Where the Elijah, whom He charms by a "still small voice," more mighty than whirlwind, earthquake, and fire? Where the priest to whom He responds? Where the Shekinsh in which He dwells? Where the prophet whom He inspires? Where the king with whom He enters into covenant? But let the Old Dispensation pass.

Come to the New. Where is the Son of Man? Did He not say that His disciples would desire to see one of His days, and should not see it? The audient of the discourse was "The Bible and other Ancient Authorities"—founded upon Ps. exxxviii, 2: "Thou hast magnified thy word above all thy name." We extract from FIRE! FIRE! FIRE! it the following remarkable passage. The particular division from which this is taken was designated by PHILADELPHIA May 30, 1863.

M. C. Sadler, Esq., Apent for Lillie's Safes:

DEAR SIR: During the night of May 19, 1863, our Grocery and Provision Store, at North Second and Willow streets, took fire at about 2 o'clock A. M., and as the store was a two-story wood building it burnt rapidly, and before the fire-ongines could act upon the fire, our whole stock of goods, including much combustible material, and amounting to over \$2.000, were wholly destroyed. We had one of your No. 11 Chilled Iron Safes, which was in the hottest part of the fire, and it came out of the fire and it came out of the fire and it came out of the fire not in the least injured, except the melting off of the name, plate and paint. The contents inside were not affected in the least, and we consider the Safe just as good a protection against fire now as before, and shall use it hereafter with increased confidence. The look works as perfectly as before the fire.
