It seems the two men engaged in a quarrel in Cresson's alley, and the accused picked up a brickbat about a couple of pounds and threw it with violence at the complainant, striking him in the face. A corner of the brickbat entered the cheek bone, producing a shocking and, perhaps, a dangerous wound. The accused was ordered to enter bail in the sum of \$500 to answer at court. Alleged Robbery of Soldiers.

A woman giving the name of Z. Falkenstein, so essentially Dutch as to pretend not to understand a word of English, was arraigned yesterday afternoon on the charge of the larceny of sundry articles not onumerated, the property of Mary Tepe, the vivandiere of Colonel Collis' Regiment of Zouaves She is a member. of Company I of that brave band of Union soldiers. Two years ago she entered the army and left her effects packed up in a large trunk with the family of Mr. Henry Gotthold. residing in the vicinity of Tenth and Market streets. For several months, and until within a few days ago, the defendant lived in the same house. After she had moved away the trunk of the vivandiere was found to have been moved from its accustomed place, in the room occupied by Mrs. Gotthold. On making an examination it was found to have been rifed of of all its contents, consisting of silver spoons, knives and forks, dresses, shawls, &c. &c. The attention of Sergent John S. Magee was called to it, and this energetic officer ascertained vesterday morning where the suspected woman had moved to. He at once procured a search warrant, and proceeded to the house of the defendant on Eighth street above Shippen. The sergeant found in the trunk of the accused, the photographic likeness of Mrs. Tepe. Ectween the leaves of a prayer book, a couple of pawn tickets, one for a set of corrects, the other for a shawl that had been pawned. The articles ware recovered. The shawl was positively identified by Mrs. Gotthold. [Before Mr. Alderman Dougherty.] THE MUTUAL LIFE INSURANCE COMrany of New York, represented in this city by Mr.
F. Ratchford Starr, has declared the extraordinarily
large dividend of three millions of dollars for the
five years ending 31st of January last, to be divided
among the insured (who alone participate in the
profits, there being no stockholders,) either in
adding to the amount of the policy or in reducing
the premium, whichever the insured may prefer.
The examples given in the advertisement on our
third page clearly show the amount of these large
dividends, and cannot fail to interest our readers,
insured or uninsured. By reference to them, it will
be seen that in some cases the insured need pay no
more premiums, but may receive an annual sum from
the Company so long as they live, and the amount
of the policy will be paid at their death. The additions to policies in many cases exceed the total premiums paid, so that should the insured die, his familly will receive a large profit upon the premium THE MUTUAL LIFE INSURANCE COMniums paid, so that should the insured die, his family will receive a large profit upon the premium paid, in addition to the sum insured. This will be better understood by the following case of a policyholder in this city given us an illustration: Mr. H. insured in this Company in 1858 for \$5,000, and paid three annual premiums of \$154 98, making his total premiums \$464.94. The Company paid the amount insured (\$5,000) and \$524.82 profits—in all, \$5,524.82, so that the family actually received back from the Company the premiums paid by Mr. H. (494.94) and twelve per cent. interest thereon, besides the five thousand dollars, which, in view of the interest on the premiums, cost them nothing.

The practical results of an insurance in this Company may be briefly stated thus: an immediate and secure provision for the family—a profitable investment of the money paid in premiums, and a provision for the insured himself, should he become involved in pecuniary difficulties. bail.

In the United States Court, yesterday morning, a chooner owned by disloyal owners, was confiscated and condemned. Nothing else of importance transpired. MINERYA VS. ATHLETIC, JR.—The match game of base ball between these two Clubs came off on Saturday, resulting in favor of the latter Club. The best playing was by the Minerva; but, owing to their not being able to get their field properly arranged, the Athletic took the advantage, and led off. The ball was presented by Mr. Theodore E. Wiedersheim, captain of Minerva, in an appropriate speech, remarking that, although beaten, they were ready for another contest, and hoped at the next game to be the victors. It was received by Mr. John Berry, who made an eloquent address, stating that the Athletic felt proud, having beaten such a great Club as the Minerva. The following were the players: Minerva—Wiedersheim, Esler, Newman, Berry, Ross, Ayres, McKeever, McClary, Bell. Athletic—McFadden, Walton, Heiss, Shell, Berry, Faust, Cook, Rorke. Wright. Umpires—William Nicholson and John Linerd. Scorer—Benjamin N. Mann (from New York). Stake Driver—William Thomas. Rubber Down—Harry K. Fox (from St. John's). While the game was progressing, news came of the recrossing of Hooker's army, which caused the greatest enthusiasm amongst the players. MINERVA VS. ATHLETIC. JR.—The match District Court-Judge Hare. The llowing cases were disposed of: following cases were disposed of:

Hawkisworth et al. vs. Whetham. An action on a promissory note. The defence set up was that it was an accommodation note, and that at its maturity it was taken up by the party for whose accommodation it was made, and he afterwards passed it to plaintiff. After the case had been submitted to the jury plaintiff suffered a non-suit. Gentart for plaintiff; Guillon for defendant. Another case was put on trial, and after progressing to some extent a juror was withdrawn and the case went over. ACTION AGAINST THE CITY.

Alexander Petit vs. the city of Philadelphia. This was an action to recover for extra work under a contract with the city for the erection of one of the South Eleventh-street markets. The contract with the city provided that the site should be prepard; but it is alleged that the plaintiff was obliged to propure and grade the site himself, that duty not having been performed by the city Jury out, with permission to ach their verdict, and bring it in this morning. ORR.—Inc many filends of this officer, of Company H, 61st Regiment, P. V., will rejoice to hear that he was not killed, as reported. We have had the pleasure of seeing a letter received by his family on Saturday, from a brother soldier who was in attendance upon him in one of the hospitals. Captain Orr, while engaged in bravely rallying a portion of the regiment which for a moment wavered after the fall of the lamented Col' Spear, was prestrated by a shell which massed Court of Common Pleas-Judge Allison. In this condition he was carried from the field, and received every attention, we are assured that the injuries he received, although very painful, will probably not long deprive his devoted band of veteran heroes of his services. This is the ninth bloody battle in which this regiment has been engaged, and again in the very front of the fight. They have suffered terribly. They have for mourn the loss of their colonel; added to this, four of their captains have fallen and two others wounded. The total loss in killed, wounded, and missing in the regement is set down at 184. GIARGE OF EMBEZZIEMENT.

John D. Grover was put on trial, yesterday, charged with the embezziement of 2,000 pairs of shoes. From the evidence, it appeared that the defendant was the assignee for the banefit of creditors of Charles H. McCurdy, and received, under the assignment, the stock of Mr. McCurdy's establishment, amounting to about \$19,000, or \$90,000. In his first account, he charged himself with the sale of four bills account, he charged himself with the sale of four bills of the course of the assignee was taken under advice of counsel, and that on chiedton being made by creditors, the goods were sent to anction, and sold, and they accounted for. It was further in evidence that he goods were charged to defendant at the market rate, on his first account. Judge Thompson charged the highly, in effect, that no case had been made out, and they immediately returned a verdict of the prosecution; and J. P. O'Neill, and H. M. Phillips for defendant. REVIEW OF TROOPS.—Gov. Wm. Cannon and Col. Sa'uuel M. Harrington, Jr., adjutant general of Delaware, have just returned from a review of all the regiments from that State, situated in different parts of Virginia. The adjutant general reports the troops to be in fine condition, thoroughly disciplined, and in most excellent heath. Colonel Harrington is a very eloquent and able orator, and the brave soldiers of the little "Diamond State" were much impressed with his brilliant denunciation of treason. During the canvass of 1860, the two gentlemen were bitter political opponents, Governor Cannon being a strong Breckinridge Democrat and Colonel Harrington an ardent Republican. They fully agree now, however, in having full confidence in the Administration, favoring the use of every necessary means to put down this unholy rebellion.

COMMITTEE OF THE MONTH. AT THE MERCHANTS' EXCHANGE, PHILADELPHIA. MARINE INTELLIGENCE. SALE OF DEER.—A public sale of deer took place yesterday afternoon at the Logan Square. Mr. Wolbert, the auchoneer, mentioned at the commencement of the sale that unless the first bids should warrant a continuance of the sale, the further prosecution of it would be discontinued until it could be more freely advertised. The sale was then commenced by putting up two of the animals, a buck and a doe. The first bid was \$15, and they were finally knocked down to Mr. Robert Leggett, for \$25 each. The second pair were started at the same price, but the bids were not as spirited as at first, and did not reach more than \$18. It was then stated that unless future bids should be started at \$25 the sale would be discontinued for the present. The sale, accordingly, was discontinued. PORT OF PHILADELPHIA, May 12, 1863. REBEL PRISONERS ABOUT TOWN.—A number of rebel prisoners, who have taken the oath of allegiance, have recently found their way into the city; and yesterday morning, three or four of them made their appearance on Chestnut street, and visited a number of the stores and made purchases. A considerable crowd followed them from motives of curiosity, but no insult whatever was offered the men. These men, when they return home, cannot fail but take with them grateful recollections of the general hospitality of the people of the city of Penn. They have not found deserted grass-grown streets, nor closed stores. On the contrary, they have discovered that peace spreads her wings over the city, and evidence of great prosperty wherever they went. So far as our observation extended, the rebels deported themselves in a respectable manner. Schr Rockingham, Taipey, 7 days from Rockport, with ice to captain.

EEAD THE FOLLOWING CAREFULLY:
The difference between fact and fiction, of permanently curing the sick and suifering of their diseases or advertising to cure, and showing but little or, no evidence of cures, can be well appreciated by the anxious inquirers after health, upon attentively reading the following synopsis of certificates from some of the most reliable gentlemen in Philadelphia, who were permanently cured by Prof. Boiles, 120 WALNUT Street, and after, they had been given up as incurable by the most eminent medical men of this city:

ANOTHER REMARKABLE CURE.

PHILADELPHIA, March 31st, 1883.

For the past three or four years my health has been gradually running down, and I for some time could not understand the cause of it. At first I was not much alarmed, but, as time wore on, my sufficings kepting worse. I began to lose fiesh, my natural color, left me, and my appetite became very irregular. I applied to several physicians, but they did not seem to understand my disease, for I kept growing worse. I was troubled with palpitation of the heart, difficulty of breathing, oftentimes trembling of the limbs, soreness in my throat, loss of memory, and great aversion to business and to society. At times I was very gloomy, and what caased me to feel worse was my insultify to collect my thoughts vigorously on any subject; suffered much from swimming in the head, and much from fears of getting ineane, for my physicians had told me that I had symptoms of fits; but, after persevering for a long time in the old school remedies, and in the homeopathic also, I was informed my case was beyond cure.

PROF. BOLLES—Dear Sir: As you have frequently requested me to give you my opinion of the therapeutic effects of Electricity, when applied according to your discovery of its physiological relations to the human system, in producing and curing disease; and this being the first favorable opportunity, I will give you a brief statement of my success since I closed my instructions with you, and also my faith in it as a remedial agent, for the cure of all curable diseases. At every step as I have proceeded in the practice, my astonishment has been increased when witnessing its power in controlling and curing all forms of disease. I can hardly say to what class of diseases Electricity is best adapted—but think it adapted to all—but its power over Paralysis, Consumption, Rheumatism, Acute or Chronic Neuralgia, St. Vitus Dance, all Female Diseases, and all derangements of the nervous system. The above diseases having been treated by me since I took instruction from you, as also many others; therefore I speak positively of its power to control without any medicine being given according to Allopathy or Homeopathy—cures ten to one of all that other systems claim to cure.

Please take notice that Prof. B. does not advertise any certificates of cures, except those cured in this city.

N. B.—It will be well for the diseased to recollect that Professor B. has giren a world of caution in his pamphlet, to guard them against trusting their health in the hands of those in this city claiming to treat diseases according to his discovery. This caution may seem severe on those using electricity at hazard, but it is the severity of truth, and designed for the good of humanity. See advertisement in another column.
