Under an order from the President of the United
States, a national system has been established by the
SANITARY COMMISSION for the safe transmission EYRE & LANDELL, States, a national system has been established by the SANITARY COMMISION for the site transmission and judicious distribution of articles contributed by the people, for the sick and wounded of the Army and Navy. The system, after being well tried, has been formally approved and recommended by the President, the Generalin-Chief, and the Surgeon General. The security it offers against misappropriation is practically perfect, until the contributions are delivered in the hospitals, where they necessarlly pass from the control of the Commission. Of more than a million articles sent through one of the largest of its channels of supply, it has been ascertained that not one hundred have miscarried, or been dishonestly used. Discreet and trustworthy agents are constantly employed in visiting all divisions of the army, including those on the Southern coast, the Mississippi, and the Western frontier, to observe their wants, to direct supplies where they are most needed, and to secure, as far as practicable, their honest use. The Commission desence undertake to deliver articles to individuals, and declines to receive contributions with any restriction as to their destination, within the limits of the force employed in the service of the Nation, it being one of its secondary objects to strengthen the sentiment of National unity wherever it can come in antagonism with State or local pride. The distribution of hospital supplies is but a branch of the work of the Commission. It employs the best professional talent which can be obtained in the country, to aid its larger purpose, to do all that is possible for the health and vigor of our fighting men, to lighten their burdens, and to sustain their spirits under the privations and hardenips which are an essential part of successful warfate. For this purpose, contibutions to its treasury are solicited. They may be directed to OALEB OOPE, Esq., Treasurer of the Philadelphia Agency, No. 503 MARKET Street, or to William Depository, No. 1235 OHESTNUT Street.
