During the night, one of the little ones heing sick, the mother got up for the purpose of administering to its wants. She lit a candle, and unfortunately set fire to the bed clothes. In the attempt to put the flames out, her own night-clothes ignited, and she was hadly burned about her face and says in her descented heart-randing. This Society is much in want of funds just now to enable it to carry on its operations among the poor of our city. The demands upon it at this season of the year are always heavy and, although somewhat lighter this winter than the Society can meet in its present financially weak condition. It, therefore, through its Board of Minagers, appeals most earnestly to the public to furnish it speedily with means for the prosecution of the very important work it has undertaken. Its past history is known to the community, and the Board trusts that this appeal will be responded to as promptly and liberally as former ones. Donations may be sent to the Treasurer, Mr. Thos. T. Mason, No. 428 Market street, or to any of the Officers or managers. he officers or managers.

to try a dose of Brandreth's Pills, a medicine which he had used from his childhood. He gave seven over night, and requested the nurse to give seven more in the morning. The effect was thorough; the delirium pussed off, and the young licutenant was easy, and evidently much better; in the evening he was able to get up. He took the pills a few days, continuing to improve, and the typhoid fever was cured. He was then attacked with fover and ague, Again the pills were relied upon, and they cured his fever and ague also. In a few days he was fully restored to health.

I call upon the surgeon general to see to it that a supply of Brandreth's Pills are among the medicinal stores.
