THE SHERIFF CONTESTED ELECTION CASE\_THE ABGUMENT CO AMENCED, -The contrated election case of Thompson vs. Ewing was resumed, yesterday morning, before Judges Thompson and Ludlow. The three witnesses to be called on behalf of Mr. Ewing, whose examination had been postponed, were not present at the opening of the court, and dil not make their eppearance until some time afterward. In the meantime, certain ballot-boxes were sent for, and produced. One of these boxes, containing the returns of the Sixth division, Eighteenth ward, was opened, and its contents given in evidence. The list of voters in the division tumbered 355 names. The list of taxables for this precinct, also given in evidence, exhibited 95 names regularly marked as having voted, with 15 names additional, making a total of 110 votes.

The first witness examined was George-Dickinson, who, upon being sworn, testified as follows:

I was return clerk in the first division Twenty-first ward; recollect Samuel Mower voting; counted the tickets in every hour; there were two distinct tlokets voted; the long ticket was the Opprisition; there were no scratched tokets for sheriff in the hour in which Mr. Mower voted; the research of the second of the collect of Charles Harlan, he not being on the assessor's list; I made a note of 1: make their appearance until some time afterward. In

not being on the assessor's list; I made a note of it.

Margaret Halahan affirmed.—I know Michael Dougherty; he is my brother; he is in the army; to the best of my knowledge he was about 18 years of age in Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dundhim for three years from last April to Mr. Dun lap. The indenture was given in evidence and the case lab. The indenture was given in evidence and the case closed for Mr. Ewing.

Mr. Brewster opened in the rebuttal, and stated that there had been two hundred specifications considered; of that number the court struck out twenty-nine. There had been offered evidence under sixty-four specifications and no evidence offered under one hundred and seven. The court had heard but sixty-four of that number. Mr. Brewster proposed to direct attention, in rebuttal, to but and no swidene olisies into a notation and a swift. The court had heard but sixty four of that number. Mr. Brewster proposed to direct attention, in rebuttal, to but six, deeming the rest a useless consumption of the time of the court and unworthy the notice of the contestant. Those to which attention would be directed, were the 14th, 19t1, 1923, 1923, 1933, and 195th In reference to the 14th, the papers in the box would be produced to show that the 119 votes for Mr. Thompson were correct. With reference to the 91st, Mr. Kern would be called to show that he did not vote twice for sheriff; that he voted one portion of the ticket in the morning, and the other later in the day, but did not vote twice for sheriff. With reference to the 192d specification, it would be proven that the election of the Judge in the Ninth division of the Fifteenth ward was a fair election and in accordance with law. With reference to the 193d specification, it would be shown that Mr. Spain was regularly appointed a judge by the majority inspector; and in regard to the 195th specification, (Sixth division, Kighteenth ward,) it would be shown that the inspector; and in regard to the 195th specification, (Sixth division, Kightsenth ward,) it would be shown that the election of Mr. Pote, the inspector, was regular.

The return, bourly list, and tally paper of the First division of the Twenty-fourth ward was given in evidence, showing 117 votes for Mr. Thompson.

Mr. Joseph Vaughan testified to the election of Mr. Pote, in the Sixth division of the Rightsenth ward. The election was on the curb-stone, after waiting until near pine o'clock, when there were some forty persons. near nine o'clock, when there were some forty persons

William H. Kern sworn.—I proceeded to the First precinct of the Fifteenth ward, and got a ticket, which I atterwards gave to a friend; got another ticket, which I voted, believing it to be a full ticket; in the afternoon I was informed that I had not voted a full ticket; denied it; but in the evening I went to the election efficers and asked them to show me the tally list, and I found that I was two tickets short; I asked them why they did not tell me and they said I went away too soon; I asked them what tickets were lacking and they told me the ward and legislative ticket; I asked them to allow me to make the licket complete and they consented. Oross examined .- I voted for John Thompson; I went (Orose examined.—I voted for John Thompson; I went away inder the impression that I had voted a full ticket, and I believe they must have dropped the two tickets.

John J. Cromer testified that he was at the pells of the Ninth division of the Fifteenth ward; Dr. Bunton, the judge; and Mr. Wilkinson, the inspector, were absent; the absent inspector was the majority inspector; there were thirty or forty citizens standing around the polls on the morning of the election whon there was a choice made for indee, and he the praprinces gloine of all navies. morning of the election whon there was a choice made for judge, and, by the unanimous choice of all parties, Mr. Culbertson was selected.

Jesse Rex testified that he was at the election poll of the Sixth division of the Eighteenth ward, and he cor-roborated Mr. Vaughan and Mr Faunce in regard to the curb-stone election of Mr. Pote.

Albert Chester testified to the same point, Senurel Daniels testified in regard to the election of Mr. Culbertson.

everal other witnesses were called in corroboration of he above testimony.

Mr. Brewster then informed the court that the counsel for Mr. Thompson had closed their case. A colloquy ensued between the opposing counsel as to which side should be entitled to make the opening argument, both parties laying claim to the affirmative of the isage. The court decided the position assumed by the contestant's counsel to be correct, and directed the argument to Mr. Brewster accordingly addressed the court, substautially, as follows:

May it please your honors: It would hardly be credited,
yet it is an absolute fact, that the petition I now rise to 20th of November last, and that since that date it has been encountering the opposition of our learned friends in the shape of notions to strike out parts of it, and to ash the whole of it, and that its hearing has been delajed by motions upon their part to strike off our rules entered for the purpose of securing testimony in support of our allegations of fraud, and that after what we untood as an arrangement or agreement of all the pareme Court upon what was called the "Army vote que in!" that after that decision was solemnly pronounce favor of the side contended for by the petitioners her our friends should have come in, and occupied the balance of the time in the hearing of the answer which has been under discussion. It will hardly be supposed that the evidence on the side of the petitioners in this important case was opened and closed in less than a quarter of an hour, while the balance of the time consumed has been counsed by the witnesses predent ned has been occupied by the witnesses produced by It may perhaps be of service to your Honors, that I nould classify the specifications stated in the answer; and for I shall have adverted to the ground taken on the part f the patitioner, I shall present the proof, arranging it notes those separate heads, for the convenience of your

we rely upon five only, having withdrawn the balance.
We had obtained evidence, (which was produced before this court in another contested election case,) of the frauds in the arm; but it was doubted by our learned friends on the other side whether a commission could be witherew our ruling for the commission, as also the fifty-three specifications enumerating the frauds which were distinctly proven in the other case. We therefore stand before the court upon the first five specifications in our before the court upon the first five specifications in our petition, and those specifications charge that the army vote was unconstitutional and ought not to be counted to phrase it more correctly, that the section of the law authorizing the reception of those votes was unconstitutional, and that they ought not to be counted. Bejecting those votes from the general return, it is undisputed here that Mr. John Thompson has been elected sheriff by a majority of 146. Now, that these votes are to be rejected is the rubject of express ruling by our Supreme Court, in the case which went to it, of the contested election of District Attorney for the county of Luzerne, and in which the opinion was delivered by Mr. Justice Woodward, and reported in the newspaners of last May I

The Steward's requisition was then read and granted. THE SAFETY OF MAJOR FRINK.—We are often reminded of the uncertainty of life, and the many changes that it brings in the incidents of this war. Houses of mourning become houses of joy, sadness is turned to gladness, and over hearts of gloom falls the warm sunshine of hope and thanksgiving. A few days sgo we announced the death of Major Frink, of the Pennsylvania Volunters. His family had been told of his death, and every inquiry failed to relie a the anxiety that was felt in regard to his fate. Dis friends were preparing to go into mounting; and at his home in Germantown much sympathy and feeling were manifested by his old neighbors and friends. On Saturday evening, however, a despatch was received from General Hartsuff by Msj. Frink's father-in-law, Mr. Hammersly, announcing the Major's safety, he having been captured by the

Corn Exchange, of this city. The object of the visit was to sace tain personally and report upon the superior advantages which the place is supposed to possess as a locality for a navy xard. The result of the lavestigation is said to be quite satisfactory. The soundings of the river revealed the fact that there is a good depth of water, except close in to Bed Bank. The main channel was thirty-six feet, as measured, and is thirty-two to thirty-four feet at low water. The side of the river towards League Island has everywhere the best water, ships being able to lie in fifteen to twenty-four feet at low water anywhere within two hundred feet of shore above the pier, without dredsing, but the entire surface of the river, for two miles in longth and nearly one in width, is available for harbor room close to to Eagle Point.

THE RECENT LIBEL SUIT. - Yesterday THE INCENT LIBEL SOIT.—Y esterday the case of George W. L. Johnson, William Messer, a defricted Grayton, proprietors of a weekly paper, charged with libelling James W. Blaylock, master joiner at the navy yard, was resumed at the office of Recorder Eneu. The evidence clicited was as follows:

Mr. Blaylock was recalled—On the night the watch was left at my house I was at a supper given by the employees of the joiners' department; there was no watch there then; the supper, I suppose, was given as a token of respect to me; I have served an apprenticeship at stair-building, which I consider the finest part of joining work. work.

A MODEL HOSPITAL. - One of the cleanest and most comfortable of the army hospitals of Philadelphie, is the one located in the State arsanal building, at Sixteenth and Filhert streets. There are in it at present three hundred and seventy patients, most of them convalescents. It is under the charge of Dr. Wm. M. Breed, an excellent physician, and therelare four assistant surgeon, four medical cadets, and some twenty nurses employed there. It has been in operation since

Breed, an excellent physician, and therefare four assistant surgeons, four medical cadets, and some twenty nurses employed there. It has been in operation since the beginning of August, and has already sent twenty-five of its patients, currd men. back to their regiments. The second and third floors of the building are the hospital wards, and are fitted up with every convenience which could be needed by the sick. A dumb walter upon a large scale runs from the ground-floor to the top of the building, for the con veyance up stairs of baggage, or if necessary, of very sick men. Each bed in the wards is made of an iron frame placed upon four posts made of hellow thes; each of the tubes containing a rod, which can be run up above the bed, as a support for mosquito netting. Each patient has a table and chair. A straw mattress, and another of corn huss, are upon each bed, and eheets, blankets, and spreads, all donations from the kind ladies of the neighborhood, are in Igreat abundance. A small ward, for the accommodation of patients nearly ready to rejoin their regiments, is upon the west end of the ground floor. One rule of the hospital is greatly to be commended. No one is allowed to enter the wards without a special permission from the assistant surge m, who is officer of the day.

The first floor of this model hospital is occupied by the offices, mess rooms, &c., of the surgeons and catets. An excellent dispensary, employing two apothecaries, is upon the south side of the main corridor. The dining room is large and airy, and will accommodate all the patients. The kitchen is well provided with cooking stoves and boilers, and from the style with which it is furnished ought to, and no doubt does, give the sick first-class mesls. In an adjoining room the washing and ironing is done, and a "Bay State clothes wringer" stands in a prominent position upon the long row of permanent wash tubs. Hot and cold water is plentifully provided throughout the building. Outside, in an enclosure, is the guard room are nearly well.

and in it one can find everything from an egg to a keg of sie, or from a pin to an undershirt. Mr. and Mrs. William Struthers and Mrs. Tevis have been very active in their exertions for this hospital, and the surgeons and patients all acknowledge their kindness. Contributions of under-clothing and provisions are always thankfully received and gratefully accepted. We are under obliga-tions to Dr. Sharpless and Mr. George H. Martin for the gentlementy manner with which they entertained us during the hour we spent at the Filbert-street Hospital. THE U. S. DISHONEST DOMESTIC -Mary Bak r DISHONEST DOMESTIC — Mary Bak r, alies Mary Beck, was charged before Alderman Beltler, yeaterday afternoon, with having stolen from Mr. John Hugler, No. 524 Dillwyn street, a sum of monoy amounting to nearly \$300. She was engaged as a domestic next door to Mr. Hugler, and was in the habit of coming into his house with the avewed purpose of seeing Mr Hugler's daughter. The money was taken from a desk which was stationed in one corner of the room. She was arrested by Detectives Bartholomew and Lamon, aided by Officer Selbert, of the Eleventh ward. When arrested, \$186.25 was found upon her person, and, on a subsequent examination, \$70 were found in her stocking. With the remainder she purchased a bonnet for \$7. a gold watch for \$60 or \$60, and other items of miner impor ance. Two mainter she purchased a bonnet for \$7', a gold watch for \$60 or \$60, and other items of miner impor ance. Two or three other parties with whom she resided complain of having missed things when she was employed withem, but they never entered sult against her. Ehe was committed, in default of \$1.500 bail, to answer.

Passing Counterfeit Coin .- Deputy Marshal Jenkins, on Saturday, arrested Mary A. Kepperly. on the charge of passing counterfeit coin. When arrested, it is alleged that twenty counterfeit quarter-dollars were found in her possession. After a hearing before Alderman Beitler, she was committed to answer. Subsequently, the accused made an affidavit, stating that a man residing in Twelfth street, above Poplar, had sold her the coin, and had manufactured it. The house designated was searched, but the person referred to could not be found, neither any counterfeit implements nor coin.

SINGULAR ACCIDENT.—Yesterday afcernoon a very singular accident happened to a lad named Thomas Murphy, at Sloat's Planing Mill, Nineteenth ward. Murphy was engaged at his work near the circular saw, when a spiloter, about four inches long, from a log, flew off and struck him on the head, entering his skull behind the left ear to the death of an inch. The spilnter was so firmly wedged in his head that it required great strength and a pair of pincers to remove it. The lad was picked up in an intensible and dying condition and conveyed to the hospital. He cannot possibly recover. Be resided with his parents in Beach street, above Brown.

FIRES.—At an early hour yesterday morning a slight fire occurred at No. 834 Shippen street. It was extinguished by the police before much damage had been done.

About ten o'clock A. M. a fire occurred in Elmsley's court, near Second and Dock streets. The roofs of the houses, numbered six and sever, were destroyed, and nouses, numbered six and sever, were usuroyed, and the property of the occupants greatly damaged by water. The cause of the fire is ascribed to a foul chimney, the flames from which had passed through a pipe-hole and set fire to a quantity of bedding.

Burglars Caught .- On Monday reening, four colored persons, named Joseph Thomas, Joseph Henry, Grece Bloore, and Mary Lee, were committed to answer the charge of breaking open and robbing a store in South street, near Seventeenth. The parties were arrested in L betty court, near Teath and Vine streets, and had a quantity of stolen property in their possession at the time.

WALNUT STREET, PHILADELPHIA.

BEAD THE FOLLOWING CAREFULLY.
The difference between fact and fiction, of permanently curing the sick and suffering of their diseases, or advertising to cure, and showing but little or no evidence of cures, can be well appreciated by the anxious inquirers after health, upon attentively reading the following synopsis of certificates from some of the most reliable gentlemen in Philadelphia, who were permanently cured by Prof. BOLLES, 1220 WALNUT street, and after they had been given up as incurable by the most eminent medical men of this city:
The following is a statement of facts in reference to my

Prof. BOLLES, 1220 WALNUT street, and after they had been given up as incurable by the most eminent medical men of this city:

The following is a statement of facts in reference to my condition and astopishing care of Epilepsy:

For five years previous to my knowledge of Prof. C. H. Bolles' discovery of the thorapsitio administration of Galvahism, Magnetism, and other modifications of Electricity for the cure of all acute and chronic diseases, I had been severely sfiliced with Epileptic Fits of the most obstinate character, and had abandoned all hopes of over being cured, as I had for years tried the treatment and received the counsel of the most eminent Medical Men of the State, with a view of obtaining relief if any ceuld be found among the Old Schools; but all my efforts were unavailing, and, therefore, all hopes were abandoned, as I then knew of no greater skill for the cure of obstinate cases; than in the Old Schools. About six months ago my mind was turned to investigate the new discovery of Prof. C. H. Bolles, 1220 Walnut street, and, after noticing several sertificates of cures which were published, and some from persons with whom I was acquainted and knew them to be reliable men, I was induced to call on the Professor and obtain his opinion of my case. After he had examined me about ten minutes, he frankly informed me that he could cure me, and offered to give me a written warrantee of a complete cure, and, in case of a failure, to charge me nothing. This at first seemed an impossibility; but the frankness and earnestness of the Professor convinced me of his scientific accuracy in the diagnosis of my case. He dis closed all my sufferings and symptoms for five years past as well as I knew them myself. I will here state, for the good of humanity, and especially those suffering as I was, that I am perfectly cured. I further would state that mere than four months have elapsed since my cure, and I have had no symptoms, and, therefore, feel confident that I am cured. I shall take pleasure in being referred o Judah Levy, Bronchial Consumption, 814 South Front Street.

N. B.—In addition to the above cases cured, Prof. O.
H. BOLLES has cured two thousand Chronic and Aoute
cases within less than three years in Philadelphia, all of
which cases had resisted the treatment of the most eminent medical men.
Please take notice that Prof. B. does not advertise any Prof. B. has established himself for life in this city.

Prof. B. has established himself for life in this city, and his success in treating the sick is a sufficient guaranty that he claims nothing but scientific facts in his discevery in the use of Electricity as a reliable therapeutic agent.
N. B.—It will be well for the diseased to recollect that Prof. B. has given a word of caution in his pamphlet, to guard them against trusting their health in the hands of those in this city claiming to treat diseases according to his discovery. This caution may seem severe on those using Electricity at hazard, but it is the severity of truth, and designed for the good of humanity. See advertisement in another column.

The repugnance of most patients to COD-LIVER OIL, and the inability of many to take it at all, has induced various forms of disguise for its administration that are familiar to the Medical Profossion. Some of them answer in special cases, but more often the vehicle neutralizes the usual effect of the Oil, proving quite as unpalatable and of less therapeutic value. The repugnance, nauses, &c., to invalids, induced by disguist of the Oil, is entirely obviated by the use of our CAPSULES. OOD-LIVER OIL CAPSULES have been much used lately in Europa the experience there of the good re-
