MEETING TO AID ENLISTMENTS-EN-THUSIASTIC GATHEBING .- On Saturday evening last a mass meeting was held in front of the State House for the purpose of aiding recruiting in the 157th Regiment, Col. Wm. A. Gray. The affair was got up with a good deal of spirit, fire-works being displayed and rockets discharged, while there was music not only upon the stand, but at several points in the

neighborhood. The bradquarters of the Board of Trade Regiment were brilliantly illuminated in all the windows. while the stars and stripes floated gaily all over the front of the house. The headquarters of Jol. Gray's Regi-ment were also brilliantly illuminated. So far as aumbers were concerned, the affair was a grand success, and everything conspired to increase the excitement attendant upon the gathering.

Shortly after 8 o'clock the meeting was organized by calling to the obair Wm. Devine, Erq , who, upon taking the chair, made a few remarks squobing the collisiments, but said that he would not detain the meeting with anyextensive remarks, bacause there were a number of elo quent gentlemen present who would address the meeting. The president then introduced the Hon. Wm. D. Kelley. On stepping forward to the front of the staging he was received with rounds of applause. Mr. Relley comced by saying that the meeting was called particularly to encourage enlistments in the 157th Peans) lyauia Regiment, and also to sustain the good name of the city of Philadelphia by rendering it unrecessary to proceed with the drait on Tuesday next.

The honorable gendleman, without wishing to enter into a discussion of the causes of the rebellion, called attention to the fact that Peansylvania was the first State to respond to the call of the President of the United States in defence of the Union. They passed through Bailimore a few days before that city was stained with the blood of noble men from Massachusetts. Mr. Kelley now proceeded in an element style to speak of the man-ner in which the Pennsylvanians had borne the brunt of many battles on the Peninsula, and had always acted in a brave manner, and thus shed imperishable lustre on their arms.

Stirring speeches were a'so made by Col. George H. Orosman, Ool. Gray, William H. Maurice, Hon. Charles Gilpin, and Rev. J. W. Jackson. Enlistments wer urged as the means of avoiding a draft and saving the credit of Philadelphia, and Col. Gray's regiment was recommended, although the speakers expressed their de sire to see all the regiments now recruiting filled. A nortion of the regiment commanded by Col. Gray was present, having marched in from camp. The mon were cheered. Every allusion to Gen. McUlellan, Gan. Barnaide, and Gen. Rosecrans was enthusiastically cheered The meeting adjourned about on o'clock.

THE COMING DRAFT.-Meetings are being held in all parts of the city for the purpose of adopting measures to at once raise the necessary number of men to save the city from a draft. On Saturday evening an enthusisstic meeting of the citizens of tha Tenth division, Flitcenth ward, was convened at the corner of Costes and West streets, to make arrangements to raise the number of men necessary to secure the division from the stigma of a draft.

David A. Allison, Esq , was called to the chair, and Lieutenant W. W. Allen officiated as secretary. A committee consisting of the following-named gentlemen was appointed to solicit subscriptions as an additional bounty fund to those who enlist from the division: Mesers H. L. Leiseuring, A. O. L. Crawford, Dr. B. Etewart, John Kilgore, C D. Supplee, E. D. Warren, John W. Stokes, Walter F. Shuitz. D. A. Allison, W. W. Allen, J. F. Kille, Jesse Boulden, Charles Van Horn, Jesse Cox, James M. Toy, and William F. Sullivan.

A committee, of which Dr. R. Stewart is chairman, was appointed to canvass the several slocks of the preoinct to ascertain the number of men enlisted now in the

The committee on subscriptions reported that they has received contributions to the amount of \$1,700. The meeting then adjourned to meet this evening, at

7% o'clock. The boanty for all the recruits from this diision is expected to exceed \$500. A meeting was also held yesterday in the first precinct of the Sixth ward. and a committee was appointed to canvass the precinct to ow many men were now in service.

DESTRUCTIVE FIRE ON SATURDAY EVENING .- About seven o'clock, on Saturday evening, fire broke out in the rear of the northeast corner of Eleventh and Walnut streets. The fire was first seen in. the organ manufactory of Joseph Buffington, in the rear of his dwelling and show room. No. 131 South Eleventh street, and it is supposed to have originated there. The

fiames spread with great rapidity, and the entire struc ture was soon in a blaze and sending forth sparks and burning flakes which were carried to a great distance by the wind. The firemen were soon in active service, but heir powerful streams seemed scarcely to affect the flames for a long time. The workshop of Mr. Bufflucton, on Juvenal street, was entirely des royed, and his dwellesclutions

ing and show room on Eleventh sireet were scorched, and ustained much damage by water. The buildings were owned by the occupant. It was impossible to estimate his loss last night. He has an insurance of \$1,000 on the front building, and \$500 on the contents of the manufactory on Juvenal street. The factory building was unineured.

On the south of the manufactory, on Juvenal street. a dwelling, which belongs to the Powell estate, and which was occupied by poor Irish and German facilies, took fire, and was partly destroyed. The occupants saved nest of their goods, in a damaged condition. The build ing is insured

No. 133 South Eleventh street, a two-and a-half-storied brick dwelling, belonging to the Powell estat-, and occupied by Clark & Stafford, manufacturers of blinds and

window shades, and in the rear by Isaac Edelman, carpepter and builder, was burned in the rear and damaged in front by water. About one hundred dollars' worth of furniture, belonging to Miss Myers, was stored in the loft. It was destroyed. There was no insurance upon this property. No 1:9 Eleventh street, occupied by J. & E. De Brust

as a furnishing store and dwelling, was damaged by water. No insurance. On the rear was a building which ronted upon Juvenal street, and which was occupied by I & E. De Beust for storage purposes, and by MESSIS. Robert Borthwick and Frederick Forst, upholsterers which was badly damaged by both fire and water. This onliding is owned by Mr. Skerrett, of Germantown, and s supposed to be insured.

No. 127 Eleventh street, occupied as a fruit store and welling, drenched with water. Insured.

The northeast corner of Eleventh and Walnut streets occupied as a drug store by Lenher & Spencer, and by Mrs. M. Hart as a dwelling, was scorched in the rear and damaged slightly by water.

-On Walnut street, the fine row of dwellings betwee Eleventh and Juvenal streets, were all more or less da gerous They were tenanted as follows: No. 1039. Mrs James Betts: No. 1037, Misses Burgin and Myers, Young Ladies' Seminary, and Henry Manger, Artist; No. 1035, Mrs. Martin and Mrs. Quayle, fancy goods, and Mrs. Margaret Tyler, boarding house ; No. 1033, B. Velllant, eacher of languages, and Drs. Gibbons and Briscoe, No. 1031, northeast corner of Walnut and Juvenal streets. was badly scorched in the rear. This building was unoccupied. No. 1029, occupied by Dr. J. B. McUlellan the brother of Gen. McOlellan,) was damaged by water. The fire burned stubbornly for over two hours, during which time the travel on the Obestnut and Walnut, Teath and Eleventh, and Thirteenth streets railway lines was suspended. It is not known how the flames originated. Fire Marshal Blackburn will investigate the matter.

SPIRITUALISTS IN CONVENTION .- A goodly number of the disciples of Spiritualism assembled sesterday at their usual time and place of meeting. The small number present were addressed by three or four speakers, who were at least candid in their expression of opinions, however much those of one differed from those of another. One of the speakers said that far back into the infinite past there existed one central mind, and two kinds of matter-the visible and the invisible : that all the forms and circumstances by which we are surrounded are the ideas of God being outwrought; that these ideas form but the vestibule of divine truth, which is as a did palace full of more glorious conceptions than splen ever yet have been developed. The question in regard to the origin of thought was dilated upon by several speakers, and, to us, some contradiction appeared to exist between the various theories propounded-facts

they were called. One speaker denied that man had power to create anything, even thoughts, and then went on to remark that such creations may have given rise to the devil, and all such theological absurdities. We were born blank, it was said, with the capacity to receive impressions, but without these at the time of birth. Impressions once made can never be wholly obliterated, we never can wholly forget. One of the speakers forcibly contradicted a statemen which one of the previous speakers had made, viz : that the greatest part of what we were taught at school was erroneous. In confintation of this, it was remarked that the laws of language as taught were not erroneous; arithmetic was not erroneous ; geography was not erroalica was not

ANNUAL MEETING OF THE PANNSEL-VANIA ANTI-BLAVEBY SOULETY .-- The twentyfifth enrual meeting of the Pennsylvania Anti-Slavery Society was held in Horticultural Hall, West Chester, on laturday last. sgreeably to notice. James Mott, the President, occupied the chair, supported by Thomas Whitson and Bobert Purvis, Vice

Presidents. In the absence of Benben Tomlinson, the Recording Secretary (who was stated to be at Port ) oy al superintending and teaching the freed blacks.) E. M. Davis was appointed Secretary. A written address was delivered by Wm H. Furness, in which the cause was reviewed and the society congra-tulated on the near approach of is final triumph. Dr. Forness was followed by other speakers, in a similar line of thought, and the meeting took a recess till after-

AFTERNOON SESSION. The Chairman of the Business Committee reported the ollowing propositions for the action of the society :

EXPRESSION OF SENTIMENT. Met to colebraie our twenty fifth antiversary; to re-view the events of the past year, and to consider the prospects and obligations of the year to cons, we, the members and fitted of the Pennsitvatia Anti-Slavery Society, adopt for record the following as an ex-pression of sentiment suitable to the occase is of Hod, and not a mere human invention; that Hs has brought it thus. n its successful way, and that He will conduct it to

The war now in progress between the National Government and the insurgent slaveholding States is, in all its essential features, a war between liberty and sla-very; it is the anti-slavery contest transferred to a new field; it is the question for which this Society had in vain sought a peaceable solution, now submitted-by apreal of the slavoholders to the arbitra aent of the sword, and no trusfriend of freedom and the right, what-ever may be his forror of bloodehed, or his aversion to war in liself considered, can fail to sympathize, in this ptest, with the champions of the Government, and to

North and South, bond and free, since the breaking our of the war, has been such as to challenge respect and exof the war, has been such as to challenge respect and ex-cite pleasing hopes of the future. In the North, forget-ting their life-long grievances, they patriotically offered their services for the defance of the country, and, being rejected, quietly withdrew, and have since continued in the peaceful pursuit of their usual avocations. In the Sonth, as slaves, they have waited patiently for the day of deliverance, hating their chains, but resisting all worked in dustriously on their plantations and in trenches, as at Port Boyal Newbrn, Fortress Mon and in Kansas, and where an construction emptation to vindictive massacre; as freemen, they na and in Kansas, and where an opportunity has offered, have gladly enlisted as soldiers for the defence of the country; thus proving what should have needed no il-

ANOTHER CHARGE OF / TREASON .---Clantain William Sherwin was arrested on Friday by Detectives Taggart and Smith, upon the charge of aiding and abeiting treason. Sherwin, it seems, has been engaged in buying and fitting out prizes sold, in this port. Becently he purchased the prize schooner Dixie. and after fitting her out he cleared for Havana. In Delaware bay he picked up five passongers, who paid him five hundred dollars in silver for a passage to Nassau, New Providence. These passengers were placed upon a wrecking schooner, and taken into Nassau, while the Dixie was taken into Havana and sold. One of the passengers picked up by the Dixie was a renegade United Sistes officer, and all were bound to the dominions of Jeff Davis. Officer Smith went among the Secesh in the lower part of the State of Delaware, and gaintd abundant information concerning the underground railroad eystem between the North and South, of which Captain Sherwin's line formed a part. The enterprising captain was sent to Fort Delaware by orders from Washington.

THE POSTAGE CURRENCY .- The As-

sistant Treasurer of the Mint states that in future public notice will be given whenever a general delivery of the postage currency will take place at the Mint. The receipt of corrency from Washington not being upon any regular days, he is unable to fix a time for delivery until after the arrival of the money. If some plan could be adopted by means of which speculation in this currency could be stopped, the contrivers of it would entitle themselves to be considered public benefactors. To prevent this practice, the dispenser of this description of change at the Mint refuses to give any single applicant more than five dollars' worth at once; but the shrewa brokers, who have the best opportunity of knowing when there is postage currency on hand, sonds droves of boys to secure it for the purposes of their employers. This currency, instead of being placed in the hands of the general public. where it is so much needed, is monopolized by speculato rs in spite of the well-meaning efforts of the Government.

SALE OF THE CARGO OF THE STEAMER LADONA -The sale of the valuable cargo of the prize steamer Ladona will take place, on Thursday next, at Patterson's stores. Front and Lembard streets. I'he catalogue embraces 1,114 lots, 148 of which are composed of drugs, and the remainder of wines, brandies, cordials, whisky, ales, &c. In the list of drugs are 2,400 onness of Howard & Son's quinine, 128 pounds powdered ipecac. 116 do. opium, 150 do. chloroform, 140 do. camphor, 140 barrels of epsom saits, &c. The wines and liquers include almost every description of both kinds, a large portion of the brandles being of French manufacture From present appearances, this will be the largest prize sale that has taken place in this port since the war.

FAIRS .- 'I he ladies' fair for the Church Annunciation, Tenth and Dickerson streets, as previously announced, will open to-day week, Novembe Ed. in the Mulical Fund Hall, Locust street, between Bighth and Ninth, and continue two weeks. We understand a splendid variety of useful and ornamental articles will be on exhibition. A grand fair is to be held at Concert Hall, from the tenth to the twentieth of Decom ber, inclusive, the proceeds of which will be divided batween the tick and wounded on the field and the hospitals in and around Philadelphia.

HOTEL THIEF. - One of the boarders at the Western Exchange Hotel, at Fifteenth and Market streets, was aroused, on Friday night, by the pressuce o a man in his room The intruder had secured the pocketbook of the sleeper before he was observed, but dropped it immediately upon discovery. The rascal was taken into custedy, and handed over to the authorities. He gave his name as James Patterson, from Pitteburg, and was committed for trial by Alderman Devlin.

WILSON, ANDERSON, & CERNEA are in receipt of another valuable box of hospital stores, for-warded through John N. Stokes, Esq., of Stroudsburg, from the ladies of Tobyhanna, Monros county, Pa. to be sent to the hospital at Broad and Oherry, this being the third box received from the ladies of Monroe county, by, the shows firm, for which the sick and wounded soldiers return their thanks.

TRANSPORTATION OF SICK AND WOUNDED .- The Firemen's Convention for the Transportation of [Sick and Wounded Soldiers will meet tomorrow evening, at the Hall of the Northern Liberty Hose Company. The final report of the Investigating Committee will be read.

Yrs, verily, and if you doubt it, read carefully the following extracts of letters, and also opinions of some of the most eminent Medical Men of this and other States, who have been traveling and leeving, tacching and could suffer traveling and locturing, teaching and opplying the differ-out modifications of Electricity, as taught them by Prof. BOLLES:

BOLLES: BEAD THE FOLLOWING FEOM EMINENT M D's. The tealmony or a Medical Man of the Old Schools, thirty years-fifteen years in the Ailopathic School and differen in the Homeopathic—and has for two years sinee, being qualified by Prof. B., made Electricity a 'peotaky, has cured thousands never benefited by medicines: Sume five months ago I was attracted by a o'urd of Professor Bolles. I have seen a great number of patients who had availe's theored by all other known remedies—permanently cured by a few applications of Electricity is and what has surprised me most, was the rapid improvement and cure of many cases pronounced pulmonary consumption by their physichens, because I had been instructed by Dr. Paige to avoir all anch cases, BEAD THE FOLLOWING FROM EMINENT M D's. rapid improvement and cure of many cases pronounced pulmonary consumption by their physicians, because I had been instructed by Dr. Paige to avoi i all ench cases, as the treatment tended to injure. I feel impelled by a sence of duty to caution the public against the indisori-minate use of Elicotricity, as I have known injury to re-sult from its use, in the hands of the ignorant. I would here remark that I have never in my whole experience, or observation from books, pamphlets, or intercourse with men, read or heard of the general or special appli-cation of Elicotricity to the cure of disease, as taught by Professor Bolles, and, therefore, conclude it is original with him.

My abundantly completent to cure an curate oraclass. By experience and success, after extensive practice, fully warrant this assertion. Were I sick with a fatal disease, I would far sooner trust my life in the hands of a skilful Electrician than all the "pathles" on earth besides BUFFALO, N. Y. W. B. WELLS, M. D.

PROF. I would further state that I have for the pas few weeks used Electricity in my practice, to the solu-sion of nearly all other remedies, and have been emi-nently encoessful, and consider it a universal tharapentito. What I have now to say is from actual observation, as I have spent most of my time for the last two months with Prof. Boles, and have witnessed the effects of the Elec-trical agent on from fifteen to twenty-five patients a day, trical agent on from fitteen to twenty-nee pt sould a day, suffering from almost every form of chronic disease; and as strange as it may appear, in a majority of cases a per-fect cure was effected in from five to fitteen days. And I will here r mark that most of his patients were afflicted with long-standing complaints, considered incurable by all other known remedias. H. G. KIBBY, M. D. CINCINNATI, Obio.

PROF. BOLLES: I believe your discovery to be a re-liable therapeutic agent, and feel it mr duty to recom-mend it. Since I have received instruction from you, I have applied it in cases of Aphony, Branchitis, Grea, Amenorrheca, Asthma, and Congestion, and find that I have the same success that you had when I was under your instruction I invariably recommend medical men to credit themselves of an output of becoming no and pilot cloth and other over costs, frock, dress, sack and business costs; Garricks, superior cloth and cassi to avail themselves of an opportualty of becoming ac-quainted with your new method of applying Electricity. IMPORTANT ABBREST OF A SUPPOSED RE-BEL SPY .- On Saturday morning Deputy Marshai Jenkins arrived in this city, having in custody the Rev. J. J. Stein, of Perry county, Pernsylvania, who was charged with treason in betraying Capt. Palmer, of the Anderson Troop, into rebel captivity. The prisoner is said to be a Lutheran minister, but has no regular station to preach the Gospel. Some time since he volunteered his services to the Government as a scout, and ----

because of his familiarity with the local divisions, streams, roads, suy more than the local divisions, land, and Pennsylvanis. After the rebels were thrashed out at Antietam Greek, Captain Palmer had occasion to cross the Potomac. He was accompanied by Stein, who conducted him to a farm house near dam No. 4, where they had crossed. Shortly after arriving at be house Stein absented himself and remained away entered the hour Fot long after Stein departed the rebels Palmer, since wurch ime he has not been heard from. Thus the offsir stood. Nothing was seen or heard of Stein until the rebel rate Stein until the rebel raid was made on Chambersburg. He arrived there in advance of them, and remained during their stay. He was recognized by a number do bnew him, and they closely watched his mover do of Stuart's was frequently seen in conversation with respectable men was frequently seen in contrained a responsion of the evidence is the confidently this, it is confidently cflixers. When the Governor visited Hegeriteria the rebels had left. He remained there a abreatime, and within an hour or two after he return a part of the rebel cavalry made a grand dash into the town, and from certain remarks which fell from some of their lips they were evidently in search of him. He secaped only a few hours before the rebels made the dash.

The United States Marshal received 'an order on Esturday week, from the War Department at Washington, to arrest Stein. The documentary authority was placed in the hands of Mr. Jenkins, and on last Saturday, in company with Mr. B. M. Evans, of Philadelphia, who knew Stein very well, he started for the interior After much travelling, they finally traced Stein to his residence at Newport, Perry county, just after he had arrived there on a visit to his wife. He was brought to Philadelphia, and on Saturday morning was taken to Fort Delaware by Deputy Marshal Sharkey.

second lieufenant. First Fergeant James Wilson, Company A, promoted

to second lieutenant First Sergeant John B. White, Company G, promoted

to second lieutenant. First Sergeant William Worrell, Company I, promoted

to second lieutenant. Captain Crocker is acting adjutant of the regiment.

He owes his promotion to his gallant conduct at Blackford's Ford, Virginia.

RELIGIOUS. - The Rev. James Y. Mitchell was installed pastor of Coates street (New School) Presbyterian Church, last evening. This church has been without a pastor for some time, the Rev. Geo. Duffield being the last.

The Bev. Dr. Washburne, of Connecticut, has accepted a call tendered him by St. Mark's (Wilmer, late rector) Church, of this city. TThe Rev. Wm. Johnston Allstone has received and

cepted a call to St. Thomas' African Oburch in this city. He enters upon his duties immediately, and has a very interesting and important field to labor in.

might be erroneous The speaker believed what he knew to be true, what could be demonstrated to him. In regard to things not demonstrable, he held his belief in suspense, in a sort of non-committal state. He thought that, in regard to a certain transaction, the telegraphic wires had more to do, in telling what time the note came due, than any spiritual manifestations. A indicrons instance was also

referred to, in which the spirits had evinced more loquacity than veracity. Remarks were likewise made, endeavoring to convince the auditors that this part of the world at least was fifty-

six thousand years of age. Cypress trees and Indian skulls, found in strange situations, were adduced in testi-mony, and the speaker smoothly proceeded until he was suddenly taken up by one of the auditory, who claimed to have been present at the place mentioned, to have witnessed the whole transaction, and to possess abund-

ant proof that certain statements which had been made relative thereto were not quite so unamalgamated with error as might be desired. We are sorry to state that too much of a spirit of quibbling marked this meeting. Those who go there unprejudiced and with a desire to seek the truth, should at least be treated in as genue. manly a manner as that with which they behave. In the evening. Mrs. Wilhelm discoursed on the "Philesophy of Death," and was listened to hy as extension A demanded.

SHOCKING CATASTROPHE-TWO PHI-LADELPHIANS DEOWNED .-- One of the saddest accidenta which ever came under our notice occurred on Saturday last. Misses Emma and Anna, A., daughters of J. M. Christopher, Esq , of this city, accompanied by Mr. Harry Bitchie, started on Saturday on a pleasure-trin. intending to visit some friends at Port Deposit, Maryland. On the arrival of the train at Havre de Grace they took the boat and were near their destination when the first owner to which we refer took place. anna A. Christopher was standing on the hurrican Mis-stand I. Commonstant and guards of the boat were very low, and the boat lurched considerably. The attention of the two being oscupied, they did not perceive their imminent danger, and before timely warning could be given they were precipitated into the stream. Mr. Kitchen was not a large man, but was an excellent swimmer, and his long-continued and strenuous endeavors to save his companion were noble in the extreme. For full fifteen minutes he clung to her, supporting and trying to save her. His efforts, alas! proved inffectual, and the last desperate struggle over, both sank to rise no more We do not know what action was taken by those on board the boat in regard to the rescue of those unfortunates. It should seem that but little could have been done. The sister meanwhile was in an agony of despair and did all that frantic affection could do to effect their deliverance. All yesterday the remaining slater lay in w very critical condition at the residence of her parent No. 1019 Wharton street. Mr. Bitchie's residence was at No. 1209 South Fourth street. Upon information of the

disaster, proper parties were immediately desoatched by the parents of the decease to endeavor to recover the bedies, but, up to last evening, their efforts were unsuccessful. Miss Anna was about twenty years of age, and Mr. Bitchie about twenty-five. We cannot too mu h lament so sudden and so grievous a calamity, happening in the midst of enjoyment to two beings in the prime of youth and strength.

She started from the wharf of the Penn Iron Works shortly before noon, and reached Ohester in an hour and fiftythree minutes after passing the navy yard. On the return trip she consumed only one hour and sixteen mi-ntes in reaching the navy yard. During a portion |ef the time she made twelve and a half knots an hour-the best time made by any steamer of similar construction for many years. The vessel is 400 tons burden, 159 feet in length, 27 feet beam, and 9 feet in hold. She is capable of carrying 36 cabin passengers and 250 tons freight. The

which have never been duly estimated. 11. The vulgar prejudice against people who are wholly or in part of African descent though still virulent, is steadily yielding to a more enlightened sentiment, the evidence being seen in the fact that, in obedience to popular demand, authority has been granted by the Go-vernment for the enlistment, in certain locatities, of black men as soldiers; and, in the additional, fact, that the ani-negro clamor, though still an effective expedient with demagogues, has lost its potentiality with respectable people, being only of avail with the most debased and ignorant.

12. The progress of anti-slavery truth, and the preva-La. The progress of anti-stavery truth, and the prova-lence of a better public opinion, are visible in the improved tone of our ministers of religion, and the more unexcep-tionable action of ecclesiastical assemblies; so much so that it may no longer be said, with propriety, that ... the American Church is the bulwark of American slavery.<sup>13</sup> 18 While we find much to cheer and designt us in a source of any non-bittere there is an each state of the set. 13 While we find much to cheer and desight us in a review of our past history, there is nevertheless, in the reflections incident to such a retrospect, not a little to inspire us with sadness. Our ranks have been thinned; loved ones have departed, and time and care have ploughed deep furrows in the faces of those who remain. I. Finally, regarding our duty to the country and our obligations to the anti-slavery cause as running in parallel lines, and believing, as we have ever believed, that whatever promotes the interest of the one conduces to the weifare of the other, we, of necessity, as consis-tent A bolitionists, range our elves heartily on the side of the National Government; and, while retracting nothing of what we have hitherto had occasion to say of the nature and effects of the Federal compact, we d but just to here add, that the preservation of the Ma-tional Union against all efforts of its enemies, either at bome or abroad, to dismember or destroy it, is an object which lies near to the heat of every Abolitionist, and claims his best assistance for its accomplishment. These propositions were considered at length. They

were all sgreed to without dissent, except the last, and that, as originally reported, was objected to, on the ground that its terms were too unqualified to permit peace men. of whom there were some in the society, to vote for it without inconsistency. It was altered into its present form, which obviated all objection, and the whole was adopted by a hearty vote.

The evening session was devited to a verbal report of the proceedings of the society, and general review of the state of the cause, by J. M. McKim, corresponding secretary, and addresses by George H. Earle, Esq., Olver Johnson, Lucretia Mott, and Miss Anna Dickinson. Mr. Earle's address was delivered by special invitation.
