RAILROAD LINES.

PENNSYLVANIA

THE POLICE. (Before Mr. Alderman Beitler.)

Scenes at the Central Station.

Mary Anderson and Mary Ann Anderson; said to be mother and daughter, had a final hearing at the Central Station yesterday afterboon, on the charge of stealing various articles, recovered at the house of the alleged mother. No 6 Sharpless court, running from Jayne street, between Eighth and Ninth. An un-lonal aumber of people, mostly of the tender sex, were present overhauling the goods, and picking out from the immense mass before them such as they could identify. There were many articles that were doubless stolen, but not identified. There were several trunks of diothing that had been stored in the house legitimately. These were resorted to the owner. The case, so hastily propared amid considerable confusion, progressed as follows:

Mrs. Eliza Dodge sworn. Hesade at the Girard House; these three dresses for children are mine; Mary Anderson, one of the accured, was chambermaid at the Girard, and had charge of my room.

Mrs. C. H. Hollis, residing at the Girard, identified a child a dress as her property.

Mrs. Mary Ann Nutt. Reside at the Markoe House; defendant was in my campley over a year; during that time I missed a great many article; I think some of theo auticles were taken from my house, but I exanut positively identify them,

Mr. Kannga.—Am one of the proprietors of the Girard House; the defendant was in my employ about two nontils; during this time sheets and counterpanes were stolen; forty or fifty dollars' worth; some of them have been recovered.

H. Isanes, residence 229 North Second street, identified a nubia, a towel, and one or two other articles stolen from his room, at Mrs. Natt's boarding house, on Arch street.

C. 18 velsord, residence at Spruce and Eighth streets, [Refore Mr. Alderman Beitler.] from his room, at Mrs. Nutt's boarding house, on Arch street.

H. Welsford, residence at Spruce and Eighth streets, identified a pilloy and pillow case.

Let M. Welsford, residence at Spruce and Eighth streets, identified a pilloy and pillow case.

Let M. Markley lives at the Girard. A cost containing a number of photographs was stolen some time since. This witness identified some of the photographs recovered as those stolen with his coat.

Enoch R. Hutchinson.—Reside at the Girard; this umbrells is mine; it was stolen from my room; I identify it from private marks which I cut on the handle.

Mr. Rowles iestified that all the goods had been recovered at the house of old Mrs. Anderson; they were covered at the house of old Mrs. Anderson; they were in the upper stories; when I called upon the old woman she delivered me the keys of the room; she says she is the mother of the defendant; I don't know that defendant lives in the house with her mother.

There were a number of other witnesses, but the siderman concluded that it was not necessary to examine them, as there was conust already elicited to warrant him in returning the case to court. Mary Ann, toe daughter, was committed in default of \$2,000 balt to answer. william Boell, the lithographer, who stands charged with having printed the five-guilder counterfeit notes, came up for a final hearing at the Central station, yesterday alternoon. Be was required to eater bail in the stand yellow of the counterfeit notes, came up for a final hearing at the Central station, yesterday alternoon. Be was required to eater bail in the stan of \$4,000, to answer at court. A man named Christian Hagar offered to go bail; but, being subjected to a pretty severe cross-examination by Mr. Lewis C. dasidy and Mr. Gustavus Remak, counsel for the prosecution, it was found that he was n.t competent, he being bail in other cases. A commitment was made out against the defendant, and the lass we saw of him he was walking in the compeny of an officer.

Michael M. Myers, John M. Myers, and Frederick B. Myers, were arranged on the charge of isas Davis, an honest, trustworthy, hardworking colored man, who resides at No. 825 Lawrence. For some time past Mr. Davis, who is a dray map, well known to many of our leading merchants, has gone in beddiy fear of a number of white men who live in his neighborhood. He has a stable, with five yaluable horses, and threats have been made to burn him out—to kill him, and all the rest been made to burn him out—to kill him, and all the rest been made to burn him out—to kill him, and all the rest been made to burn him out—to kill him, and all the rest been made to burn him out—to kill him, and all the rest been made to burn him out—to kill him, and all the rest been made to burn him out—to kill him, and all the rest been made to burn him out—to kill him and all the rest been made to burn him out—to kill him and all the rest been made to burn him out—to kill him and all the rest been made to burn him out—to kill him and all the rest been made to burn him out—to kill him and all the rest been made to burn him out—to kill him and all the rest been made to burn him out—to kill him and all the rest been made to burn him out—to kill him house occasionally of the come to be a The Five Guilder Note Case. A Candidate for Jersey Justice.

A Candidate for Jersey Justice.

Rather a genteel young man, who is known by the sobriquet of Count, was larrested yesterday afternoon by Detective Bartholomew on complaint of a minister of the Gospel, residing, we believe, at Treaton, New Jersey. There has been no public hearing, and therefore we are without the evidence under oath. There is quite a roun-nic history connected with this young man. He has recently, according to his own story, made a tour in Europe, come back to this country, put up at the La Plerre house, then at the Contanenas, and latterly at Mr. Petry's he use on Third street. A short time since he visited Trenton, where he passed him elf off as a son of the Rev. Mr. Livingston, United States chaplain at the Nicetown Military Hospital. By a series of artful dodging he dined and supped with several Gospel munisters residing in that historical citr, and succeeded in getting small sums of m.ney from five of the clerical gentlemen. He disappeared from the region of Trenton. Since then these ministers of the Gospel had satisfied themselves that he was a swindler, as the Rev. Mr. Livingston knew nothing about him:

About one o'clock yesteday afternoon, one of the ministers chserved the young gentleman at or near the C. nitnental. He immediately cried at the detective office and met with Mr. Bartholomew, to whom he briefly related the interesting points in the case.

Mr. Bartholomew immediately proceeded to the young man, having been piloted to him by the complatining ninister, and in a very pleasant manner accosted him. Presently they marched down the structure to the detectives office was reached. The effect was miraculous. The knew of the future prospects. "Down this way, sir," said Mr. Bartholomew, when they reached Fifth street. "In here," he ejaculated as the docrof the detectives office was reached. The containing ninister, and in a very pleasant manner accosted him. Presently they marched down the best to reave in general topic, the war and the future prospects. "Down this way, sir," said Mr The police on Wednesday night made a descent on an alleged disorderly house on Howard street, near Girard avenue, and took all the occupants into custody. The proprietress, Mrs. Susan McKinley, was held to bail in the sum of \$\frac{1}{2}\text{Log}\$, one of \$\frac{1}{2}\text{Log}\$ and the sum of \$\frac{1}{2}\text{Log}\$. One of future good believes LEGAL INTELLIGENCE.

Supreme Court at Nisi Prius — Justice Strong.

The City of Philadelphia vs. James McGlinsey. This is an application for an injunction to restrain respondents from proceeding with the repaying of Leopard steet above Girard ayenue, on that part of it which has been broken up by the trustees of the Philadelphia Gas Works for the purpose of laying gas pipe, by whose direction and under whose authority he claimed to do the work. rection and under whose authority he claimed to do the work.

Oa behalf of the city if is admitted that while by ordinance of the city, of January 14th, 1841, power was conferred mon the trustees of the Gas Works to remove any portion of the pavements of the streets for the purpose of laying gas pipe, yet it is denied that any power has been given them to repaye or repair any of the streets in which pipes have so been laid; and it is contended that the repairs and repaying of the streets are exclusively under the control and supervision of the Department of Highways, as created by ordinance and the acts of Assembly cited therein.

The application was argued yesterday morning by F. C. Brewster and D. W. Selliers for the city, and by W. A. Porter and W. L. Hirst, Esqa., for the respondent, and held under advisement by the court. Court of Over and Terminer and Quarter Sessions—Judge Thompson.

Two boys of about fifteen years of age were put on trial yesterday morning, and convicted of a charge of committing an assault and battery on a colored man who was assisting a white man in carrying a plant. Quite a number of such cases are now awaiting trial, and, as in almost all of them the attacks on the colored men have been entirely unprovided and unjustifiable, it is likely that the sentences will be of such severity as to put a stop to what appears to be considered, among some portions of our population, an amusement.

QUARTERMASTER GENERAL'S OFFICE, Washington City, March 21, 1863.—Owners
of steam vessels are invited to send to the Quartermaster General's Office tenders for their charter or sale.
Tenders should contain descriptions of the vessels,
their dimensions, enrolled or registered tonnage, actual
carrying capacity, material, whether coppered, whether
sidewheel or propellers, whether iron or oopper fastened; size and power of engines and boilers; and should
state the price at which they are offered for long or short
charter, with the estimated value of the vessels in case
of loss, or in case the Government should prefer to purchase instead of chartering
Owners of steam vessels already in the service of the
Quartermaster's Department are requested to make
known to the Department are requested to make
known to the Department any reduction in their present
rates which they may be willing to genit them.

All such tenders should be addressed to the Quartermaster General of the United States, at Washington, and
should be endorsed "Proposals for Charter or Sale of
Steamers."

When received they will be considered, and the Department will endeavor to reduce the heavy expense attending army transportation, upon the ocean and tidewaters, by substituting, whenever it can do so, cheaper
vessels of equal capacity for those now employed.

The DORSE ALE FORD NUMBER (CANNON)

PROPOSALS FOR RIFLE CANNON.
ORDNANGE OPFICE, WAR DEPARTMENT.
WASHINGTON, April 16, 1863.
Propessals will be received at this office until 4 o'clock, P. M., on the 2d day of MAY next, for the manufacture and delivery of thirty CAST-IRON SIEGER RIFLE CANNON of the calibre of four and a half inches. These cannon weigh, when finished, about 3,570 pounds. They are to be made in strict conformity to the drawings which will be furnished, and which may be seen at any United States Arsenal. They are to be cast hollow and ceoled from the interior. They are to be subject to the regular United States inspection and proof, and none are to be received or paid for but such as are accepted by the Inspector, whose decision as to the reception or rejection of any of them is to be final and conclusive.

Bidders will state this time they propose to deliver the first Cannon, and the number they will deliver, weekly, thereafter. They will also state where they propose to manufacture them, and the price per pound, for the finished Cannon, delivered at the place of shipment hearest of the foundry where cast.

Xo be will be entertained except from regular founders, cutdence of which, and of their ability to fulfill a context, if awarded to them, must accompany the bids, unless the bidder is known to this office.

As bidder obtaining a contract will be required to eater, into books with not less than two surelies, in the penal sum of \$5.000 for the faithful fulfillment of his conton thought for the public interest to accept them. Proposals will be scaled and addressed to "Brig. Gen. I was appended in the proposals will be endered to chink, or if, for any cause, it is not thought for the public interest to accept them. Proposals will be endered to represent the proposals wil PROPOSALS FOR RIFLE CANNON.

ORDNANCE OFFICE.

WAR DEPARTMENT.

WASHINGTON. April 2, 1863.

PROPOSALS will be received at this office until 4 o'clock P. M., on the 30th of APRIL, 1863, for furnishing SIX HUNDRED WROUGHT-IRON BEAMS for Rails of Chassis of Sea-coast Carriages.

These Beams are to be made after the following specifications:

They are to be made of good, tough, well-worked, clear iron, the absence of which qualities (generally indicated by roughness of surface, and by checks, and more marked roughness along the edges of the flanges), as also flaws or bad welds, blisters, and streaks of clnder will game their rejection. square at the ends.

2d. They are to be straight and free from short bends in the flanges and webs.

3d. The outer plane surfaces of the flanges are to be parallel to each other, and in planes perpendicular to that of the web.

20. They are to be straight and free from short bonds in the flanges and webs.

3d. The outer plane surfaces of the flanges are to be parallel to each other, and in planes perpendicular to that of the web.

4th. The webs are not to be bent or troughed, as would result from resting the rails along their whole lengths on the edges of the flanges while the webs are too hot to bear their weight.

5th. The flanges are to be perfectly equal on each side of the web.

1th elanges are to be perfectly equal on each side of the web.

1n length of rail.

1n length of rail.

1n length of rail.

1n depth of rail.

1n warp or wind, in depth of flanges at extreme end of rail.

2n liference in distance between ou er. edges of plane surfaces of flanges for different sides of web stany cross section of rail.

2n straight edge of equal length with the rail placed on the outer edge of the flange should not depart from it at any point more than.

2n plane surface placed on the plane surface of either flange should not depart from it at any point more than.

2n plane surface placed on the plane surface of either flange should not depart from it at any point more than.

2n point more than to the plane surface of either flange should not depart from sit at any point more than.

2n point more than the strain of the flanges of them, can be seen at the United States Arsenals at Fort Monroe, Virginia, Eridesburg and Pittisburg, Pennsylvania, and Watertown, Massachusetts.

3d Bidders will state the number of beams they propose to furnish, the time when they will commencing the delivery; place where they will make them, and the price per pound for which they will deliver them at the point of vessel or railroad shipment nearest to their work.

2n plane they can deliver weekly after commencing the delivery; place where they will make them, and the price per pound for which they will deliver them at the point of vessel or railroad shipment nearest to their work. the point of vessel or railroad shipment nearest to their works.

No bids will be entertained except from persons actually engaged in the manufacture of iron, evidence of which must accompany the bid.

Each party obtaining a contract will be required to enter into bonds, with proper sureties for its faithful fulfilment; and a transfer of the contract to another party will cause its entire forfeiture.

'The right is reserved to reject all proposals if the prices are deemed too high, or if for any cause it is not deemed for the public interest to accept them.

Proposals will be sealed and addressed to "GENERAL J. W. R.PLEY, Chief of Ordnance, Washington, D. C.," and will be endorsed "Proposals for Wrought Iron Beams."

JAMES W. R.PLEY,

Brigadier General, Chief Ordnance.

MEDICAL. WONDERFUL SCIENTIFIC DISCO-NUT Street Philadelphia

WONDFRFUL SCIENTIFIC DISCOVERY OF PROF. C. H. BOLLES, 1220 WALNUT Street, Philadelphia.

READ THE FOLLOWING CAREFULLY:
The difference between fact and fection, of permanently curing the sick and suffering of their diseases or advertising to cure, and showing but little or no evidence of cures, can be well appreciated by the anxious inquirers after health, upon attentively reading the following synopsis of certificates from some of the most reliable gentlemen in Philadelphia, who were permanently cured by Prof. Bolles, 1220 WALNUT Street, and after they had been given up as incurable by the most eminent medical men of this city:

ANOTHER REMARKABLE CURE.

PHILADELPHIA, March 31st, 1833.

For the past three or four years my health has been gradually running down, and I for some time could not understand the cause of it. At first I was not much alarmed, but, as time wore on, my sufferings kept getting worse. I began to lose flesh, my natural color left me, and my appetite became very irregular. I applied to several physicians, but they did not seem to understand my disease, for I kept growing worse. I was troubled with palpitation of the heart, difficulty of breathing, offentimes trembling of the limbs, soreness in my throat, loss of memory, and great aversion to business and to society. At times I was very gloomy, and what caused me to feel werse was my inability to collect my thoughts vigorously on any subject; suffered much from swimming in the head, and much from fears of getting insane, for my physicians had told me that I had symptoms of fits; but, after persevering for a long time in the old school remedies, and in the homeopathic also, I was informed my case was beyond cure.

Seeing the advertisement of Profs. Bolles & Galloway in The Press and Bulletin, I called on them at 1220 Walnut street, and, after conversing with them a few minutes, they told me that they could cure me, and that without throwing poisonous drugs into my system. This to me was rather astonishing; still I believed it, for I hadk

No. 183 Fifther street, Philadelphia.

AN OBSTRATE CASE.

I have been severely afflicted with dyspepia and disease of my throat and lungs for more than three years, and at times was unable to attend to business. During the whole time I have unfered from obstinate constituention, and my efforts with medical agents produced no change. I have not neglected to employ the best medical skill in his city, and have attended to their prescriptions inthingly for the past three years, and they had all-failed to do me any permanent good. At a time when I had nearly abandoned all hopes of being cured, I was induced to call on Professor Bolles, at 1220 Walnut street, and placed myself under his treatment, and, in a short time, I was perfectly cured. I have seen others who have been cured of most obstinate diseases. From what I personally know of Professor B. a discovery in applying Magnetism and other modifications of Electricity, I can cheerfully recommend his mode of treatment to all invalids. I have sent some persons there who have been cured, and, therefore, I speak from a knowledge of the treatment. CHARLES H. GRIGG,
