## ITY ITEMS

mber that for some years past the department stoves in our State Agricultural Fairs has been mar crofized by the well known inventor and ma er of this city, Mr. John S. Olark, whose extenand Salesrooms are located at 1008 Marke So true is this that, in some instances, as our show, all the first premiums and medals were the committees to Mr. Clark for the great asd by him. Our citizens, to a great extent, have orward to these annual displays, in order to "book es up" in the matter of stove improvements, and cortained definitely that the annual fair is not ld in this city, this season, we have thought it a sufficient importance to our readers to advise th regard to at least some of the leading improvehat have been made by Mr. Clark since last seaanticipation of the fall trade. org there, too much praise cannot be bestowed upon

irable manner in which he has improved his ecorned Silver's Patent Air-tight Gas-consuming Store, rendering the latter, beyond doubt, the uplete and in all respects desirable stoves for Parroom, Chamber, Counting-house, and Office et has yet been given to the public. Among the ment alterations and additions which we obtraining this superior stove, yesterday, we lice the following Steamer Alida, Robinson, 24 hours from New York, with mdee to W P Clyde
Steamer Mars. Nichols, 24 hours from New York, with
mdse to Wm M Baird & Co. frit place, the form of it has been so altered imagined. By this alteration the radiating

tender it nearly harp-shaped—one of the most sud beautiful forms for a parlor stove that could of the stove is much enlarged—in fact, doubled heating capacity consequently greatly increased. the most ingenious and striking improvements s his new patent Door, which is olrcular, and le isinglass in such a manner that, by adjusting a a protector on the inside, the glass is thoroughly row smoke, and will retain he beauty and transr years. We regard this improvement of Mr. a desideratum, as it renders the stove absoed in this important partioular. To appreadjoily to be seen. Our readers will relast year Mr. C. introduced into this stove at Esker," by which what was formerly a spicasant process is entirely freed from all to features. This admirable Raking arrangeeen still further improved this season, and is th the attention of buyers. bighly important characteristic of this stove is

e consumption of fuel. Actual experiments sensitisted that by its use one ton of coal will. dicary sized parlor a whole winter. This fact, low that the present and prospective prices of cos isi) bigh, should give this stove of Mr. Clark's ence over all others. The beautiful open-work which it is surmounted has also been improved, chica condensor inside of it, and whilst the refriea b it is so arranged that with the greatest heat of the stove can be regulated at all times to temperature, and at the same time the room is chielded against deleterious gases from the fire; perates as a ventilator. Upon the whole, we have on so many excellencies combined in any single ad belog, withal, an ornament to the most ele miched parlor, we shall not be surprised to find slittle while the stove in question will supersade

#4 must not conclude this notice without a slight ce to Mr. Clark's universuly popular and provercomical Gook Stove. The small amount, of fuel e latter consumes, in doing the entire work of an family, has become a theme of general comment stic electes. This stove not only does its work on amount of fuel, but it does it well. As a baking, oiling, stewing, and boiling stove, it is without and hundreds of witnesses, from all parts of whose names we have ourselves examined on reference register, attest that the maximum coal consumed by it in constant use for the the family is one ton, gross weight, in six This is extraordinary, and is wholly the result tine menner in which the stove is constructho try it praise it for the admirable manner operates, its convenience, and satisfactory every respect. This stove is undoubtedly a ement in the stove making art, and reflects dit upon Mr. Clark's inventive genius, as the which he exhibits are an honor to his proishtforward mode of doing business. We set work to make a stove that would astonish the and he has succeeded. It is not only an admi-

id, but it is immensely durable, and remarks last few months Mr. Olark has been manuthis store with a Water-Back attachment, eired. This is also a very valuable improveits introduction hot water enough is supplied of a dwelling for cooking, bathing, washing, orposes. An sutograph letter of acknowledg-59 of the most prominent citizens of Beading trable to the comfort and convenience of his

to the two prominent stoyes here mentioned, ilso add that Mr. Clark's extensive warehouse, Market street, is now filled to repletion with one magnificent stocks of stoves and Banges, of iption, that have ever been offered to the it should certainly be examined by every one

BROADBENT & Co.'s NEW GALLEmost beautiful pictures that have yet been the Photographic art, are the wonderful and Wenderotypes, invented by Mr. Wondefirm of Broadbent & Co. Nos 912 and 914 et, and made in all sizes, from life, and old I this firm. Their display-galleries are really of Art, and the immense patronage of the only by our first citizens, but by strangers and the most distinguished persons that flak bla, is a substantial tribute to merit. They if added to their fine collection of cartes de Album a number of popular personages

rs, statesmen, and divines. L'LEASURES OF A GOOD DINNER CAN be trationally at the admirably-kept Restaurant rice, S. W. corner of Fourth and Choston; at any other eating house in the city. The at the market affords is always found in his the style in which it is served is a decided at upon what we have been able to find in any trant in this, or any other city in the Union. facilities also for furnishing suppers, both pripublic, to order, at the shortest notice, are pernalled. The fact is, Price's, Fourth and Onest dispensable institution to our citizens. CARTES DE VISITE AT GUTEKUNST'S.

Warerooms at

MESSRS. CHARLES OAKFORD & SON'S FIRST FALL OPENING of Mixtes' and Children's Fancy Hats will take place at their elegant warerooms, No. 836 Chestnut street, to day, and will constitute, as we can assure our readers from an advance glimpse, one of the most attractive displays of fashionable head-gear for little folks that has taken place in this city for a long time Their "opening," we beg leave to state, will embrace every novelty in that line brought out for the present season in the way of fancy Hate for Children. We besreak for the occasion a splendid success, such as Oakford's "openings" can only attract.

"THE OSBORNE" is the name of a new water proof cloak for ladies It is made very ample in the skirt, and with large sleeves, either hanging loosely, or, by means of a cord and tassels, drawn tightly around the wrists in plaits. It has a very pretty expanding bood, which can be worr so as completely to protect the connet and is perfectly water proof. When enveloped in the "Osborne," no lady need fear any portion of her attire being in the least degree injured, even by longcontinued rain. For sale by J. W. Proctor & Co., No. 920 Chestnu street. FINE CONFECTIONS FOR FALL SALES .- We

are glad to announce that Messra. E. G. Whitman & Oo. the celebrated Confectioners of this city, Chestnut street, below Fourth, next door to Adams & Co.'s Express, have now ready their superb Fall Stock of Confection embracing the most delicious and novel varieties of saccharice preparations that have ever been offered in Philadelphia. These gentlemen have labored long and faithfully to establish a Confectionery House in this city worthy of her name and fame as the manufacturing me ropolis of America, and they have succeeded. Everybody uses their goods in preference to any others, an they are unquestionably the finest and purest made, and their prices, moreover, are unusually low.

A FINE STOCK OF BRITANNIA WARE AT Low Prices -Mesers.
