This WRITING FLUID has now won an established reputation as not being excelled in quality by any ink in het American market. Its advantages are, that it is perfectly limpid, writing blue and soon changing to pure black—not clogging the pen, and remarkably mild on steel pens—not given to mouldiness or decomposition, and though equal in all respects to the best English, yet not much more than half its price. It should, therefore, take the place of all foreign writing fluids. Bor sale by the manufacture.	Universally to be the Standard Spring Bed.
