THE FIRST RETURN REGIMENTS. — The first regiments of two-years men belonging to the State of New York, passed through this city at an early hour yesterday morning, on their way home. They were the 7th and 8th—the former being most all Germans—and they presented a very good ap-pearance; their uniforms look the worse for wear, but the bronzed face and rugged look of the men is a sign of good health. The regiments marched from Broad street to the Refreshment. Saloons, and they went over the distance with a light and gallant tread. Very few people were at the saloons when the regiments arrived at the foot of Washington street, but as soon as the usual salute was fired, the "Old District" was aroused. Men, women, and children came out in hundreds, and the fraternizing of citizens and the returned warfiors commenced in good earnest. The refreshment committees gave the returned soldiers a hearty breakfast, which they appreciated. A hearty meal at the sa-loons is relished with more zest in returning home than when going to the seat of war. The long use of army fare has a tendency to sharpen their appe-tites wonderfully; and the ladies waiting on the tables is a novely to them, bringing foroibly to their minds the "loved ones at home." As the 7th was at Front and Washington streets, a large Teu-tonic captain in the regiment espied a bear wagon piled up with kege full of his favorite beverage. He raised his arm, pointing at the object with the ory of "Berel der beer !" with the most lively ex-pression of countenance. Old Jeff and his arm beaut of the regiment espied a bear wagon piled up with kege full of his favorite the vere than did his beer wagon and its sleepy-looking driver. After break-fast the regiments re-embarked for home. The men behaved in an orderly manner, and were treated as-cordingly. We learn, that the term of the regiment, first mus. THE FIRST RETURN REGIMENTS .- The

we learn that the term of the regiment first mus-Cordingly. We learn that the term of the regiment, first mustered in of the nine-months usen from this State will not expire until the 6th of May cosuing. The first regiment mustered for that time, in this State, was the 124th P. V., and all the other regiments were mustered in at periods after that date, running the time for the expiration of their service into the middle of May next. Under these circumstances, we cannot expect any of these men home before the middle of next week. This fact now being known, those charged with the preparation for the reception of the ine-months men have sample time to perfect their arrangements, so that every provision will be made for their accommodation. Some of the companies attached to the Dauphincounty Regiment were mustered in so as to make their term expire and the fit of April. Therefore, the City Zouaves' term of enlistment expired on Monday last. But the Zouaves were attached to a regiment the other companies of which were mustered as a not to entitle them to be mustered out until after the 6th of May. The Zouaves may return any day this week, but the 127th Regiment cannot be expected until after the 6th of May.

ANNIVERSARY.—The 42/d. anniversary. of the laying of the corner-stone of the Trinity Church, Oatharine street, above Second, was celebrated on Saturday evening, in a most appropriate manner. The time being the evening of St. Mark's day, there were religious services incidental thereto, con-ducted by the Kev. Dr. Clay and Rev. Mr. Erben. These ceremonies being conclided, the Rector of the church, Rev. Dr. Washburne, announced the object of assembling. Whereupon, Col. G. G. West was called to the chair, and Samuel P. Rutter was appointed Secretary. The Committee of Arrangements, consisting of Messrs. McCollom, Field, Pearson, and George W. Smith, had solicited Wm. S. Price, Esq., to prepare a paper on the carly history of the church ; which was read by that gentleman, after a brief introduc-tory address by Mr. Washburne. The large congregation listened with profound in-terest to these apeakers respectively, as they recalled to the recollection of rany present the honored names of the ploneers of the Church in Southwark : Parson Turner, who gave a thousand dollars to it, and Messra. Eldridge, Stotesbury, Huddell, Golder, Wallington, Turner, Garwood, Burton, Edward Smith, J. D. George, T. T. Stiles, and George L. Eyre, the original vestry named in the charter, which was prated under Governor Hiester, and approved by Judges Tilghman, Gibson, and Duncan. It was noted that Mr. Potter, then a student, pre-sented its first Bible. He is now the Bishop, and more than ever interested in the prosperity of this church, among whose honored names (besides those already given) are such as Klapp, Hughes William-son, Geyer, Mahony, Thomson, Harding, Fer-guson, Singer, Gaw, Norton, Watkins, Watson, Rowland, Wethersil, Churchman, Robinson, Rich-ardson, Thompson, McManemy, Stevens, Marks, and many others to whom at succeeding anniversa-ries fitting reference will be made. The brief, but cordial response of the few gentle-mer called upon by the chairman, the asborbing in-terest of the specimen history presented, the mate-r

and missionary work in connection with this onlice, all unite in pledge and promise of a still richer en-tertainment next anniversary. Meanwhile, the renewed earnestness of the con-gregation here worshipping, their liberal expenditure upon the building, now so neat and elegant through all its interior arrangements, the able management and the efficient ministrations, all confirm the ex-pressed conviction of the speakers, that a new ca-reer of hanvy prosperity is already herein.

 WONDERFUL SCHENTIFIC DISCO.

 BEAD THE FOLLOWING CAREFULLY:
 The difference between fact and fectors, of permittently coring the sick and suffering of their diseases or adver-tising to cure, and schewing but littly or no evidence of cures, can be well appreciated by the saxious inquirers after health, upon attentively reading the following synopsis of certificates from some-of the most reliable gentlemse in Philadelphia, who were permanently cured by Prof. Boles, 1220 WALKUT Street, and after they had been given up as incurable by the most emil-hent medical men of this city: ANO.HIR REMARKABLE CURE: PHILADELPHIA. March 3151, 1863.
 For the past three or four years my health has been gradually renaing down, and 1 for some time could not understand the cause of it A first I was not much alarmed, but, as time wore on, my sufferings kept getting worse. I becan to loss flesh, my natural color left me, and my appetite became very irregular. I ap-plied to several physicians, but they did not seem to understand my disease, for I kept growing worse. I was troubled with palpitation of the heart, difficulty of breathing. oftentimes trembling of the limbs, soroness in my throat, loss of memory, sad great aversion to business and to society. At times I was very gloomy.

I will give you a brief statement of my success since 1 closed my instructions with you, and also my faith in it as a remedial agent, for the cure of all curable disease. At overy step as I have proceeded in the practice, my astonishment has been increased when witnessing its power in controlling and curing all forms of disease. The and hard y say to what class of diseases Electricity is best adapted—but think it adapted to all—but its power over Paralysis, Consumption, Rheumatism, Acute or Chronic Neuralgia, St. Vitue' Dance, all Female Diseases, and all derangements of the pract; therefore I speak positively of its power to control without any medicine being given according to Allopathy or H. meonsthy—cures ten to one of all that other systems claim to energian the practice of the proversion of the practice of the prover is controly state of the prover of the prover over paralysis. the fittle boys charged with having robbed the store of Mirs, Maher, as reported in *The Press* yesterlay. Officer Miller, in searching the house, found an extraordinary number of cups and saucers, pitchers, pitcles, ad other articles of crockery ware, which the little boys admit having stolen from different stores, and sold to her at a very trilling cost. All this property was taken to the Third-district station-house, where it may be inspected by oreckery dealers, some of whom may have had sets of their wares broken, in regard to numbers, because of the pilfering. The accused was held for a hearing, to take place this afternoon. **The Schooner [Secretary.** The parties arrested a few days since, and the seizure of the or wares broken in tregard to the seizure of the schooner Secretary, have not yet been investigated by the United States authorities. A man, residing at Baltimore, who was interested in the shipment of goods, was arcested and brought to this city yesterday, and taken to the Central Station. He is in the custody of Chief Franklin. We learn from Deputy Marshal John Jenkins, who caused the vessel is or will be claimed as a prize. It is not known when the investigation will commence-probably this afternoon the parties will be arraigned. We understand that good lawyers have been engaged to conduct the defence.
