DR. SWAYNE'S

Medicine has ever obtained a Higher or More Deserved Reputation! Established over Quarter of a Century.

COMPOUND SYRUP OF WILD CHERRY.

Volumes might be filled with proof from all parts of the world, to prove that no remedy has ever been discovered in the whole history of medicine that acts so promptly, even in the worst cases of pulmonary disease. A good appetite, complete digestion, strength, and a disposition for active exercise, is suite to follow its use. If you have been tampering with the many articles put out by persons totally ignorant of the science of medicine, in theory or practice, and your case been neglected, the cough deep, with purulent and bloody expectoration, pain and oppression, sore throat, diar hose, night sweats, feyer, parched skin, you will find in Dr. Swayne's Compound your only hope of cure. If the bowels are costive, or headache accompanies your disease, a dose of Swayne's Barsana, and Tar Pills will remove it. Thirty years' experience, and the increasing popularity of 'Dr. Swayne's Medicines,' are convincing proof. Prepared only by DR. SWAYNE & SON, No. 230 SIXTH Street, above Vine, Philadelphia

A PERIS PHILES.—ARB YOU SIUK.

A PEEBLE, AND COMPLAINING? Are you out of order, with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some ilt of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take ATRISTILES and cleanes out the disordered humors—purity the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstracts its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take AYER'S PILLS, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-sealed and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely, cured by the same means. Mone who know the virtues of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Billous Complaints, Indigestion, Derangement of the Liver, Costiveness, or Constipation, as a Dinner Pill they are both agreeable and effectual. A GREAT NATIONAL CELEBRA-TION.—At a meeting of the Board of Directors of THE UNION LEAGUE of Philadelphia, held March 28, 163, the following resolutions, presented by Mr. CHAS. GIBBONS, were unanimously adopted: SPECIAL NOTICES. DR. SWEET'S INFALLIBLE LINIMENT HAS n used by more than a million of people, and all RESOLVED. 1. That the League will celebrate the approaching anniversary of American Independence by appropriate ceremonies, at the Hall of Independence.

2. That all the Union Leagues and Associations in the United States be invited to participate in the celebration, A BEAUTIFUL COMPLEXION CAN BE OBtained by the use of HELMBOLD'S EXTRACT SAR-SAPARILLA. March, April, May, and June, are the best months to use a Blood-Purifying remedy. See adver-tisement. THE HAIR TO CONTINUE HEALTHY AND VI-GOROUS in its growth, should not be plastered down to the head with oils and pomades, in such a manuer as to prevent the air from circulating freely through it, for this can only result in the head perspiring; thus, as it causing it to turn gray and fall off. This practice, be-sides, is a prolific cause of dandruff, and the many an-moying diseases of the scalp. If JAYNE'S HAIRTONIC be used, these unpleasant results will be avoided, for while imparting a rich gloss to the hair, and retaining it in place, it is free from the objectionable features mea-tioned, and is thus superior to all other articles as a dressing for the hair. Prepared only by DR. D. JAYNE & SON, 242 CHESTNUT Street. ap18-2t BATCHELOR'S HAIR DYE! THE BEST IN THE WORLD WILLIAM A. WATCHES AND JEWELRY. A WORD ABOUT AMERICAN WATCHES. AFTER A THOROUGH TRIAL OF MORE THAN TEN YEARS, the time-pieces manufactured by the American Watch Company, of Waltham, Mass., have gained a firm hold upon the favor of the public, and now, no less than 75,000 of them are speaking for themselves in the pockets of the people. From a very insignificant beginning the business has increased to an extent exceeding our n canguine anticipations, and we are now ustifled in stating that WE MAKE MORE THAN ONE-HALF of all the watches sold in the United States. Repeated enlarge-ment of our factory buildings, and the labor of 500 opera-WALN, LEAMING, & CO., tives, still find us unequal to supply the constantly in creasing demand. And we may here observe that not-withstanding the high price of labor and materials, we No. 30 South FRONT Street. tually sell our products at less prices than those curren No. 31 LETITIA Street. lve years ago. We refer to these facts only for the purpose of properly GOODS FROM AUCTION. introducing another subject relative to our manufactur of watches ritherto our chief object has been to mak good watches for the million at the lowest possible priething to take the place of the make-believe watche called "Ancres," "Lepines," "English Patent Levers, &c., annually thrown upon this market, in countiess numbers, by European workshops—watches which are the refuse of their factories, unsaleable at home and perfectly worthless everywhere.

We have erected an addition to our main buildings expressly for this branch of our business, and have filled it with the best M. L. HALLOWELL & CO., workmen in our service. Profiting by our long experience, we have remodelled the form of our watches, introducing such improvements as have been suggested and DAWSON, BRANSON, & CO., proved to be good from time to time, and have instituted new and severe tests of isochionism, adjustment, and compensation. New machines and appliances have been N. W. With a biographical notice by Julie de Marguerittes.
Vin these letters, the playful, affectionate nature
of the man sheds everywhere the loveliest radiance.
There is music in his descriptions, and a murmur of song
seems to run through all his letters. They are the converse of his Songs Without Wores, and we venture to
predict that the Letters of Mendelssohn will become as
classical as those compositions.
We have inclination to speak of a book in terms of equal
warmth. "Parthenon."
