From Major General P. Kearney, U.S. A.
Permit me to add my testimony to that of all other
military men, that the publication of Gilham's Manual is
most useful to the country. It is useful for all, but particularly for our Volunteer forces. It is comprehensive,
complete, and reliable. I regard it the best Military
Work that exists. There is no duty either of the Staff
or of the Line that is not thoroughly existenced.
