DEAR SIR: During the night of May 19, 1863, our Grocery and Provision Store, at North Second and Willew Streets, took fire at about 2 o'clock A. M., and as the store was a two-story wood building it hurar rapidly, and before the fire-engines could act upon the fire, our whole stock of goods, including much combustible material, and amounting to over \$2.00, were wholly destroyed. We had one of your No. 11 Chilled Iron Safes, which was in the hottest part of the fire, and it came only of the name, plate and paint. The contents inside were not affected in the least, and we consider the Safe just as good a protection against fire now as before, and shall see it hereafter with increased confidence. The loss works as perfectly as before the fire.
