRAME COTTAGE in which I reside. The building is conveniently arranged for either summer or winter residence, with excellent furnace, bath room, store room, two kitchens, parior, library, dining room, and all the conveniences necessary for pleasure or comfort. The yard is well filled with cheiog flowers and shrubbery, with Kitchen Garden containing all the desirable family vegetables now growing. The property also embraces loe House, Milk House, Oarriage House, and Stable.

These properties are located within three squares of the Camden and Allantic Bailroad Station. This road will have its connection with New York by the 1st of September, thus affording direct connection with that city, and hourly connection with Philadelphia.

But a small portion of the money will be required upon either property, or, if sold privately, city property may be taken in exchange.

Was unknown to civilization until the middle of the Seventeenth century. The natives of Peru are generally supposed to have long previously been acquainted with its most wonderful qualities. Humbo di makes favorable mention of the febrifuse qualities of this arbule as an antidote to fever and Ague, Intermittent and Malarious Fevers, in his extensive South American travels.

The Countess, wife of the Viceroy of Peru, having in her own person experienced the beneficial effect of the bark, is said, on her return to Spain, in the year 1640, to have first introduced this remedy into Eurone. After its introduction it was distributed and sold by the Jasuits, who are said to have obtained for it the Mormous sum of its veright in situer From this circumstance it was called the JESUIT POWDER, a title which it remained for many years. In 1658, we are told that an Englishman, by the name of Sir John Talbut, employed it with great anccess in France, in the treatment of Fever and Ague, Dyspepsia. Nervous Affections. Loss of Appetite, Weakness and Debilivit, Palpitotion of the Heart, Diarrhosa, &c., &c., under the name of English powder. At length, in the year 1679, he sold the secret of its origin and preparation to Louis XIV., by whom it was divulged. It is now a standard remedy, and is employed in the preparation of the Plantation Bitters. (See U. S. Modical Dispensatory.) CARTER'S CELEBRATED NEW JERSEY SUGAR CURED HAMS, just received.

CONSULTATION AND ADVICE FIRE.

jel4-stuth3m

The repugnance of most patients to COD-LIVER OIL, and the inability of many to take it at all, has induced various forms of disgnise for its administration that are familiar to the Medical Profession. Some of them answer in special cases, but more often the vehicle seutralizes the usual effect of the Oil, proving quite as ampalatable and of less therapentic value. The repugnance, senses, &c., to invalid, induced by disgnst, of the Oil, is entirely obviated by the use of our OAPSULES. COD-LIVER OIL OAPSULES have been much used tately in Europe, the experience there of the good results from their use in both nospital and private practice, saids from the naturally suggested advantages, are sufficient to warrant our claiming the virtues we de for them, feeling assured their use will result in benefit and deserved favor.
