THE CITY. The Thermometer ANNIVERSARY MEETING OF THE ORPHAN ANNIVERSARY MEETING OF THE ORPHAN SOCIETY.—The forty-ninth anniversary meeting of the Philadelphia Orphan Society was held yesterday, at noon, at the First Presbyterian Church, Seventh and Washington Square. Rev. Dr. Newton presided, and opened the exercises with prayer. This was followed by the singing of the hymn, "Our Anniversary." This was followed by the singing of the hymn, "Our Anniversary."

"Gome join our celebration, With hallowed songs of joy."

The report of the Board of Managers was then read. It stated that eighty-nine children at present constituted the immates, fifty boys and thirty-nine girls. One boy had died of pneumonia, on the 28th March last, this being the only death among the children for seven years. Fourteen had been admitted during the year, and fifteen had left.

After having read the report, Rev. Dr. Newton then proceeded to address the children. He chose his subject from the sixth verse of the sixth chapter of Proverbs: "Go to the ant; consider her ways and be wise." The whole address was admirable, perfectly suited in its charming simplicity to childish minds, and yet interesting to adults. The happy countenances of the children, their neat and even tasteful attire, their singularly correct behaviour, and the interest in their welfare manifested by the teachers and others present, rendered the whole affair one of unusual pleasantness and profit.

The exercises concluded with praying and the singing of the hymn: "Shall we sing in Heaven forever!" ASSESSING ALIENS.—Mr. Charles Heritage, one of the assessors of the Sixth ward, raised a question, a short time since, as to whether the names of aliens should be inserted in the books used for election purposes. One of the assessors of the ward argued that the names should be inserted, while Mr. Heritage differed in opinion, and the matter was referred to the City Solicitor for settlement. The City Solicitor, in giving his opinion, says he is of the opinion that, in making out the books used for election purposes, the assessors should not in-The City Solicitor, in giving his opinion, says he is of the opinion that, in making out the books used for election purposes, the assessors should not insert the names of aliens. To secure a proper return to the treasury of the Commonwealth of the taxes due to her, assessors are to assess all property and occupations, whether owned or pursued by aliens, citizens, whites or blacks, males or females. This is for the purpose of assessing a tax against the estate or employment, and to produce a revenue. The house of an alien should, therefore, be assessed as well as the house of a citizen, for both receive like protection; and the same remark would apply to all property, to all trades, and indeed to the person of the taxable.

For election purposes, however, the assessors are to prepare different lists. These lists are not to enable the authorities to ascertain who are to pay taxes and how much is to be paid; but by these lists the officers of elections are to be in part governed in deciding who shall vote. To insert the names of allens, colored persons, or minors upon such lists would lead to great confusion, if it did not open the door to fraud. In the contested-election case of Mann vs. Cassidy; one of the first illegal votes proved had been cast by a man who personated lared Orippen, a colored person, whose name was properly on the list of taxables, but improperly on any list prepared for election purposes.

"As an alien is not a citizen, and has no right to vote, there is nothing in the several laws, or in the reason of the thing, that would require his name to be inserted in the books used for election purposes." THE LATE COLONEL SPEAR.—Yesterday morning the body of the late Colonel George B. Spear, of the 61st Regiment P. V., was laid in state in Independence Hall. The bier upon which the coffin rests is in the centre of the room. The coffin was covered with a large American flag, and a beautiful wreath of laurel was upon the top. The face of the deceased was not exposed to view. but upon the coffin was a large photograph of the Colonel, dessed in full uniform. Immediately in the rear of the bier were the torn flags belonging to the 61st Regiment, and which have been carried through the various battles in which that brave corps have participated. One of the flags has been completely riddled with bullets. The guard of honor is composed of the remaining members of the Continental Guards, a company which Colonel Spear commanded previous to the breaking out of the war. Quite a large number of persons visited the hall yesterday morning, and the flag upon the building was displayed at half-mast in honor of the deceased. The funeral will take place this afternoon, at four o'clock, from the late residence of the Colonel, No. 1818 Hamilton street.

Conclusive Evidence.

A colored men named Isaac Price, was arraigned before Alderman Be tler yesterday morning, on the charge of the larceny of a trunk of clothing, the property of Olivia Cook. The robbery is alleged to have taken place on the fourth of November last. The prosecutrix at that time lived in Water street. She employed the defendant to take the trunk of clothing to the house of Thomas Holland, on Dock street. Instead of doing so, it is alleged that he took it to a house on Lombard street, above Sixth, since which time it has been rified of its contents.

"Well Isaac," said the Alderman, "have you any explanation to make?"

"Yes, sah, "replied the defendant promptly, "you see de fac is, this yere lady toll me to take the trunk down to Lombard street."

Kate Hetziner, the proprietress of a low drinking restaurant on Lombard street below Second, was arraigned yesterday morning on the charge of misdemeanor, in aiding and abetting the escape of a man known as Frenchy, who had stabbed a colored man named Charles Scott, on Mon day night. It seems from the evidence of the colored man that he went into the cellar to get a drink of liquor. Just as he stepped up to the bar and esiled for what he wanted, the man Frenchy asked him if he was n't going to treat? He replied, "No, treat yourself." The west is going to treat? The assailant then threatened to cut him, and, suiting the action to the word, stabbed him in the back in several places, and then drew the weapon across the small of his back, and cut a pretty deep gash from seven to eight inches in length. Murder was cried, and a police officer standing near Seçond street rushed into the cellar, where he found the woulnded man bleeding freely. The man who had thus used the knife was not to be found. Shoplifter Caught.

A woman, giving the name of Bridget Burns, was arraigned last evening on the charge of the larceny of a piece of goods valued at \$5. the property of Messrs Eyre & Landell, at the corner of Arch and Fourth streets.

Mr. Landell testified that the accused came into the store under the pretext of wishing to purchase something. She picked up a piece of goods, valued at five dollars, and put it under her shawl. As she was about to go from the store, Mr. L. accosted the defendant about it, and, raising her arms, the stolen piece fell to the ficor. She was therefore taken into custody. Mr. Landell said he did not mind the value of the goods, but entrained the idea that it was near time such pilfering should be stopped, at least at his store. Last week eighty of aniacty dollars worth of goods were stolen by shop-lifters; not ions since the store was entered and robbed of \$5.000 worth of goods, and now he is determined to put a stop to it, so far as the defendant is concerned. The prisoner endeavored to explain that Mr. L. was mistaken; that the tundle she had at present was what he was committed in default of \$1,000 halt to answer at court. LEGAL INTELLIGENCE. THE EVENING BULLETIN CASE—DEGISION AND FINAL DE-CREE OF THE SUPREME COURT.

On Wednesday last, the Supreme Court, sitting at Har-risburg, made a final decision in the case of Peacock et al. vs. Cummings et al. We present the decision and HELMBOLD'S al. vs. Cummings et al. We present the decision and decree below:

Strong, J.—The plaintiffs and defendants entered into conartnership, on the eighth day of February, 1830, for the purpose of publishing a daily newspaper in the city of Philadelphia. By the articles of copartnership, it was agreed among other things, that the stock of the firm should be divided, into fifty shares, and that each proprietor should be interested in the proprietorship, stock, properly, profits and losses, in the proportion which the share or number of shares held by him bore to the whole number of shares. It was agreed that the association should continue for the full period of five years, from the first day of February, A. D., 1880, and that at the expiration of that time, or upon its other sooner dissolution, the stock and property should be sold, divided, or otherwise disposed of. It was also stipulated that, an editor should be employed, from time to time, for a term of not more than five years, at any one engagement, and at a salary of not more than twe thousand dollars per annum; and also a publisher, for a term of not more than twelve hundred dollars per annum, each of which, during the term of his employment, should be a proprietor.

The complainants are the holders of twenty-savan than five years at any one engagement, at a salary of not more than twelve hundred dollars per annum, each of which, during the term of his employment, should be a proprietor.

The complainants are the holders of twenty-seven shares of the stock, and the defendants are the holders of the other twenty-three shares.

The bill avers that on the 8 h of February, 1869, James S. Chambers, one of the defendants, was elected publisher of the newspaper, but that neither at the time of his election, nor subsequently, was any term assigned for the duration of his employment; that he continued to act as publisher until August 18th, 1882, but did not devote care, skill, and attention to the business of the department to which he had been assigned; that in the month of April, 1861, he accepted an appointment as Navy Agent, at Prinadelphia, the duties of which office have occupied his time and attention ever since, to the exclusion of the interests of the copartmership. The bill further charges that at a regular meeting of the association, held on the 18th of Angust, A. D. 1862, at which all the proprietors were present except Ferdinand L. Fetherston, once of the complainants (he, however, having been represented by his proxy), a resolution was passed, removing the said J. S. Chambers from being the publisher, and appointing the said Fetherston in his stead, and that the resolution received in its favor the votes of the holders of wenty-seven shares of the stock. The bill further avers that from the time of the adoption of axid resolution to the present the de oudnuts have refused to permit Fetherston to act as publisher of the newspaper, in place of the said Chambers, and have hindered and prevented him from entering on the duties of his appointment, in violation of the articles of the association. The complainants therefore pray that the defendants have penting access to said paper and all the property of the copartmership, and against disobeying or interfering in any way with the resolution passed August 16, 1862.

Such is the effect of the resolution of August 16th, 1682, and this was done at a regular meeting of all the partners, at which each was allowed a voice. With this action, at he majority the defendants are not only dissatisfied, but they deny the power to pass such a resolution appointing the complainant, Fetherson, the publisher, and one of them refuses to permit him, though thus appointed, to enjoy the rises to permit him, though thus appointed, to enjoy the rises to permit him, though thus appointed, to enjoy the rises to permit him, though thus appointed, to enjoy the rises to permit him, though thus appointed, to enjoy the rises to permit him, though thus appointed, to enjoy the rises to permit him, though thus appointed to the rise and and authority, unless it was in conflict with the fundamental articles. Of course, if not defined by agreement, any incumbent was removable by the firm. Clearly, therefore, it rests upon the party which denies power to remove to show that the power was fettered by an agreement for a definite period of service not expired when the resolution of August, 1892, was adopted. This is not shown by the pleadings.

MEDICAL. WONDERFUL. SCIENTIFIC DISCOVERY OF PROF C. H. BOLLES, 1220 WALNUT Street, Philadeiphila.

The difference between fact and faction, of permanently curing the sick and suffering of their diseases or advertising to cure, and showing but likle or no evidence of cures, can be well appreciated by the anxious inquirers after health, upon attentively reading the following synopsis of certificates from some of the most reliable gentlemes in Philadelphia who were permanently cured by Prof. Bolles, 1220 WALMUT Street, and after they had been given up as incurable by the most eminent medical men of this city:

ANOTHER REMARKABLE CURE.

Frihadelphia, March 3ist, 183.

For the past three or four years my health has been gradually running down, and I for some time could not understand the cause of it. At first I was not much alarmed, but, as time wore on, my sufferings kept getting worse. I began to lose flesh, my natural color left me, and my appetite became very irregular. I applied to several physicians, but they did not seem to understand my disease, for I kept growing worse. I was troubled with palpitation of the heart, difficulty of breathing, oftentimes trembling of the limbs, sorenessis in my throat, loss of memory, and great aversion to business and to society. At times I was very gloomy, and what caused me to feel worse was my inability to collect my thoughts vigorously on any subject; suffered much from swimming in the bead, and much from feare of getting insane, for my physicians had told me that I had symptoms of fits; but, after persevening for a long time in the old school remedies, and in the homeopathic also, I was informed my case was beyond cure.

Seeing the advertisement of Prois. Boices & Galloway in The Press and Bulletin, icalled on them at 1220 Walnut street, and, after conversing with them a few minutes, they told me that they could cure me, and that without throwing poisonous drugs into my system. This to me was rather astonishing; still I believed it, for I had known some persons they bad cured, WONDERFUL SCIENTIFIC DISCO-TRUTH IS MIGHTY AND WILL PREVAIL.

PROF. BOLLES—Dear Str.: As you have frequently requested me to give you my opinion of the therapeutic effects of Electricity, when applied according to your discovery of its physiological relations to the human system, in producing and curing disease; and this being the first favorable opportunity. I will give you a brief statement of my success since I closed my instructions with you, and also my faith in it as a remedial agent, for the cure of all curable diseases. At every step as I have proceeded in the practice, my astonishment has been increased when witnessing its power in controlling and curing all forms of disease. I can hardly say to what class of disease selectricity is best adapted—but think it adapted to all—but its power over Paralysis, Consumption, Rheumatism, Acute or Chronic Neuralgia, St. Vitus' Dence, all Female Diseases, and all derangements of the nervous system. The above diseases having been treated by me since I took instruction from you, as also many others; therefore I speak positively of its power to control without any medicine being given according to Allopathy or Homeopathy—cures ten to one of all that other systems claim to cure.

Please take notice that Prof. B. does not advertise any certificates of cures, except those cured in this city.

N. B.—It will be well for the diseased to recollect that Professor B. has given a word of caution in his pamphlet, to guard them against trusting their health in the hands of those in this city claiming to tred diseases according to his discovery. This caution may seem severe on those using electricity at hazard, but it is the severity of truth, and designed for the good of humanity.

PROF. C. H. BOLLES, PROF. C. H. BOLLES, 1230 WALNUT Street, Philadelphia. AYER'S PILLS.—ARE YOU SICK,
A FEEBLE, AND COMPLAINING? Are you out of order, with your system deraged and your feelings uncomfortable? These symptoms are often the preduct o serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take AYER'S PILLS, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take AYER'S PILLS, and see how directly they restore the natural action of the system, and with it the bnoyant feeling of health gain. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body they are reached to any of them surely, cured these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Ellions Complainte, Indigestion.

LICENSES.

All licenses assessed in accordance with the act of March 3, 1563, will continue in force until the first day of May, 1584.

"And all licenses granted after the first day of May, 1584.

"And all licenses granted after the first day of May following, and will be issued on the payment of a ratgable proportion of the whole amount of duty imposed for such licenses; and such license so granted will be dated on the first day of the month in which it is issued; Provided, That any person, firm, or corporation, that on the first day of May, 1863, held an unexpired license, will be assessed a rateable proportion for the time between the expiration of the license and the first day of May, eighteen hundred and sixty-four."

All persons doing business within this district must apply for a new license to run from the date their present license expires, (which, in most cases, is September 1st, 1863,) to the first of May, 184. Whenever by the amendments new rates of license are established, the new license will be assessed at the new rates, and in all cases where the present license expires September 1st, 1863, the new license will over a period of eight montas, and must be assessed to pay two thirds of the yearly tax.

PENALTIES. When an assessment for license has been made, upon neglect or refusal to give the list or make the application within the time required, and the assessment to a second constitution of the control of th neglect or retusal to give life list or make the application within the time required, and the assessment is returned in the annual list, the fifty per centum penalty prescribed in set tion 12 must be added, and 'cannot be permitted, either by the assessor or collector.

By the act March 3, 1583, the penalty of two years' imprisonment is added to the punishment provided in former sets, for those who fail to take out license when required by the excise laws of the United States.

The former annual assessment was much embarrassed for want of information on the part of the citizens, with regard to the duties imposed on them by the excise law. It is manifest that with the knowledge now attained, on the part of the tax payer, and with the assistance rendered by this circular, ignorance of the law can no longer be pleaded by delinquents in the hope of avoiding the penalties provided.
