SSW......SW.....SW. SE.......ESE...E. by S. THE DEFENCES OF THE CITY. — The corps of engineers attached to General Dana's head-quarters have been very busy for the past few days selecting the sites for fortifications. On Friday a large fort was commenced at Schoolhouse lane and the Ridge road, near the Falls of Schuylkill. Pro-fessors Davidson and Fraser have assisted Professor Baohe in the work, and sixty men from the Gas Works commenced throwing up the fort after it had been staked out. Redoubts have also been marked out near the main fort. Two hundred-pound Par-rot guns will be mounted in the fort. The survey for other forts is a still being prosecuted. The Chief Engineer and Surveyor of the city, with his assist-ants, is taking part in the work. Colonel George P. MoLean was on Saturday commissioned by Go-vernor Curitin to act as a mustering officer in Phila-delphia, to muster into service the men called out for ninety days by the proclamation of the Governor. The workmen in the emoloy of Messrs. Orang & Sons, shipbuilders of Kensington, have formed themselves into a company for city defence. Their company numbers 116 men. The men work during the norning and drill in the afternoon; every man who thus drills with the company being paid a full day's wages. This firm also contributes three dol-lars a week for the support of the families of such of their men as enlist in the State defence. A large number have already enlisted.

A RESPONSE FROM CAMDEN.-The ser-

A. RESPONSE FROM. CAMDEN. — The ser-vices of about two thousand of the residents of Camden were tendered to the Mayor of this dity last week, for dity defence. In answer to this liberal offer the Mayor makes the following reply: OFFICE OF THE MAYOR OF THE CITY OF PHILADELPHIA, July 2. 1863. Thomas S. Speakman, Esq. Comden, New Jersey: DBAR SIR: Your letter of the 1st inst, tendering the assistance of yourself and of your associates to aid in the defences of Philadelphia, has been re-ceived. It is natural that we should look with con-fidence to our neighboring city in an emergency like and in the developes of a minutepoint, has open are ceived. It is natural that we should look with con-fidence to our neighboring city in an emergency like the present; and the sentiments of your letter are assurances that we should not look in vain. I trust that there may be no occasion to put your valuable services in requisition; but if it shall prove otherwise, there will be no hesitation in availing of your offer.

your offer. Be pleased to convey to the gentlemen whom you

have so promptly and warmly manifested. I am, very respectfully, &c., ALEXANDER HENRY, Mayor of Philadelphia.

Mayor of Philadelphia. FORTIFICATIONS FOR THE DEFENCE OF PHILADELPHIA'-Work has been in progress for several days, under the superiotendence of Pro-fereor Bache, making surveys and laying out fortifi-cations for the defence of Philadelphia. Mr. Meade Bache, of the United States coast survey, (late in charge of construction of fortifications at St. Louis,) assisted by Captains Ullman and Gibson, selected a site for a battery below the Pennsylvania Railroad bridge, on the east side of the Schuylkill, between the river and the Gray's Ferry road. The work is nearly finished, and will have command of the rail-road bridge, the river, and the heights beyond, above, and below, for some distance; being one of the inner line of works, it will be a formidable one. On Saturday, the same gentleman selected a site for a triangular bastioned fort on the orest of the hill opposite to the Gray's Ferry bridge. The latter work is now in progress. This fort will have a commanding position, and is of immense value. The entire chain of forts and defensive works will extensive, and vill require a vast amount of labor. Other squads of cngineers are engaged on other parts of the line, though the work is not so far advanced. We suggest that volunteer working parties fall in for the good work.

CORONER'S CASES.-Wm. Spoler, aged forty years; while attempting to pass before a car on the Second-street Passenger Rallway, on Friday evening, was struck by the shaft and knocked down. The wheels passed over him shout the middle of the body, causing such painful injuries that he died on Saturday morning at the hospital, whither he was taken at the time of the accident. The decased lived at Germantown.

lived at Germantown. Mr. David M. Hogan went, on Saturday, to Powelton to see his son, who is a member of the ist Coal Regiment, off to the seat of war. Soon after, he was a corpse, The deceased was formerly a mem-ber of the firm of Hogan & Thompson, blank-book

ber of the nin of tagen of another set and the set of the site. A boy ramed James Simpson foll into the Dela-ware at Queen street, on Saturday, and was drowned. The body was recovered soon afterward, and Coro-ner Conrad was sent for to hold an inquest.

U. S. CHRISTIAN COMMISSION .- To aid in the relief of the thousands who have fallen wound-ed in the late battles, the Christian Commission sent forward men and stores immediately after the The Change of Commanders.

"Well, I think it is too bad to have him removed just now," remarked a captain. "Well, Sentimena, you may say what you please, wueld a licutenant. "Well gentimena, you may say what you please, but the Army of the Potomae was never so well fed and clothed as it has been since Joseph took com-mand," a fourth remarked. "That is so," several replied. The officers and soldiers frequently speak of Gen. Hooker simply by his christen name, imitating the Quakers. After a momentary silence, one who is pufing his pipe takes up the strain. "Yes, the army was in a bad condition when Joseph took command. It was dispirited, de-moralized, ragged, and bad off every way; but it never was in better condition than it is to day, and the men begin to like him."-Cor. Boston Journal. The New York Tymes states that after the late statile of Chancellorville General Meade's appoint-ment was urged by every corps commander, with, perhaps, one exception. The officer next in rank to General Hooker (General Meade's name almost un-known to fame. He was, until his sudden promo-tion a general of division. To judge by his first order of the day, he has got more common sense than all his predceescors put together; for, strange to say, the document is free from bombast, and omits both promises and threats. Neither McDow-ell, McClellan, Pope, Burnside nor Hooker, ever produced so modest a piece of literature." " A BEBEL SPY.-The Harrisburg Telegraph says that spies are undoubtedly lurking in every secret or available place for deriving information along the river, in the Cumberiand Valley and in Harris-burg. One of these, a Captain Werbrecht, of Fitz Hugh Lee's cavalry, was placed in the Dauphin county prison, and compelled to undergo the same treatment as the other, prisoners. He was not long in prison, when he made a vigorous attack upon the water-pipe in the cell, causing the water to flow in a large stream, and before this piece of mischief was discovered, he had fooded the self on deprot astack in upon the water-pipe in on econell, causi

soner still sports his uniform, and appears to be as little concerned in his arrest as any man could under the circumstances. A DISTURBANOLE IN NORFOLK.—Yesterday, Lieut. Col. Boyer, of the 173d Regiment Pennsyl-vania Volunteers, now doing guard duty in Norfolk, and a citizen named Tyler, became engaged in a street fight near the City Hall. Constable Conne-lius Murden, bring in the Mayor's office opposite, and sceing the disturbance, hurried out (as he was bound to do) to separate the enraged combatants. Upon his approach, Col. Boyer ordered him away, and he retired within the yard of the City Hall. Tyler was presently marched off to jail by the guard, and doked up in a cell. Murden then went to the Mayor's office. In a few moments Colonel Boyer entered'in company with some officers; and address-ing his Honor, said : "Well, now, Mr. Mayor, what have you to say?" Prety soon he remarked, that for two pins he would have the constable arrested. The Mayor replied, "I guess not." "By -, you shall see!" replied the Colonel; and a guad of soldiers was sent for, who led Murden away to the jail, where he was locked up in a cell. Upon the Mayor remonstrating at these proceedings, Colonel Boyer threatened to send him also to jail. By the same subtority a company of soldiers was ordered out, drawn up in line near the City Hall, and commanded to load their musters with ball car-tridges. About 1 o'dock P. M., Murden and Tyler were taken before the provet marshal, and, after a brief examination, the former was flexharged. --The Virginian, July 3. Minoy was taken prisoner at the late Winchester affair. The Dispatch grows perfectly savage over the supposed capture of a woman. It says a large amount of Ladic? wearing apparel was found upon her person, which she had siclen from the ladies about Winchester; that she cough to be sent to the peniteritiary, as ahe had seconded "the beast, Mil-roy," in sl-his burtality to the peolo of the valley, it happens, unfortunately for the Dispatch's story, that Mir. Milroy, they must have

THE POLICE.

[Before Mr. Alderman Beitler.]

(Before Mr. Alderman Beitler.] Attempted Murder. A respectable man, nåmed David Harrar, was ar-raigned at the Central Station, on the charge of stabing a man nåmed William Aldridge. The facts of the case are these, as developed at the hearing: On Fourth of July afternoon Mir. Harrar proceeded, by himself, to Egglesield. He stopped at one of the lager-beer stands and called for a glass of that beve-rage. At this moment a number of disorderly, mur-derous ruffians surrounded the stand, and one of them committed a gross indignity on Mr. Harrar. They were evidently determined to have a fight with somebody. Mr. Harrar took his departure, as a respectable citizen, and after he reached some dis-tance, a crowd of twelve on fifteen outlaws ran after him. He attempted to escape, but they closed around him. He was knocked down and kicked, but auc-ceeded in regaining his footing; and made a second attempt to escape, cring out "Help ! murder!" Deputy United States Marshal John Jenkins was not far distant. To save the man's life, he rushed forward, and, pulling out, his revolver, told the crowd to stand back. About the same time the ringlesder of the rioters, as named above, was stabbed in the neck near the jugular vein, and hen Officer Jen-wins spraig in and rescued Mr. Harrar from the de-moniac fury of the gang. "I am an officer, shouted Jenkins. "He's cut a man's throat," replied the outraws. 'He is my prisoner," replied the officer. "Hang him," "kill him," "kill him," "kill the ______" and many outrageous expressions were made use of by the rioters.

"Stand back," said Jenkins, "1'll shoot the first one who advances." "He succeded in keeping Mr. Harrarsafe, although receiving two fist blows from behind. At the hearing it was reported that Aldridge had died from loss of blood. The alderman said that under the circumstances it was his duty to commit the defendant, but would facilitate him being heard on a writ of habeas corpus before a judge, who alone had the power to admit to bail. It was near the same spot that the late Richard M. Berry was killed, a little over a year ago.

Intelligencer. THE NEW WESTERN ROAD.—The Atlantic and Great Weatern Railrond, which was projected with a view to establishing a broad gauge route to the West, in connection with the Erie Railroad, is being pushed forward with much vigor. The road is now completed and running from Salamanca, on the Erie Railroad, to Akran, Ohio; thence it is being pushed forward rapidly to Orestline. There it will connect with roads already completed, running to Olinoinnati, upon which a third rail will be laid to make the gauge continuous and uniform. At Chodonnati it will connect with the Ohio and Missispipi, which is a broad-gauge road. This will make a continuous broad-gauge road from New York to St. Louis. The Atlantic and Great Westernroad has already secured northwestern connections by leasing the Oleveland and Mahoning and Oleveland and Toledo roads, the gauge of which will be, made to conform with that of the new route.
