MUSICAL PROTECTIVE UNION.—The mu-noisans of New York city have resolved to form a "Union"—a benevolent and protective Union—like to the Unions which regulate the actions of other more material trades and protessions. The title of the new association is to be "The Musical Mutual Protective Union," and the rules laid down for the guidance of members size as follows: No member is to take an engagement under any leader or through any agent not also a member of the Union. All operatic performances are to be charged for the first performance \$15 a head, and for every sub-sequent performance \$16 a head, and for every sub-sequent performance \$16 a head, and for every sub-sequent performance \$16 a head, and size a week; with an extra \$3 for afternoon and Sundays. Political meetings with a procession, weeking par-ties and enpper parities, \$5 a head; balls at the Aco-demy of Music, Irving Hall, City Assembly Rooms, and Nible's Saloon, \$5 50 a head; balls at mother places \$4 60 a head, while no ball is to last more than in the size the size of the size the set of the

Serenades of one hour's duration, \$3 a head, with Screnades of one hour's duration, \$3 a head, with \$1 a head for each extra hour. Scolety and political meetings, without proces-sion, \$4 a head; regimental parades, \$5 a head; re-gimental funerals, \$5 a head to the cemetery, and \$4 to the ferry. A discount of \$1 on smaller funerals. Four per cent, to go to the leader, besides his regu-lar pay.

DECEASED VOLUNTEERS .--- We have been DECEASED VOLUNTEERS.—We have been furnished by a lady connected with the Volunteer Refreshment Saloon with the names of five soldiers who died on board the steamer Thomas Colyer on her passage from Washington, N. O., to this port. The list is as follows: Samuel Glass, 163th Regiment P. V. Jas. McClusley, 163th Regiment P. V. John Hullinger, 163th Regiment P. V. Joniah Hullinger, 163th Regiment P. V. Josiah H Little, 171st Regiment P. V. The bodies of the deceased were taken in charge by the Volunteer Refreshment Committee, and on last Sunday were interred in their burial lot.

JAY COOKE, general subscription agent, reports the sale of \$50,000 worth of five-tweatles yesterday. Deliveries of bonds are being made to June 25th. The sales have recommensed in New York, and in a few days the amounts will probably reach the usual figure of one million per day.

DROWNED.—A daughter of Mr. Albert Sellers, aged two and a half years, was accidentally drowned yesterday afternoon in the Frankford creek.

RE-ELECTED.—Richard Vaux, Esq., has been re-elected President of the Board of Direct-ors of Girard College.

FINANCIAL AND COMMERCIAL. THE MONEY MADRET. The riots in New York and other exciting matters have so much absorbed ong people to day, that stocks and business generally wore almost wholly neglected. Contrary to expectation, the good news from the seat of war did not cause any activity and a general rise in prices. Those who have a facty for stock speculations will find the present a most excellent time to put in. As-peace and quiet will be restored in New York in a day. or two, and a repetition is not likely to occur, there will or two, and a rep-tition is not likely to occur, there will be a general rise in all kinds of fecurities. Reading Railread sold at the opening at 52X@52 81, but afterwards fell to 57%@52½, there being a marked ab-sence of any speculative demand. Catawissa Railread, preferred, was better, and sold up to 22X. 50 was bid for Elmira Railroad, 75 for the chattel, and 109 for the six per cent. bonds. Little Schuylkill Railroad sold at 85%-a decline of %. North Pennsylvania Railroad was firm at 15%, and Pennsylvania Railroad at 63%. Shuyl-bill Norigation use vether theory at 24% and 12% for firm at 15%, and Pennsylvania Railroad at 63%. S:huyl-kill Navigation was rather heavy at 24% and 12% for the preferred and .common stock. "Susquehana Canal was nominally held at 13, but the bonds were firm at 52%. For Union Canal, preferred, 3% was the best bid. 55% was bid for Lebigh Navigation, 43% for the scrip, and 109 for the bonds: and 106 for Morris Canal, preferred. Govern-ment, State, and city loans were without a particle of change, and in bank shares and passenger railway se-curities there was nothing done. Gold took a declued tumble to day, opening at 30 and selling down to 20, and cloged at about 26%. There is much speculation as to the iluctuations of the article in

much speculation as to the ductuations of the article in the future. Our impression is that it will not fall below 25, when it will react, and gradually run to 50. The Union cause is defly gaining ground; but the rebellion is not yet crusbed cur, and may not be for some time to The Government will be under the necessity of placing

The Government will be under the necessity of placing a very large a uny of drafted men in the field. The clo-thing and equipp ug of these, and the rectothing those already in the service, will require such a vast expandi-ture of money that a record to the issue of more legal inder notes will be necessary, and as soon as that is

A few recruiting officers may yet be engaged. It allords a good opportunity to those who desire to ren-der service to their country in this hour of need. commenced in the Fourteenth ward yesterday morning. The sturdy citizens of that portion of the old district of Spring Garden assembled in considerable force at the drafting place, and a breathless anxiety was evinced as the first ballot was drawn from the wheel.
