THE GERMAN-STREET CHURCH .- An effort to repurchase the Presbyterian church on German street, which was sold by the sheriff last month, in consequence of the large indebtedness against it, is being strenuously made by the Presbyterians of this city. We learn that the claims against the property were :

The purchasers of the property are not members of the German-street Church, but they de-sire to have the property retained for religious pur-poses, believing it to be well located, and that, with a good pastor, a large congregation can be gathered

The lot alone is worth what is now asked for the The lot alone is worth what is now asked for the whole property, and an offer has been made, for a manufacturing purpose, that will pay the present owners a profit of six thousand dollars on their pur-chase. They are willing to yield these profits, though involving a loss of a portion of their original claim, and will also contribute to the effort now making to free the church from debt, if the Presby-terians of Philadelphia will assist in the under-taking. A committee, consisting of Robert Adair, John Sparhawk, and Samuel Work, have under-taken to call public attention to the condition of the church, and have issued a circular, containing their opinions in regard to the matter. The following reasons are given for the re-

Some five individuals in Pine-street Church will give five hundred dollars each, if twenty-five others in the First Church, Clinton Street, Oalvary, North Broad Street, &c., will make up the rest. Shall it be done, and the matter ended safely and finally?

ANNUAL MEETING OF THE CONTRIBU-TORS TO THE HOUSE OF REFUGE.-The annual meeting of the Contributors to the House of Refuge took place at four o'clock vesterday afternoon, at their room, No. 109 North Tenth street. Thomas Earp, Esq., was in the chair, and Mr. N. B. Browne was chosen as Secretary, in the absence of that official. The reading of the annual report came first in order. It set forth that, on the first of January, 1862, there were in the white department 246 boys and 80 girls-total, 326; in the colored department, 91 boys and 45 girls—total, 136. Received since:

THE ECLECTIC MEDICAL COLLEGE.-The twelfth annual commencement of the Eclectic Medical College of the State of Pennsylvania was held last evening, at their hall, corner of Callowhill and Sixth streets. The principal audience chamber was filled with ladies and gentlemen. The interesting ceremonies were commenced at 8 o'clock, at which time the Rev. Mr. Magee, pastor of the Siloam M.

time the Rev. Mr. Magee, pastor of the Siloam M. E. Church, delivered an appropriate prayer. The graduates were seven in number, named as follows. The degree was conferred upon them by John L. Shoemaker, the secretary of the Board of Trustees: L. Q. O. Wishart, of Pennsylvania; Judah Isaacs, of Holland; William Armstrong, of Canada; Adin P. Waid, of Pennsylvania; L. D. Broughton, of England; M. N. Miller, of Vermont; John A. Willey, of New Hampshire. The valedictory was pronounced by Dr. Joseph Sites, an ex-member of the Common Council. His address was replete with good ideas eloquently ex-pressed. The exercises were over at an early hour, and the audience departed for their respective homes, evidently well pleased with the events of the eve-ning. on to-day.

THE COMMON COUNCIL CASE. THE COMMON COUNCIL CASE. Kerr et al vs. Trego et al. The application for the injunction in the Common Council case was to have been heard yesterday morning, but the answers and affidavits of the defendants not being ready, and the Court being occupied with cases from the Western District, it went over until Monday next. In the meantime, it is understood that neither party shall proceed with their organization. Two cases from Allegheny, county, viz: Rowland vs. The County of Allegheny, and Brown vs. Covey, were argued. argued.

SAVINGS ASSOCIATION MORTGAGES.

The Tradesmen's Savings and Loan Association of Philadelphia vs. William G. Conover defendant, and the Spring Garden Loan Association, terre tenants; two cases. These were actions of scire facias on a mortgage excented by Conover to the Tradesmen's Association. He afterwards became Tradesmen's Association. He afferwards became indebted, and made a general assignment for the benefit of creditors, the Spring Garden Loan Asso-ciation having, meanwhile, obtained judgment against, levied on the mortgaged property, and bought it in at sheriff's sale. On the trial of the sci. fa., the assignee gave notice to plaintiffs not to permit the amounts, paid by way of instalments on the stock, to be set off. The terre tenant claimed that they were, in fact, payments on account of the mortgage, and should be deducted. The court held that the payment of instalments on the stock were not payments on the mortgage, and verdiet was not payment of instalments on the stock were not payments on the mortgage, and verdict was rendered for plaintiff for \$3,041.91 and \$1,519.22. George W. Thorn, Esq., for plaintiff; Frederick Heyer for defendants. A PRETTY SENTIMENT.

Wilson vs. McEwen. This was a sci. fa. to revive a judgment, and the defence set up is, that the de-fendant was discharged under the general bankrupt fendant was discharged under the general bankrupt law of 1841. The counsel for the defendant made an earnest effort to obtain a continuance of the case, on the ground that their client was absent in the army, and they had not been able to communicate with him, and were, therefore, unprepared to try the cause. Mr. David Paul Brown, who appeared for the plaintiff opposed the continuance coving that the plaintiff, opposed the continuance, saying that the case had been continued term after term, and was low 21 years old

Judge Sharswood said : "Then it is of age." Mr. Brown replied : "Yes, sir, it has reached the age of maturity, and is now ready to receive the law's inheri-

timee." The application for a continuance was overruled, and the case ordered for trial. Counsel for the de-fendant then stated that they would ask leave of court to withdraw the 'rejoinder filed in the case, and file a demurrer to the plaintiff's replication. This was done, and the case now goes on to the argu-ment list. G. Morgan Eldridge and David Paul Brown, Esgrs., appeared for the plaintiff, and Geo. W. Harkins and James E. Gowen for defendant.

District Court-Judge Hare.

John P. Bogle vs. Henry G. Winslow. This was an action to recover damages for the alleged mal-practice of the defendant, who is a dentist, in exces-sively administering chloroform to the plaintiff while extracting some teeth. The plaintiff for the defence called a number of witnesses, among them being Drs. Grassa Barcoast Bichory Skilles

the defence called a number of witnesses, among them being Drs. Gross, Pancoast, Bishop, Skillen, and others, who testified that the use of chloroform produced no such effect; and Dr. Bishop testified that prior to this administration of chloroform, the plain-tiff had been treated by him for an accident, by which he was thrown against a tree-box, and his head seriously injured. This, in the opinion of all the witnesses for the defence, was more calculated to cause the paralysis than the chloroform ; and, in fact, they testified that no such effect could be pro-duced by its use. Considerable discussion ensued between Messrs. Phillips and Johnson, the counsel, as to the merits of the case. Mr. Phillips demanded bail that the parties appear at court to answer, and to be of good behavior and to keep the peace in the meantime. After considerable conversation on the responsi-bility of the parties, the counsel for defence agreed the work should cease at once, and, with this under-standing, the case terminated for the present. The parties have leave to enter bail in the sum of \$500 at noon to-day. DISSOLUTION OF COPARTNER. D. SHIP.-The firm of WILSON. ANDERSON, & CERNEA' is this day dissolved by mutual consent. Alleged Larceny. Charles Petry was arraigned last evening, before Alderman Beitler, on the oath of Mr. Rea, the owner or lessee of the hotel on Chestnut street, above Fourth. From the evidence it seems that the furniture and other articles had been lessed or sold to Mr. Petry, by complainant, for the sum of about \$1,000. Mi. Petry had paid \$500 down in cash. Not being able to come up to the terms of the contract in regard to the payment of the remainder, he was notified to vacate. Yesterday afternoon he com-menced moving out his goods, to a house at the corner of Third and Eveline streets, and last evening he was suddenly arrested on a warrant, and a load or two of goods were seized by the police. DEATH OF LIEUT. COL. JAMES -Lieut. Col. T. C. James died at his residence in this city on Tuesday from diseases contracted while with his regiment, the 9th Pennsylvania Cavalry. He has for ment, the 9th Pennsylvania Cavalry. He has for many years been captain of the 1st City Troop, and commanded them during the three-months campaign of the present war. Alterwards he was made lieu-tenant colonel of a cavalry regiment recruited at Harrisburg, called the "Lochiel Cavalry," but afterwards called the 9th Pennsylvania Cavalry, Col. E. C. Williams commanding. The regiment has been doing hard service in Kentucky and Tennes-see for more than a year. The deceased was well known in this community, and always maintained the reputation of an accomplished gentleman.

THE COST OF CITY SURVEYS .- The appropriation to the Department of Surveys, in 1862, ounted to \$23,108, of which \$21,271 was expended, leaving a balance of \$1,837 unexpended. The Chief, in his report to the Mayor, says that the most important section that now requires plane of

We learn from the official report of Benjamin Franklin, the chief of the detective-police force. which document was presented to his 'Honor, Alex ander Henry, Mayor of Philadelphia, yesterday, the following facts, which exhibit some of the practical following facts, which exhibit some of the practical workings of the department during the year 1862. The report says, the detective department comprises twelve officers, and during the past year these have been unusually efficient in the discharge of their vari-ous duties. The results of their labors are given in the annexed tables, showing the amount of stolen property recovered to exceed that of any former year by one-half; which, with the number and character of the arrests made, establishes the harmony, and efficiency of the 'epartment. In addition to the ordinary duties of the depart-ment, a number of persons were arrested by order

and a considerable amount of stolen property re-covered, which, with the prisoners, were transferred for the Unit of the United States authorities.

In the present condition of monetary affairs, the currency being entirely of paper, the community are obliged to rely solely thereon for a circulating medium in all their daily transactions, and in keep-ing with this state of things there seems to have

ing with this state of things there seems to have been a remarkable activity prevalent during the past year in the production of new counterfeits, and the number of persons engaged in defrauding the people by this means was never greater. The business of engraving and printing counterfeit bank notes being carried on with great secrecy, there rarely being more than one dealer in the confi-dence of the principal, it is more uncommon that evidence can be procured to convict the engraver through the ordinary channels of police information. dence of the principal, it is more uncommon that evidence can be procured to convict the engraver through the ordinary channels of police information. Several months since it was ascertained that a no-torious engraver of counterfeit bank notes, known as George White, was engaged in the neighbor-hood of New York city, at his nefarious occupation. White was convicted in our courts in 1814 on a charge of the same character, and since his enlarge-ment the character of the counterfeit notes in circu-lation gave strong evidence of the activity of his brain. The police of various cities, vieing with each other, have been indefatigable in their search after such testimony as would protect the community from his artistic skill in counterfeiting. Co-operating with Mr. John Jenkins, deputy Unified States Mar-shal, and Sergeant E. K. Tryon, of the Eighteenth-ward city police, the arrest of White was accom-plished at Brooklyn, New York, on the 11th of No-vember last. [Here follows an inventory of the ap-paratus and the bank notes found at the house of White, an account of which was published in The Pross at the time of the arrest.] The whole number of arrests made during the past year (by the detective force)-was 451. The stolen property recovered and *eccipted for on the pro-perty book of this department, amounts to \$33,560.46. I may refer to the absence from our records, during the past year, of depredations of large amounts of goods or property of any kind, with the exception of one instance, viz : the robbery of Meesrs. — & Co.'s atore, 232 North Third street, in the month of Oc-tober last, of silk plushes to the amount of \$50,000. This robbery was perpetrated by the occupant of a coffee room in an adjoiding building. The robber was secured, and is now atoning for his offence in the State prison. The stolen property was all re-covered through the vigilance of the officers of the department.

covered through the vigilance of the officers of the department. In the last annual report of this department addi-tional legislation was referred to as necessary for the summary punishment of professional thieves found crowding our thoroughfares, embracing every opportunity to ply their calling, and the almost utter impossibility of getting the necessary evidence to convict them when arrested, through the laws then in force. The report here refers to the passage of the law authorizing the arrest of professional thieves.

thieves. Fifty-four photographs have been added to the Rogues' Gallery during the past year. The gallery has proven quite an institution for the public and the Police Department in the detection of rogues. Care has been taken to add to the gallery only those of notorious character who have evidently adopted crime as a profession. The report concludes as follows: I would here take occasion to thank our worthy. Chief of Police of the second

ago, the second was performed nearly one year ago, the third about one year, and hundreds more of like cases might be shown. READ THE FOLLOWING CAREFULLY. About twelve months ago I had a severe attack of Diabetes, attended with other difficulties too numerous to mention. My desire for drink was constant, and al-though I drank gallons per day, my thirst was never allayed; I was only able to sleep at short intervals, which seemed like a trance. The mucous surface of my month and throat had become so parched and feverish, that I was in constant misery. I was also suffering from all the horrors of Dyspepsia, loss of appetite. Nan-sea, and frequent and severe attacks of vomiting; and so prostrated was my general system, that J was scarcely able to move about. I had availed myself of the science and skill of distinguished medical men, both of the Allo-pathic and Homeopathic school, and exhausted their catalogue of remedies, but found only temporary relief. In this condition, when every ray of hope seemed para-lyzed, I heard of the discovery of Professor Bolles in the use of Electricity, and the wonders he was performing in curing disease, and placed myself and friends, in two operations my Diabetes was controlled, and other diffi-culties soon disappeared i my appetite has returned, sleep undisturbed, and, in fact, I feel like one made anew. I would further state that I have seen other remark-able curse performed by Prof. Bolles, and would advise the diseased to call at 1220 Walnut street, and be restored to health. I shall be glad to give any one information calling on me. THOMAS HARROP. Philadelphia, May 1st, 1560. 109 008 68 \$976,212 16 CORS. Charles Kelly, Robert Burton, Samuel E. Stokes, J. F. PROPOSALS FOR BEEF CATUR SEALED PROPOSALS are invited until d- Mi

phis: In attempting a definition of my disease, I can only give some of the many symptoms which, taken altogether, were the most horrid; and even medical men. did not know my disease from pathological symptoms. How ever, Professor C. H. Bolles, by whom I was cured, located my disease in the pelvic viscera, in five minutes after I entered his office, and offered to warrant a perfect cure in eight applications. And I frankly admit that in eight applications. And I frankly admit that in perfections of Electricity. Administered by Professor Bourss, 1220 Walnut street, Philkdelphia, I am perfect downers, and you werse all the time.
I had long believed that in Electricity resided a potent agent for the cure of disease, if a right application conducted for the time of disease, if a right application conducted by the made: and now I can comprehend, from its powerful effects on me, for a speedy cure, although no shocks were given. All was plezsant, and accomplished as if by magic.
I will give most of my symptoms, for the benefit of suffering humanity. I had dyspepsia, bad marasmus, or wasting of the tissues of the whole body; at times a difficulty of breathing, some palpitation of the heart, much bronchtik, trembling of the limbs after exercise, aversion to business and company ; at times gloomy, inability to collect my thoughts vigorously on any subject, a loss of memory, pain in various parts of the body; suffered much from lumbago, deranged secretions of the kidneys and other glands of the system, constant draging pains in the lumbar region, and severe nervous dizers.

N. B.-It will be well for the diseased to recollect that Prof. B. has given a word of caution in his pamphlet to guard them against trusting their health in the hands of those in this city claiming to treat diseases according to his discovery. This caution may seem severe on those using Electricity at hyard, but it is the severity of truth, and designed for the good of humanity. See advertise-ment in another column. Consultation Free.

Read the following from a preacher of the Methodist Spiscopal Church, No. 1633 Helmuth street, Philadel-bia: In attempting a definition of my disease, I can only

rerea much rom rumpago, deranged secretions of the kidneys and other glands of the system, constant dragging rains in the lumbar region, and severe nervous dizines.
 Thelieve it is my duty, as a lover of humanity, to recommend this discovery of Professor BOLLES to the afflicted of all classes. There seems to be no guesswork, no confusion, no matter of doubt in his treatment. He proceeds on fixed principles, and according to fixed laws, which seem to me infallible and harmonious. He warrants, by special contract, the most obstinate, chronic and acute cases, and charges nothing, if he fails. I advise all of the diseased to try his treatment.

 PROFESSOR-BOLLES, 1920 Walnut street: The remarkable cure which I have derived from your method of applying Electricity compels me to thus acknowledge the great obligations I am under to you for smatching me, as it were, from immédiale death. About two years ago, while a resident of Cincinnati, Ohio, I was visited with rendered me almost entirely unable to stand upon my limbs. I employed some of the most celebrated physicians to be found in that section, but received no apparent benefit, and after a lapse of about sighteem months was taken with a spasm, which one of my physicians pronounced a fit of apoplexy. Two weeks elapsed from that time before I became the least conscions of anything that had transpired, nor outil I concentrate my mind or converse upon any subject without becoming very visionary and excited, until I placed myself under your treatment. I have now been the recipient of four treatment, and I now feel perfectly satisfied that I am restored to a sound condition, and theore feel it my duty to gratefully acknowledge the benefits which I have received though your treatment.
