## RELIGIOUS INTELLIGENCE.

The Breckinridge Family. Few families show more striking opposites i their membership than the Breckinridge family, in this country. It also gives a practical illustration that more intellect, unless shaped in its purposes by right principle, is a curse rather than a blessing. The ex-Vice President, for example, has been cursed in this way, no less to the mortification of his more honorable kindred, than to the permanent disadvantage of his admiring followers in the loyal States, the latter generally sharing all the curses of their drunken leader, except his brains. There can now be no doubt that the recent raid by Morgan into Kentucky, to the home of Rev. Robert J. Breckinridge, D. D., with the evident intention to assassinate the latter, was made with the knowledge and aspetion of the arch traitor, who is still the virtual leader of the traitor party at the North. A graphic account of the narrow escape of Dr. Breckinridge, on the occasion above referred to, written by his niece, appears in the Princeton Standard, and from its calm, simple, and evidently truthful statements, we infer that, if there had not been a Providential interference to prevent the eminent divine from falling into rebel hands, his experience would have had even a more serious terminus than

Parson Brownlow's The judgment of Dr. Robert J. Breckinridge, not only in ecclesiastical matters, in which he has long been an acknowledged master, but in all great questions of public interest, is admitted to be of the highest order, and as no one has had better facilities for forming a correct estimate of the ex-Vice President than his distinguished and interested uncle, the opinions of the latter upon his recreant relative are important. In the last number of the Danville Review, the uncle thus expresses himself regarding his nephew, John O. It is a faithful portrait, drawn by an honest hand:

"The conquest of his own State by arms was one of the points of this atrocious schome, to the defence of which the Kentucky Senator lent himself at Washington, in his vehement opposition to the Federal administration; and in the support of which, on his return to that State in August, 1861, the conspirator became a refugee, and the refugee general in the army of traitors, and the genera an invader of the land to whose defence he owed every drop of his blood. His expulsion as a traitor to the nation, from the Senate of the United States, a few months later, was the just and natural result. He had not even the poor excuse that he was loyal to Kentucky. He was a traitor to her also, and that with a treason aggravated almost beyond his-torical example, and destitute of every pretext ever

plead by traitors before." But Dr. Breckinridge is not the only loyal member of his family. Judge Samuel Miller Breckin-ridge is a son of the late Rev. John Breckinridge, formerly a professor in the Princeton Seminary, and is, consequently, a nephew of Dr. R. J. Breckinridge, of Danville, Ky., and cousin of the traitor, John C. The Princeton Standard has a copy of an oration delivered by Judge Breckinridge recently, at Hannibal, Mo., in which he openly advocates immediate steps for the gradual abolition of slavery in that State, and argues that the State cannot hold slavery long; that the absence of an emancipation law keeps free laborers out of the State; and that soon there will be a loss to the State, from the want of laboring men to develop its resources." There may not be much in this item to designate it as religious, unless it be the proof it affords that Adam's was not the only family numbering in its

membership a God-fearing Abel, and a murderer. THE EDITOR of the Lutheran and Missionary, Rev. Dr. Krauth, has been rusticating at Atlantic City, and like a good tactician, turns the sum of his experience while there into a readable editorial in this week's issue of his journal. Reading his disquisition upon oysters is probably the next best thing to eating them fresh and plump from their briny bed, at the sea side. NEW EPISCOPAL SEMINARY.—The new Episcopal Divinity School in this city has been fully inaugurated by electing the following professors: Rev. G. Emlen Hare, D. D., Biblical Learning; Rev. Jas.

May, D. D., History, and for the present, Systematic Divinity; Rev John A. Vaughan, D. D., Pastoral Care; Rev. Peter Van Pelt, D. D., Oriental Languages; D. R. Goodwin, D. D., Apologetics. Acting professors, Rt. Rev. W. B. Stevens, D. D., Liturgics; Rev. M. A. De W. Howe, D. D., At a meeting of the Overseers, Rt. Rev. Alfred Lee. D. D., was chosen President, and Rev. J. A. Childs, Secretary. CLERGYMEN ARRESTED.—We see it stated that the Rev. James H. Brooks, pastor of the Second Presbyterian Church, St. Louis, and the Rev. T. A. Hoyt, Louisville, were lately arrested at Cincinnati, Ohio, and committed to the custody of the military at Newport Barracks, Kentucky. The charges against these gentlemen are not stated. though we do not think they were arrested on ac-

count of their excessive loyalty. THE REV. ALFRED TAYLOR, a young clergyman of talent and energy, and who has travelled extensively, has just been installed pastor of the Presbyterian church at Bristol, Pa. The sermon on the occasion was preached by the Rev. Thos. Murphy, of Frankford; the constitutional questions were propounded by the Rev. Joseph Beggs; the charge was delivered by the Rev. Jesse K. Davis, of Bridesburg; and the charge to the people by the Rev. Dr. Halsey, of Norristown.

PROPOSED CONFERENCE OF YOUNG MEN'S CHRIS-TIAN ASSOCIATIONS IN LONDON IN SEPTEMBER.-The Young Men's Christian associations of Phila-delphia and New York have received a communiceiphia and New York have received a communication from London, in which reference is made to the proposed conference in London of the friends of Young Men's Ohristian associations, and conveying through them to the Christian associations throughout the United States an affectionate and cordial invitation to attend and join in the meetings from the 11th to the 16th of September. Delegates, officially accredited, will be provided with accommodations by the London association. WEEK OF SPECIAL PRAYER .- An invitation for

prayer during the week January 4—11, 1863, prepared, at the request of the committee, by their venerable friend. the Rev. Dr. Marsh, will shortly be published.—Evangetical Christendom. THE REV. J. WHEATON SMITH has had the degree of D.D. conferred upon him by the University of Lewisburg. Dr. Smith is one of our most popular and polished divines in the Baptist Church, and Lewisburg has paid him a deserved compliment. Andover Seminary.-The annual commencement exercises of the Andover Theological Seminary took place on Thursday of this week. WHAT THE SISTERS OF CHARITY ARE DOING IN THIS WAR .- The New Covenant, a Protestant paper, published in Illinois, pays the following tribute to the Sisters of Charity ministering to the sick and wounded soldiers in the Mound City Hospital. The same would apply equally well to St. Joseph's, in this city, and numerous other hospitals, where these devoted and self-denying Chris-

tian women are doing a noble work : "A Shaker like cleanliness and sweetness of atmosphere pervaded the various wards; the sheets and pillows of the unoccupied beds are of immaculate whiteness, and the patients, most of them convalescing, are cheerful and contented. The 'Sisters of the Holy Cross' are employed as female nurses, and by their skill, quietness, gentleness, and unwearied tenderness, render themselves invaluable in the sick wards. Every patient of whom I in quired has given hearty and strong testimony to the kindness and skill of the 'Sisters.' 'Mother Ankindness and skill of the 'Sisters.' 'Mother Angela' is the matron, the controlling spirit, or 'Superieure' of these nurses—a gifted lady of rare cultivation and executive ability, and possessed of the most winning sweetness of manner. By the by, I learn that she is a relative of the wonderful Beechers, and also of both the Generals Sherman.

He adds: 'Half a dozen of those ministering angels—the Sisters of Charity—have come down to the flotilla from Mound City, and are doing everything in their power to render the unfortunate victims comfortable. METHODISM IN BRITISH AMERICA.—The Eastern Conference of British America, which includes Nova Scotia, New Brunswick, and Newfoundland,

met June 25th, in Halifax. It comprises 103 circuits, and above 125 preachers. The past year has not been one of great progress. The proceedings of the Conference were of a harmonious character, and various matters of church interest received due attention. Among other things, eight preachers were ordained to the work of the ministry. PRAYER HEARD FOR OUR BRAVE SOLDIERS .-PRAYER HEARD FOR OUR BRAYE SOLDIERS.—
There is no question about it, says the American
Presbyterran, the brave youth who have gone from
our congregations, and who have been made objects of frequent prayer in the pulpits and praying
circles of the church, have been protected to a
wonderful degree from the casualties of battle and
the perils—still more formidable—of the camp.
We have conversed with several of our city pastors
whose young men to the number of thirty a feature whose young men, to the number of thirty or forty in each charge, have enlisted and are now in the

service, many of them having undergone the ex-posure and peril of the campaign before Richmond, and some of them connected with regiments famous for their bravery and sufferings in the week of batties : and, so far as we have heard, but one has been killed, very few have been wounded (none mortally,) and we have heard of but one or two who have fallen victims to disease. Extraordinary Rafting-A New Era in the

Lumber Trade. The Chicago Tribune, of the 5th inst., says: The Chicago Tribune, of the 5th inst., says:

The monster raft, heretofore announced as on its way to this city, arrived yesteday morning, in tow of the tugs Prindiville, Capt. J. Nicholson, and McQueen, Capt. H. C. Blue. The raft is composed of seven sections or cribs, each ninety-two feet long, fifty wide, and eleven feet deep, and contains over three million feet of lumber. It is owned by John Trowbridge & Bro., of Detroit. The bottom of the cribs is made of spars and square timber, ninety-two feet long, chained together at each end, and across these are laid other spars and timber, fifty feet long, and upon this superstructure the lumber is laid to the depth of ten feet, and fastened with spars placed on the tep and bound to the bottom with chains. Each crib is constructed in like manner, and the whole securely the depth of ten rect, and assence with spars placed on the tep and bound to the bottom with chains. Each crib is constructed in like manner, and the whole securely fastened together with numerous chains thus forming a ratt nearly eight hundred feet long by fifty wide. There are 2,800,000 feet of lumber, and over 200,000 feet of spars, booms, gass for rigging vessels, and square timber in the raft.

The Frindiville, followed by the McQueen, was attached to the monster pile of lumber, and left Thunder Bay river on Saturday, the 26th of July, and came through to Chicago, making a single stop of eight hours at St. Helena, in the Straits of Mackinac. The rate of speed made by the raft averaged two and a half neles an hour, including stoppages. Good weather was experienced all the way, until Sunday; when a gale struck the raft, and caused the loss of about 8,000 feet of lumber from one of the cribs. The entire cost of towing to the city, including the loss by the gale, was \$3,300, saving to, including the loss by the gale, was \$3,300, saving to, the owners about \$6,000 by adopting this method of transportation. Had they shipped by schooner in the ordinary way it would have cost them nearly \$10,000. The success attending this adventure will, doubtless, in these times of high freights induce our Ubicago shippers to adopt the same method of transportation. The only wonder is that it has not been adopted long ago.

ANTIGIPATED ATTACK .- As the Lancaster No. 4 ANTIGIPATED ATTAOK.—As the Lancaster No. 4 passed up the river, on the 2d, the people of Caseyville, Ky., were much excited. The Union men were arming themselves in expectation of an attack from the rebels, who were stationed three or four miles back of the town, numbering from three to four hundred. They had threatened to attack the town that night, the boat being armed with asix pound cannon and forty Enfeld rifes. The boat was anchored in the middle of the stream and lay there all night. The rebel pickets advanced within half a mile of the river, but made no attack. They expected an attack on Sunday night.—Loutsville Journal, pected an attack on Sunday night,—Louisville Journal, 5th.

WIND. NNE. NE. NNE. | SW. W. by S. WSW. Yesterday, at three o'clock, was warmer than at any time previous since July, 1859, when the thermometer marked a temperature the same as that of yesterday. During the day much out door labor had to be suspended, and a number of persons were overcome with the heat, which was perfectly scorching.

SICK AND WOUNDED PENNSYLVANIA SICK AND WOUNDED PENNSYLVANIA SOLDIERS.—Commissioners Wm. M. Francis and F. Wyeth, appointed by Governor Currin to look after all the brave sons of Pennsylvania who may be lying in foreign hospitals, either sick or wounded, have just made a report to the Governor They state that they visited the Hygiene, Fortress Monroe, Middle Creek. Chesantake, Pertsmouth, and Newpit News Hospitals. In these were many Pennsylvanians, wounded, sick and weary; but, almost without exception, cheerful and grateful for the care and attention which had been paid to their wants. It was an incident a hundred times repeated, which made us feel proud of our state, to hear our solviers, when informed of the object of our calling on them, exclaim. "How careful our Governor is of us!" And those from other States would say, "Pennsylvania knows how to take care of her sick and wounded."

They found at the bospitals, all of them, that the beds were clean and comfortable their ventilation good, disjoinfecting agents in the rooms, and from the kindness of distant but humane fellow-citizens, in all but one of them, a great variety of delicacies suitable to the sick palate. The patients in all of the hospitals, with this one exception, were unanimous in expressing their sapalate. The patients in all of the hospitals, with this one exception, were unanimous in expressing their satisfaction at the food and treatment they received. At the Portsmouth Hospital very universal complaint was made of their diet, whilst they spoke in praise of all other attentions. The Commissioners felt it their duty to speak to the syrgeon on the subject, and they received in reply, that he gave them just what the Government furnished for their use. Portsmouth Hospital, it is true, is out off from near Union sy mosthies, by the fact of its being located in the hot bed of Secessionism. It would, therefore, he well to direct the stention of the generous men and women throughout the land, to supply its larder with those delicacies so grateful to asick appetite. They also found a number of the soldiers to whom was due a considerable amount of back pay, but which they were unable to obtain, not having been furnished to them, they begged the Governor's attention. There also seemed to be a number of the men whose wounds and brokendown constitutions render it advisable they should be discharged and returned to their friends.

Whilst at Newport News, they had an opportunity of witnessing a regimental review of the troops at that place. Among them were several regiments from our own State, whose discipline and mancuvring compared well with all others in the field. The men, with whom we afterwards met and conversed, were chestful and contented; looking besithy and robust although many of them just from a far southern climate—and all anxious

ADMINISTERING THE OATH OF ALLE-GIANOE AT THE POST OFFICE—Yesterday afternoon, Postmaster Walborn had the oath of allegiance administered to every employee at the post office. About three o'clock the postmaster called the employees together, and made the following remarks: three o'clock the postmaster called the employees together, and made the following remarks:

GENTLEMEN: It is my intention that each and all of you shall show your loyalty to the Government. I am about to have the test-oath of the Government administered to every employee in this place. If any one is not willing to take the oath he must step aside, and I will attend to the matter. I also desire to inform you that, if any one in my employment is desirous of serving his country on the battle field he is at liberty to do so, and his place will be filled temporarily till his return, when he can have his old situation, if not a better one. [Applause.] My object, in administering this oath, is to let the world know that all the men connected with this department are loyal and true to their country: and I partment are loyal and true to their country; and I hope that it will be administered in every workshop or, place of business throughout the land, so that we may know who are the loyal and who are the disloyal. THE PROGRESS OF RECRUITING.— The action of the City Councils, in passing a supplementary ordinance placing everybody who attaches himself to a Philadelphia regiment on an equal footing, whether to a Philadelphia regiment on an equal footing, whether a resident of the city or not, has caused increased activity among the recruiting circles. As a part of its good effects, it may be stated that 113 men came up from Otester yesterday, and some 30 odd men came up from Salem the day previous, who have connected themselves with Philadelphia regiments. A volunteer in any one of our city regiments receives more bounty than is given in any other part of the United States. Squads of men, in any other part of the Uvited States. Squads of men, preceded by fife and drum, are met in every part of the city, engaged in the good work. From present appearances, the quots of Philadelphia under both calls of the President will be raised without any difficulty, thereby rendering a draft unnecessary. It is not improbable, however, that a draft will be eventually resorted to till up the old regiments (which are delayed by red tape) to the required standard. Yesterday, as usual, the old regiments did scarcely anything, but the new regiments received a large number of enliatments.

Yesterday aquad of 25 young men went to Harrisburg, from Cheltenham township, Montgomery county, to enlist for nine months. Another lot will leave on Tuesday next.

The Citizens' Committee placed \$25,000 at the disposal of the Municipal Commissioners, to be returned by them as soon as the city loan may be negotiated. There need be no delay now in the payment of premiums and boun-

ties to either old or new organizations.

The War Department has been strenuously urged to The war Department has been strenuously utget to issue orders in strict conformity with the action of the civic authorities and the Citizens' Committee. If this is done, doubtless our city will furnish 10,000 recruits before the time arrives for the draft to be enforced. Subscriptions to the fund ought not to lull for a moment—Philadelphia must be up to her whole duty.

WAR MEETING IN LOWER MERION. WAR MEETING IN LOWER MERION.

One of the largest and most-spirited war meetings ever held in any part of the rural districts of the city was held on Thursday afternoon, at the grove of Charles J. Arthur, Lower Merion, Montgomery county. About fifteen hundred persons were present, including a large number of ladies. The Manayunk Band was also present, and enlivened the proceedings by several patriotic airs. The following is the list of officers:

President—Charles Kugler, Eq.

Vice President—Philip Sheaff, John F. Taylor, of Delaware county; Thomas Hamphreys, Dr Joseph H. Leavering, Charles J. Arthur, H. G. Litzenberg, David Morgan, David Stacker, Joseph Hunt, Joshua Ashbridge.

oridge. Secretaries—E)lis Ramsey, Thomas McCully, Hamilton Recretaries—Ellis Ramsey, Thomas McCully, Hamilton Egbert.

A spirited and stirring address was delivered by the Rev Mr. Jackson, of this city. He was followed by the Rev Messres. Heck, Rakestraw, and Noble, of Montgomery county. All the speeches elicited frequent bursts of applause, and were received with much enthusiasm.

A number of resolutions were also adopted—one of them to raise a company of volunteers for the war, to be under the command of Capt. Joseph T. Pearce. This was received with much applause, and about fifty men immediately volunteered. It was also resolved that the bounty received by them should be equal to the given in any of the other districts. A subscription paper was thereupon opened, and \$1,000 subscribed on the spot, mostly in sums of \$100. One gentleman gave \$200.

Another meeting will be held this evening, in Odd Fellows' Hell, at Athensyille, when measures will be taken to fill up the company to the full standard, and increase

There was no doubt of his having committed suicide, he having for several weeks, past exhibited symptoms of aberration of mind. THE ANDERSON TROOP. - Probably no military erganization ever recruited so rapidly as this, when the high grade of qualifications is considered. The offices have been open throughout the State five days, and Captain Palmer informs us that two companies are now full. The men already mustered in can hardly be equalled by any cavalry companies in existence, unless it is by the original Anderson Troop, which the United States Assistant Inspector General certified to be "the finest body of men he had ever seen." The two companies already accented by Captain Palmer are two companies already accepted by Captain Palmer are composed of young men—intelligent, active, good horse.

YOUTHFUL ROBBERS .- Three boys were arrested in the Second Police district, on Thursday, charged with having burglariously entered the dwelling of Mr. Garber, near Ninth street and Washington avenue. charged with having burglariously entered the dwelling of Mr. Garber, near Ninth street and Washington avenue, some nights ago. The house is supposed to have been entered through the bath-room window. An iron safe, containing about four hundred dollars, in notes and other money, besides numerous valuable papers, was carried off. It was subsequently found, rifled of its contents, near the first bridge on Broad street. Theythleves were rearched at the station-house, and a pair of gold armlets, together with a pair of spectacles, believed to have been stolen, were found on their persons. Two bank notes were also recovered, which are supposed to have been stolen from the safe. The defendants were committed for a further hearing.

A WAR MEETING in Belmont district, Twenty-fourth ward, was held on Thursday evening, at the Astonville School-house. The people were fully aroused, and the proceedings were of the most enthusiastic order. Dr. L. M. Service was appointed president, and short and stirring speeches were made by Profs Senders, Rev. A. M. Jelly, Lieut. Dykes, Captain Courtland Sanders, Joseph M. Wilson, and others. Eight yolunteers enrolled their names as members of Company G, Capt. C. Sanders, Corn Exchange Regiment, and from ten to fifteen more will doubtless enter their names in this popular company. in this popular company.

THE RESERVE BRIGADE. At a re-THE RESERVE BRIGADE.—At a recent meeting of Company A, of the second regiment of this corps, held at their Armory, Board of Trade Buildings, a number of spirited addresses were delivered by Captain E. B. Davis, Lieutenant Smethurst, Egbert Nicholis, Esa., Mr. Molé, and Mr. Field. Committees were appointed to confer with the officers of the other companies, with the object of procuring the acceptance, by the Governor, of the whole brigade, and a resolution was adopted that each member should proceed at once to the exercise of all proper means towards filling up the rolls of the regiment.

ARRIVAL OF A U.S. WAR STEAMER.

ARRIVAL OF A U.S. WAR STEAMER.

Yesterday the United States war steamer Quaker Oity, carrying nine gune, arrived at our navy yard. Her officers and crew are all reported well. It will be remembered that this vessel was almost the first one taken by the Government on the breaking out of the war. On account of her great speed and adaptability, she was taken by General Wool, and sent with munitions of war, to reinforce Fortress Monroe. After that, and during the greater part of last year, she was employed blockeding the Chesapeake, which she did with an efficiency, that excited much notice and commendation. In December last, having been refitted with a much heavier battery, she was despatched to cruise for the slippery heeled Sumpter among the West Indian islands. That croft, however, cruising among the islands of the West Indiae, Oaribbean see, and Spanish Main, effectually stopping, by her preseques, any intercourse between those islands and rebeldom. In May last she was attached to the Western Gulf squadron, and has since done good service cruising off Hole in the Wall, Yucatan, Gulf of Mexico, and the Atlantic coast of Florida. While on this duty she has captured the brig Lilla, with a heavy cargo of saltpetre and other contraband, and also the celebrated Capt. Libby, of the privateer Sallie, and of Charleston blockade-running renown. She also captured the very fleet light-draught English stea nor Adela, after an exciting chase. Off the Yucatan bank she captured the Texan schooner Orion, alias Mary Ella, while attempting to run a cargo of aid and comfort into Texas.

During her cruises the Quaker City has steamed many thousands of miles, and overy where has elicited the greatest somiration for her beautiful model, being regarded as a splendid specimen of American marine architecture. The Quaker City was built in the city of Poiladelphia, and now returns here for repairs to her boilers and machinery.

THE KENSINGTON WATER-INDIGNA-THE KENSINGTON WATER—INDIGNATION AMONGTHE PEOPLE.—A number of the residents of this district are again suffering severely from the use of the Delaware water. Whole families are taken sick, and if something is not done immediately to remedy this, evil a serious outbreak will be the consequence. By the unwholesome supply of water which has been given to this district a large number of families have been obliged to remove to other portions of our city; and, as a consequence, property is considerably depreciated in value. What few pumps have been left in the district are being worked night and day, and in some instances the people carry the water in buckets for two, three, and even four equares, rather than use the hydrant water. This thing should be remedied immediately. The property-holders of the district pay their taxes and water rates, and they should be supplied with as pure water as rents, and they should be supplied with as pure water as any other portion of our city. The nuisance has become so great, and the consequences of drinking this impure water-have proved so disastrous to the health of the citizens in the upper section of the city, that we have heard of numerous threats being made to take the matter into their own hands. Judging from present indications, sorious troubles may yet ensue. Chief Engineer Casain, of the Water Department, has done everything in his power to alleviate the sufferings of the people in the upper part of the city, and to furnish them with a supply of pure Schuylkill water, and, had his valuable suggestions been carried out by City, Councils, the evil would be no longer complained of. As this body refused to pass the \$500,000 loan bill, which provided for the extension of the water works, and have now adjourned during the warm weather, there is but little prospect of the Kensington district getting rid of the impure flow of Delaware water which they are now compelled to use.

MOSQUITO NETTINGS .- Notwithstanding the very many contrivances for promoting the comfort of mankind, there are, perhaps, few so really easential at this period of the year as mosquito nettings. They are a complete preventive of the annovances—"the head-thirsty mosquite, who so perseveringly attack the wearzy veysgers to the land of Ned. They should be introduced into all our hospitals, particularly those for sick and wounded soldiers. Col. Posph H. Thompson, No. 4 North Fifth street, offers for sale a large stock of these nettings of excellent quality. We advise nurchasers to nettings, of excellent quality. We advise purchasers to give him a call.

THIRVES ARRESTED. - Mrs. M. P. Haines and daughter were yesterday arrested on com-plaint of Mr. Asa T. Darling, of the Bevere House, for plaint of Mr. Asa T. Darling, of the Bevere House, for obtaining board under false pretences. The above parties are in the habit of staying two or three weeks wherever they board, and then slinking away without paying their expenses. In this way, the National Motel, and the Madison and Bevere Houses, have been victimized. The parties were held in \$500 bail, in default of which they

MONTGOMERY COUNTY.

Estate of JAMES PENNYPACKER, Deceased.

Whereas, at an Orphans' Court in and for said county, held at Norristows, June 16th, 1862, the petition and application of Mary J. Pennypacker, widow, Amanda M. Pennypacker, intermarried with L. Shuster Boreaf, and L. Shuster Boreaf, her husband, Hannah M. Pennypacker, intermarried with John A. McDowell, and John A. McDowell, and John A. McDowell, her busband, and Abraham Hendricks, Guardian for Sallie M. and James C. Pennypacker, minor children of said JAMES PENNYPACKER, deceased, was press nted, setting forth that the estate of said decedent was entirely solvent, but that as against the real estate situate in said county, viz: about 175 acres of land, there were debts of lien, not of record, to the amount of twenty-five hundred dollars; that by all the parties in interest it was deemed advisable that the said real estate sbould not be sold at this time, but be mortgaged, and therefore praying the court to decree anthority to mortgage the same; sand further, that one of the heirs, viz: William W. Pennypacker, had been absent, and unheard of for a long time, Whereupon the court, on motion of Jos. L. Allabrugh, Esq., attorney for peititoners, grant a rule upon all parties in interest, to be and appear at an Orphans' Court to be held at NORRISTOWN, on MONDAY, the 18th day of August, 1862, at 10 o'clock, A. M., to show cause, if any they have, why the prayer of said petitioners should not be granted. By the Court.
