FIFTH CONGRESSIONAL DISTRICT

In accordance with a Resolution adopted by a Convention of Delegates of the National Union Party, from 22d, 23d, and 25th wards of the city of Philadelphia, and from Bucks county, held at Doylestown, on the 17th of June last, the legsl voters attached to said organization will meet in their respective election divisions in said wards, on SATUBDAY, the 20th day of September, 1862, between the hours of 4 o'clock and 9 o'clock P. M., to elect delegates, by general ticket, to represent said wards in the Congressional Convention, to be held at Doylestown, on the 2:d inst. The 22d ward will elect twelve delegates; the 23d ward will elect twelve delegates; the 25th ward will elect time delegates. By order of the delegates:

received and read:
To Algernon S. Roberts, President of a meeting of citizens of the Eighth Legislative District;
DHAR Sin:—Your favor of the 9th instant, informing me of the proceedings of a meeting of citizens, irrespective of party, has been received and considered.

The only objection to accepting the nomination that has been offered me is, that another person has been nominated for the same office, and the question is, whether I am bound to abide by that nomination.

Hovever varied may be our opinions as to the correct-

In the recent primary elections, conducted without the sanctions of an oath or the fear of a penalty, there were,

sanctions of an oath or the fear of a penalty, there were, in certain precincts of the Tenth ward, the most gross and glaring frauds, the proofs of which I will hereafter give to the votre of the district in detail.

These frauds changed the entire complexion of the Convention; and brought about results in direct contravention of the expressed will of a majority of the legal voters of the district. Under these circumstances I can no more recognize the validity of such a nomination than I could the legality of a forged note.

If this were an experiment tried for the first time, it might pass without notice; but it has for years been practised here and elsewhere, until it has outminated in the overwhelming celamity that has brought our country to the verge of ruin; and these frauds must now be stopped, at any cost of upinat and obnoxious precedents—

at any sacrifice of personal preferences.

That I may assist in this work, I accept your nomination, and throw myself upon the suffrages of the citizens

of the district without distinction of party. If they elect me. I will serve them with all my ability. If I am not elected, I shall have the satisfaction of knowing that I have attempted the vindication of their rights and my

I remain yours and the people's obedient servant,

Pepiember 12, 1862.
The following resolutions were then unanimously

adopted:

Resolved, That the meeting approve and ratify the nomination of Will-L. DENNIE, Req., as the candidate for the Eighth Legislative District, and that we will use all honest endeavors to secure his election, for wa oannot and will not submit to send as our representative a man who is notoriously unfit for the place to which he as-

pires.

Resolved, That WM. L. DENNIS, Esq., has proved himself. a fait ful efficient, and competent representative, ever watchful of our interests and the interests of the Commonwealth, and ever ready and able to defend them; and we believe that the citizens of the district appears in the commonwealth and ever ready and able to defend them; and we believe that the citizens of the district appears in the commonwealth and competent representations.
