## THE CITY. BW by S. S by E..... S SW ..... SSW..... SSW

CAMP PHILADELPHIA. - Nothing of special interest is transpiring at present at Camp Philadelphia. The soldiers, not numbering more than three thousand, are very well provided for, and, as a rule, express no dissalisfaction. They have plenty to eat, and, being thus pientifully provided with the one great requisite, have small room to comp ain of the many inevitable inconveniences of camp life. The rations are not only abundant, but also good. Although at first some dispatisfaction was experienced from the bad choice of cooks, and the delay or inopportune arrival of provisions, yet matters in this respect have now become completely satisfactory. In pleasant weather the hours not employed in drill-and these do not exceed four hours a day-are disposed of without much trouble. In rainy weather the most bardened of the drafted do not care to venture beyond the shelter of their tents. The na. ture of the ground has been severely tested by these heavy rains, and has stood the test admirably. One regiment, commanded by Colonel Hubble, is accommodated in barracks which present a substantial and comfortable appearance. The 174th Regiment, Colonel John Nyce, is the only one at present furnished with arms, though the others are being provided as quickly as circometances will admit. It is given out that, on Thanksgiving Day, there will be a parade drill. Whether the soldiers are in too much of a transition state for such a display is a matter of question. Whether the drill does or does not take place, however, the grounds will be full of visitors on that occasion. Several regiments have already been formed of the drafted militia. All the field officers have seen service. The list of these, as far as

completed, is as follows: The 174th Regiment, composed of eight companies from Bucks county-Colonel John Nyce, Lieutenant Colonel Edw. T. Hess, Major J. B. Roberts. Hess having been promoted to the livutenant coloreley, the position of captain in Company A is vacant The other companies are Company B, Captain E. J. Geissenger ; Company C, Captain J. H. Affisbach: Company D, Captain George M. Hager ; Company E, Captain Bailey : Company F, Captain Harris; Company G. Captain J. B. Roberts, promoted to the majority; Com. pany H. Captain Z D Morris; Company I, Captain Stephen Williamson; Company K, Captain Beans. The 175th Regiment, composed of eight companifrom Chester and two from Montgomery-Colonel Samt Dyer; lieutnant colonel, Francis C. Hooten; major, Isaac McClure

The 176th Regiment, composed of seven companies

from Lehigh and three from Monroe-Colonel, E. A.

Fleckner; lientenant colonel, Wm. H. Todd; major, The regulation in regard to substitutes, who are comnelled to enter the old regiments, going into force yes terday, Col Todd's headquarters became the scene of much commotion and discussion. Numerous applications were made, and on Saturday last one hundred men, having provided themselves with substitutes, were discharged. The bappy looks of the fortunate ones were a feast to the eyes of the benevolent.

THANKEGIVING DAY—HOW IT WILL BE OBSERVED .- On Thursday next, in accordance with the proclamation of his Excellency Governor Curtin, the people of this State will render thanks for the many blessings and favors bertowed upon us during the past year. As usual, the day will be observed in this city with great solemnity. The heads of departments, stores, and other places of public business generally, will be closed The Right Rev. Alonzo Potter, bishop of address to the clergy and congregations, relative to the

observance of the day : observance of the day:

The Other Mexister of Pennsylvania has appointed Thursday, the 27th day of the present month, as a day of "Prayer and Thanksgiving to Almighty God for the fruits of the earth; and all the other blessings of his merciful Providence." The Church provides a special service for such occasions, and the feelings of every plous heart will prompt to its observance. Though involved in a senguinary civil conflict, its worst horrors and calamifies have been kent from our own borders. We have mittes have been kept from our own borders. We have been spared the ravages of pestilential disease. Our barns are filled with pienty; and we have to thank the Giver of every good and perfect gift, for the blessings of educa-tion, of civil and religious liberty, and of domestic peace and concerd. Let us, then, assemble in our res places of worship, in obedience to this call of the civil and ecclesiantical authority, and offer up united prayers and praises to the Sovereign Dispenser of all our bless And let us, also, honor the Lord with our substance, during the coming winter. and with the first fruits of all our increase. The poor we have slways with nu; but at this season, especially, of trouble and war, we are surrounded by those who kuffer from sickness and indigence I ronew, therefore, the cust mary appeal in behalf of the Hospital of the Protestant Episcopal Church in Philadelphia. Its work is among the sick and wounded who are in strattened circumstances. Some of its sources of income are likely to fail, and its labors can be continued and enlarged only through the liberal gifts of our congregations. I would request, therefore, that in every church opportunity be given to the people to contribute to this institution, and thus lighten the burden of care which rests upon its managers, whill relief is ext. nod to many of the children ble and war, we are su

thus lighten the burden of care which rests upon its managers, while relief is ext nded to many of the children
of suffering and want.

"Bleezed be the man that provideth for the sick and
needy; the Lord shell deliver him in the time of tronble." "Be merciful after thy power. If thou hast
much, give plenteously; if thou hast little, do thy diligence gladly to give of that little, for so gatherest thou
thyself a good reward in the day of necessity." "Whoso
hath this world's goods and such his brother have need,
and shutteth up his compassion from him, how desileth and shutteth up his compassion from him, how dwelleth Episcopal churches of this city will be open, and the proceedings will be conducted with great solemnity. Special prayers for the welfare of our country and suc-

cess to our brave troops in the field will be offered. From present indications the city will bear an unusually quiet and holiday-like appearance. A number of religious societies intend catabrating their anniversaries during Thanksgiving day and evening, and and private charitable institutions. Last year there was a grand military turn-out, but it is more than probable that this will be dispensed with the present season. At-tention, will be particularly paid to the large number of the and wounded soldiers in our midst, and arrangements are being made to give them a grand feast. This part of he programme will be conducted by the benevolent ladies of the city, and nothing will be left by day or in and long remembered by the worthy recipients. At some of the hospitals there will be vocal and instrumental music, and addresses will also be made.

The benevolent should also bear in mind that we have others in our midst, besides the sick and wounded, who are worthy of some consideration, and contribution to render them happy on Thanksgiving day. We have here the families of the absent soldier; mothers, with their little ones, who must not be suffered to go uncheered. These, also, should be hunted up, and privately provided for by those who are able to give. Let the day be fully observed, and let nothing be left undone that will tend to promote the happiness and welfare of every poor and well disposed family.

DONATIONS TO THE REFRESHMENT - SALOONS .- The following donations to the Cooper Shop Saloon and Hospital have recently been made: Proceeds of fair held at No 838 North Eighth street, by Miss E. Holland, \$8; do at 2038 Callowhill street, by Miss Mary Clement, Kate Dearle, and Letty Pike, \$15 donation box, \$1.5: American Fire Insurance Company, \$50; Mrs. Henry Prinker, \$10; Sylvester Con stantine, \$5: Union Bank, \$25; proceeds of fair held at 1208 South Front street, for sick and wounded soldiers Anna Wick, \$20; do. held at Swedes' Church, by Misse Wilhelmina Pearce, Elizabeth Selby, Maggie Linn, Annie

Contributions received by the Union-Volunteer Re-

Belby, Mary Holt, Mary Glenn. \$106.66.

HADDINGTON HOSPITAL.—The Haddington Hospital is situated just opposite to, and at the farther most limits of Camp Philadelphia. It has been in operation for three weeks, and will accommodate one hundred and eighty patients. Additions are expected shortly to be made by which a very much larger number can be accommodated. The arrangements through-out are very complete, and those in the tank-room, in case of fire, are quite admirable. Dr. Levis is the surgeon in charge; Drs. Jillson and Ordman are the assistant surgeons; and the ward master is E. M. Whiteside Charles Baker and F. C. Holland are the stewards The patients now number thirty. The visitors are not small

in number. Care and cleanliness are visible throughout

every department.

M. E. ANNUAL CONFERENCE.—The Philadelphia Annual Conference of the Methodist Episcopal Church will hold its next session in West Chester The Conference recomposed of ministers exclusively. numbers about two hundred and fifty members, under whose care there are about sixty thousand communicants. The field of labor occupied by this Conference embraces the State of Delaware, the Eastern Shore of Maryland, and a portion of this State, excending as far deeply interesting session is anticipated. It will meet or Wednerday, the 18th of March next, and be presided over by the Rev. Bishop Simpson. This body selected West Chester as its place of meeting by a unanimous

DROWNED .- Thomas Hartley, justice of the peace of Progress, New Jersey, held an inquest, en Saturday, upon the body of, a man which was found in Rancocas creek. The deceased is supposed to have been Benjamin Sharp He had enlisted in the marine corps on the 19th of August, 1862, and was discharged consigned to Workman & Co. instead of captain. on the 23d of October, on account of disease contracted while in the line of his duty. On his person were also found the discharge papers of Bills J. Little, who had antered the marine corps on the 5th of November, 1857. The deceased was on his way from Washington to Philadelphia, but got into the New York card. After leaving Camden he spoke to the conductor, who told him that he had better get off at the first station, and he is supposed to have walked off the bridge at Rancocas creek, where the cars stopped for water

THE IRON WORK OF THE CHESTNUT-STREET BRIDGE -The several segments of the arch required for the Chestnut-street bridge are being cast at Kaighn's Point Of the se 11b segments 180 are required. each being 12 feet long, and weighing 7,000 pounds. A large number of the plates on which the ribs are to rest, been cast; also, braces, open work, making altogether about 400 tons. The entire a mixing altobeen cast; also, braces, open work, gether about 4(0 tons The entire a for travel, it is calculated, will weigh in the neighbor-

hood of 1,800 tone, and about ten tone are cast daily. COLONEL GRAY'S REGIMENT.-Lieutenant Fred. Crosman, of the regular army, has been relieved of his duties for the present in order to accept of the lieut. coloneloy of Col. Wm Gray's regiment, now forming in this city. Lieutenant Crosman is a young man of ability and energy, and we have no doubt will be

RECONSTRUCTION OF OUR MILITIA SYS-TEM-COBBESPONDENCE ON THE SUBJECT. To His Excellency Andrew G. Curtin, Governor: DEAR SIR: Since I returned, I have been led by our conversation on the evening when you handed me the order relieving my command from further duty under your last call, to make some effort to put into practical operation the plan which I then suggested, of relieting a fund from which I could pay a small sum, say at the rate fond from which I could pay a small sum, say at the rate of five dollars a month to members of my company who shall hereafter be found faithful and attentive in the parformance of all their duties, for a certain length of time. May I trouble you to let me have, in writing, your views on this subject. They may aid me very much in carrying my plan into effect; and experience in this respect even with one company, cannot fail to add to the light which the Legislature should have if it shall consider the subject of a reconstruction of our militia system during the coming winter.

Very respectfully, your obedient servant, E. SPENCER MILLER. EXECUTIVE CHAMBER

DEAR SIR: I received your favor of the 7th, and am glad to find that our conversation on the 27th u. has led you to reflect and act upon the topics we were discussing. The subject of a reconstruction of our militia syter will, no doubt, be considered by the Legislature thu winter: but it is one of such difficulty and complication that I am not at present prepared to express any view of opinion which will apply to all arms of the service, in olving so many thousand men and so large a geographi I have no hesitation, however, in saying that, as regrets artillery, the deficiency of the state in this all important arm, has been severely-felt during the last few months. It is very desirable that we should have several hotteries for earlies in any supergraphy and or instruction. months. It is very desirable that we should have soveral batteries for service in any emergency; and, as instruction in this peculiar arm requires more constant and exact drill than any other, I agree with you, entirely, in believing that a portion, at least, of the men must be paid; and I trust sincerely that you may succeed in obtaining subscriptions from some quarter, to try the experiment, before the meeting of the Legislature.

If I had public funds to use at my discretion, for military purposes, I should not healtate to use them to enable you to carry out your views.

Yery respectfully, your obedient servant.

A. G. OURTMN.

Captain E. SPENCER MILLER.

FUNERAL OF GEN. FRANK PATTER-SON.—The funeral of the late Brigadier General Francis Engle Patters n, will take place to-morrow afternoon from the residence of his father, 1300 Locust street. Th friends of the deceased desiring to see his remains should call between the hours of 10 A. M. and 1 P. M. as the funeral will start at the latter time.

BRIGADIER GENERAL PATTERSON of this distinguished officer was the closing of the United States bor ded warehouses, occupying Patterson's Block except to the necessary business of the Government; the revenue fleg on the tuilding was displayed at half mast,

MEDICINAL. HAS PROF. BOLLES' DISCOVERY in the application of GALVANISM, MAGNETISM, and other modifications of ELECTRICITY re-TISM, and other modifications of ELECTRICITY, received general favor among the most liberal Medical Men of the Old Schools, and is Prof. B.'s system now being brought rapidly into public tavor? Yes, verily, and if you doubt it, read carefully the following extracts of letters, and also opinions of some of the most eminent Medical Men of this and other States, who have been traveling and lecturing, teaching and applying the different modifications of Electricity, as taught them by Prof. BOLLES: mi-es. together with these presents.
Witness the Honorable JOHN GADWALADER,
Judgeof the said Court, at Philadelphia, this twenty-first
day of NOVEMBER, A. D. 1862 and in the clahty-G. B. FOX, Clerk District Court. Bolles: Read the following from eminent m. D.'s UNITED STATES, EASTERN DIS-TRIOT OF PENNSYLVANIA SCT.
THE PRESIDENT OF THE UNITED STATES,
TO THE MARSHAL OF THE FASTERN DISTRICT

BEAD THE FOLLOWING FROM EMINERT M. D.'s

The testimony of a Medical Man of the Old Schools, thirty years—fiftcen years in the Allopathic School and fifteen in the Homesopathic—and has for two years since, being qualified by Prof. B., made Electricity a specialty, has cured thousands never benefited by medicines:

Some five months ago I was attracted by a card of Professor Bolles, No 1220 Walnut street, Philadelphia, claiming a discovery that he had made in the use and application of the various forms and modifications of Electricity for the cure of all carable diseases. I called on this gentlemen, and after listening to his theory of the Electrical laws governing life; health and disease, and his discovery in the application of Electricity in accordance with the polarities of the brain and nervous system, I was impressed that he had something new, and at once applied for instructions on the subject. I now speak from experience, as I have remained in his office for two months, watching the result of his operations and having OF PENNSYLVANIA,
GREETING:
WEEBEAY, The District Court of the United States in and for the Eastern District of Ponnsylvania, fightly and duly proceeding on a Libel, filed in the name of the United States of America, liath decreed all persons in general who have, or pretend to have, any right, title, or interest in ONE HUNDBED AND TWENTY BALES OF COTTON, the cargo of the schooner EMMA, whereof William Baker is master, captured of the port of Velusco, Texas, by the United States gunbeat or vessel-of-war called the 'Kittatining,' under command of Charles W. Lamson, and brought to this port per the brig "Julia Ford," to be monished, cited, and called to judgment, at the time and place underwritten, and to the effect hereaffrom experience, as I have remained in his office for two months, watching the result of his operations and having myseli the charge of one of the treating rooms for nearly the whole time, and treated from twelve to fitteen cases daily, comprising nearly every kind and grade of chronic disease. Although my expectations were high, I must confess they have been fully realized. I have seen a great number of patients who had availed themselves of the best medical skill and remedial agents for years—cases I well knew to be incurable by all other known remedial—nermanently quied by a few applications of cases I well knew to be incurable by all other known remedies—permanently cured by a few applications of Electricity; and what has surprised me most, was the rapid improvement and cure of many cases pronounced pulmonary consumption by their physicians, because I had been instructed by Dr. Paige to avoid all such cases, as the treatment tended to injure. I feel impelled by a sense of duty to caution the mublic against the indisoriminate use of Electricity, as I have known injury to result from its use, in the hands of the ignorant. I would here remark that I have never in my whole experience, or observation from books, pamphlets, or intercourse with men, read or heard of the general or special application of Electricity to the cure of disease, as taught by Professor Bolles, and, therefore, conclude it is original with him.

I a onld say to those tampering with this mighty agent of life and death to beware lest you strike a blow at the citade of life, and never think of applying it to the llying organism until you understand its nature, and living organism until you understand its nature, and when, where, and how to apply it.

I would here take occasion to recommend my profes-

> Bolles, who has certainly, in my opinion, discovered the only reliable mode of its application, and thus rendered an important service to the healing art, and a lasting eing to suffering and diseased humanity

nal brethren throughout the country to turn their at-

PROF. BOLLES: I sm fully satisfied that Micotricity. PROF. BOLLEG: I am fully satisfied that Micotricity, when understood according to its polarities and their relations to the fixed laws of the vital economy, as taught ay you, is the most powerful, manageable, and efficient dgent known to mae for the relief of pais and oure of fisease: I would further state that I have for the past ew weeks used Electricity in my practice, to the exclusion of nearly all other remedies, and have been eminently successful, and consider its universal therapeutic.

DAYTOM, Ohio.

D. McCARTHY, M. D. THE CITY AND COUNTY OF PHILADELPHIA.

Estate of JOSE? HA. WEDEB, deceased.

The jauditor appointed by the Court to audit. settle, and edjust the account of WILLIAM S. COTTINGER, Administrator d. b. n. ct. a, of the Estate of JOSEPH A. WEDEB, decessed, and to report distribution of the Balancs in the hands of the accountant, will meet the

Prof. Bolles: For the last nine months I have made Electricity a specialty, and my faith is daily increasing in its therapeutic effects, and I bolieve, when saplied so i conding to your discovery and cases never benefited. by medicine.
BUFFALO, N. Y. P. W. MANSFIELD, M. D. What I have now to say is from actual observation, as I have spent most of my time for the last two months with Prof. Bolles, and have witnessed the effects of the Electrical agent on frem fifteen to twenty-five patients a day, suffering from almost every form-of ohronto diesase; and as strange as it may appear, in a majority of cases a perfect cure was effected in from five to fitteen days. And I will here remark that most of his patients were afflicted with long-standing complaints, considered incurable by all other known remedies.

H. G. KIRBY, M. D. Orngingar, Ohio.

PROF. BOLLES: I believe your discovery to be a re-liable therapeutic agent, and feel it my duty to recom-mend it. Since I have received instruction from you, I mend it. Since I have received instruction from you, I have applied it in cases of Aphony, Brenchitis, Corea, Amenorrheea, Asthma, and Congestion, and find that I have the same success that you had when I was under your instruction. I invariably recommend medical men to avail themselves of an opportunity of becoming acquainted with your new method of applying Electricity.

Detroit, Michigan. David Thueston, M. D.

PROF. BOLLES: A great revolution in my mind and practice has taken place since I became acquainted with your new discovery of applying Galvanism, Magnetism, and other modifications of Electricity as a curative agent. I have found by many experiments that Electricity is a safe therapeutic agent in all acute and chronic cases when applied according to your discovery. I desire that medial means about hecome conversant with your discovery. col men should bec al men should become conversant with your discovery CLEVELAND, Ohio. MARVIN GODDARD, M.D.

BOOMESTER, N. Y., September 10, 1859.

PROF. BOLLES—DEAR SIR: The more I investigate this system of practice, the more confident I am that it is all powerful to meet the ten thousand diseases to which such it were the sen thousand diseases to which fiesh is heir.
You, who first discovered Electricity to be a reliable therapeutic agent, should be considered a great benefactor of the race, for it is the only reliable system of oure for the woes and ills of suffering humanity. It is strange that physicians have become so wedded to their several systems, brought up from the darkness of past ages, that they will close their eyes against the light now beaming forth through this system of practice. All other systems

PROF. BOLLES: The nearer I conform to your system of application, the more successful I am, and as I have examined all the guides and works published upon the subject, and seen nothing in reference to your theory; I do not hesitate to say I believe it to be original with you, and the only reliable system extant for curing disease.

Respectfully yours. Respectfully yours,
CHAS. BANDALL, M. D. The opinion of a medical man, after thirty years' practice, fifteen in Allopathy and fifteen in Homespractices intend in Anglany and intend in domes-pathy:

Prof. Bolles—Dran Siz: I never have, since you gave me instruction in your new discovery of applying Electricity, and God forgive me if I in the future ever do, practice either Homesopathy or Allopathy. I have PROPOSALS will be received at this Office until FBIDAY, the 28th inst., at 12 o'clock M., for the erection and completion of a MILITARY HOSPITAL, for the use of the United States, upon a lot of ground, known as the "Logan Estate," on GERMANTOWN Avenue, corner of Twentieth street. Each Proposal must state the shortest time required to complete the contractional also the names of competent securities to the whole smount of the contract for its ground and faithful performance. The plans and specifications can be seen at the office of JOHN MOARTHUR, Jr., Architect, No. 209 South SIX TH Street, between the hours of 10 A. M. and 4 P. M., every day, until the bids are closed. The proposals securities must endorse the proposals and grabeen strictly governed by the philosophy you laid down, and for the best of reasons—namely: That I am generally successful, and I frankly say to you that I amidowith medicine ferever.

My success has been great since I have been in New ark, N. J. JAMES P. GREVES, M. D., N. B.—In addition to the above extracts, Prof. B. could furnish over one thousand, fully showing that he is well known to the medical and scientific world as the discoverer of all that is reliable in the therapeutic administration of the contractors now stration of Electricity, and that all other operators now in the different cities (except those qualified by him) are using Electricity at hazard, and Prof. B. takes this occasion to caution the community against charlatens.

Office 1220 WALNUT Street, Philadelphia.

N. B.—Medical men and others who desire a know-ledge of my discovery can enter for a full course of legtures at any time.
