THE PRESS.—PHILADELPHIA, WEDNESDAY, JULY 22, 1863.

THE CITY.

The Draft Progressing Quietly. The drafting for the First and Second Congresaior al districts will not commence until Monday of next week.

The Sixteenth ward will be drafted to day, at the provost marshal's headquarters, Brown, above Fifth atreet, and the Twenty-first ward, at Broad and Spring Garden atreets. The Thirteenth ward was drafted yesterday. In the following list will be found the names of some of the most prominent gentlemen in Philadelphia. It is not so certain that some, who can easily spare three hundred dollars, are going to claim exemption on this score.

The following named high-toned gentlemen of the ward were present by especial invitation to super-intend the drawing of the names : James Lynd, Wm. Neal, Wm. C. Ludwig, Ald. Joseph Plankinton, John H. Campbell, David Faust, Henry Warren, Daniel Dallerv. Wm. S. Hallowell, John Derr, A. S. Wolf, and Joseph Crockett.

Provost Marshal Stretch announced that six hundred and sixty-seven names would be drawn. Among the curiosities of the draft is a young gentleman who has false teeth, and is not able to pay the \$300 for exemption. His want of natural teeth would clearly exempt him, but it would be perfectly horrifying to his feelings to have the reason for his ex-cmption published. He is in a dilemma. No less than eight boarders and two servants of

the Richards House were drawn; this is fifty per cent, in the population of the house. Messrs, Curwin and Joseph Stoddart, heavy dealers in dry goods, Charles Galoney, the clerk of the provost marshal, and a number of others, were drawn to shoulder muskets for the Union. It is said that in a party of twelve young men, who had banded together to raise a subscription of \$300, to pay for any one of their organization that might be drafted, had one-fourth of their number drawn. The sum of \$1,200 will have to be raised, which will form part f a sum to go into the pockets of worthy substitutes, who have patriotism enough to step forward now that the country needs them. The following are the names drawn :

The draft in the Fifth Congressional district was resumed yesterday morning at 8 o'clock, at Odd Fellows' Hall, Frankford, and though the whole day was consumed in the drawing, the district was not completed. So large is the district, that it is thought the commissioners will not cease turn-

for the intelligent enroller as was the case with the election officers in the old Fourth ward. Moyamen-sing, when the ballot boxes were stuffed at the ex-pense of Wm. B. Reed, the candidate at that time for District Attorney. It was then the Italian hords were pushed to the polls and the jargon of sound in names was recorded by perjured and igno-rant election officers. Such a record of names was never seen before nor since. The enroller, however, did not experience much trouble, for his first appearance in that section of the city where the Lazzaroni lived acted on the prin-ciple of a magnetic battery. The Bohemians of both sexes were spasmodically galvanized into activity, and in thenty four or forty-eight hours the whole band of them, from the plaster of Paris image-maker down to the little girl that gathered pennies in the tamborine, made a flight to parts unknown. They do not understand the laws of the land. They are as equally ignorant of common sense, and are now roving about the country leading, a sort of half-washington, believing that place was the safest in the country. When they supposed there was a probability that they might be enrolled there, they became uneasy, and moved on to other parts un-known. GENERAL BUSINESS. The Committee on Property submitted a report enclosing resolutions relative to the payment of cer-tain expense attending the erection of an iron rail-ing about the school-house in the Fifteenth section. A recolution was offered requesting Councils to appropriate \$50 for rent of the Secondary School, Market street, near Commissioners' Hall, Twenty-fourth ward. After some discussion the resolution was referred to the Committee on Property. The next business in order being the resolution reported by the Committee on Supplies at the previ-ous meeting; it was read as follows: Resolved, That the Board of Control authorize the Committee on Supplies to advertise for proposals to supply the First school district of Pennsylvania with coal and kindling wood for the ensuing year. LEASING OF BUILDINGS FOR SCHOOL PURPOSES. A communication was received from the City So-licitor, F. Carroll Brewster, Esq., stating his opinion with reference to the power of the Board to lease buildings for school purposes. The opinion was given in response to a query addressed to the So-licitor, who stated that he had not been able to find any restriction upon their authority which would compel the Board to limit the term to oue year, while he conceived very excellent reasons why the duration of the lease should be left by the law to the discretion of the Board. discretion of the Board. A resolution was adopted requesting Councils to make an additional appropriation of twenty-five dollars to pay the deficiency of rent of the Academy of Music for the late High School commencement. GILLS' High School. Mar O'Cline offered the following prediction Charlton H Royal John Straley George L Butterby John C Wilson Edward Higgins Albert Stalman George W Kaupt Andrew Watson Daniel McCullough William McComb John Hoyle Aaron Jones, Jr William Matthews Charles W Littell Theodore Michele GIRLS' HIGH SCHOOL. Mr. O'Cline offered the following resolution: That the Committee on the Girls' High School be requested to take into consideration the propriety of selecting as principal of the Girls' High School a female teacher, and report at the next stated meet-ing of the Roard. requested to take into consideration the propriety of selecting as principal of the Girls' High School a female feacher, and report at the next stated meet-ing of the Board. He stated, in explanation of his motive in offer-ing the resolution, that he merely desired to ascer-tain the opinion of the committee with respect to the propriety or impropriety of the proposed change. He had no specific charges to make against the pre-sent principal of the school, but the fact that candi-dates for admission from certain schools were in-variably admitted, had given rise to some conjec-ture as to the correctness of the examinations. Mr. Yaughan said, that if any charges could be preferred against the principal of the Girls' High school, he desired to hear them. He felt confident that they would not be substantiated. Mr. Freeborn. coincided in the view expressed by the mover of the resolution, and referred to an in-accuracy in one of the examinations as an instance of a defective system. Mr. Fitzgerald said that he had frequently heard of the Girls' High School, but those charges had not been substantiated. It was the duty of the Board to subserve the interests of education in every particular, and though interference with school management was sometimes a very unpleasant duty, (and the speaker had so found it,) yet it might prove requisite. He concluded by offering the fol-lowing amendment to the resolution as a substi-tute therefor: That the committee on the Boys' High School, be requested to report at the next meeting of this Board, or as soon thereafier as possible, whether any, and if any what, improvement can be made in the management and efficiency of the schools under their charge. After some discussion, the amendment of Mr. Fitzgerald was accepted by Mr. O'Cline as a modifi-cation of his resolution, when it was adopted. The Board then adjourned. The Fourteenth sub-district, which includes th Fourth, and part of the Fifth precincts, Twenty second ward, with 501 enrolled, had 149 drawn, as
