MILITARY GOODS IN EVERY VARIETY. FINANCIAL. 5.20s. 1st NOVEMBER 5.20s. COUPONS WANTED. EARLY CERTIFICATES OF INDEBTEDNESS WANTED. STEELING EXCHANGE BOUGHT AND SOLD BY DREXEL & CO.,

The undersigned, as General Subscription Agent, is authorized by the Secretary of the Treasury to continu the sale of this popular Loan, and TEN DAYS public notice will be given of discontinuance. ABOUT TWO HUNDRED MILLIONS remain unsold, nd this amount is scarcely sufficient to furnish a basis for the circulation of the National Banking Associations now being formed in every part of the Country. But a short time must elapse before this loan is wholly absorbed, the demand from Europe, Germany especially, being quite active. As it is well known that the Secretary of the Treasury has ample and unfailing resources in the duties on imports, internal revenues, and in the issue of interestbearing Legal Tender Treasury Notes, it is nearly certain that it will not be necessary for him for a long time to come to issue further permanent Loans, the interest and principal of which are payable in Gold. These considerations must lead to the prompt conclusion that the time is not far distant when these "Five-Twenties" will sell at a handsome premium, as was the result with the "Seven-thirty" Loan, when it was all sold, and could no longer be subscribed for at par. This is a

SIX PER CENT. LOAN,

the interest and principal being payable in coin, thus yielding about BIGHT per cent. per annum at the present premium on gold. It is called "Five-Twenty," from the fact that while the Bonds may run for twenty years, yet the Government has the right to pay them off in gold at par, at any The interest is paid half yearly on the first days of November and May. Subscribers can have Coupon Bonds which are payable to bearer and issued for \$50, \$100, \$500, and \$1,000, or Registered Bonds of similar denominations, and in These "Five-Twenties" cannot be taxed by States, cities, towns, or counties, and the Government tax on income, when the income exceeds six hundred dol lars per annum. Income from all other investments, pay from three to five per cent. tax on the income.

Banks and Bankers throughout the country will con tinue to dispose of the Bonds, and all orders by mail or otherwise properly attended to.

The Treasury Department having perfected arrangements for the prompt delivery of Bouds, Subscribers will be enabled to receive them at the time of subscr bing, or at farthest in FOUR days. This arrangeme will be gratifying to parties who want the Bonds on pay ment of the money, and will greatly increase the sales. JAY COOKE,

GRASS—STOCK RAISING.—These lands offer especial attractions to those about to embark in stock raising. The native grasses of that region yield nearly three times as much per acre as in the vicinity of the Mississippi river Two varieties of native red top grow very luxuriantly in that region. Very large herds of cattle and sheep lave already been attracted thither.
