Permanent CAPITAL STOCK of \$125,000, nov largely added to by accumulation.

Stockholders receive LEGAL INTEREST ONLY on their stock, which the capital has thus far more than earned for them.

It is the ONLY Stock Company whose charter ex-pressly requires the distribution of ALL THE PROFITS among the Policy holders, thus being purely mntual' in character.

Policy holders receive ALL THE PROFITS.

pointed. TAXATION.—Being governed is a costly luxury all the world over. Englishmen pay at the rate of thirteen dollars and twenty-five cents per head for being governed; the Swiss pay but one dollar and seventy certs per head for the same con-venience. The French pay a little more than ten dollars per head, and the Hollanders pay without grumbling, twelve dollars and a quarter. It is a little uncertain yet what it is going to cost us to be governed, but the probabilities are that the bill will be "streen". Further the bill will governet, but the provontees are that the bill will be "steep." But we should not complain. We enjoy very many blessings and advantages, not least among which is the Brown Stone Clothing Hall of Rockhill and Wilcon, Nos. 603 and 605 Chestnut street, above Sixth.

THE ELECTION RETURNS .- The greatest anxiety was manifested yesterday to hear the election returns from the various counties throughout the State. The office of *The Press* was besieged by an enthusiastic crowd eager for the "latest." Among the lespatches received was one announcing the fact that the cheapest and best fall garments in the country are manufactured at he Palatial Olothing Emporium of Granville Stokes, No. 609 Chestnut

SEWING MACHINES .- Grover & Baker, 030 Chestnut street, have now on hand, and are manufacturing to large demand, every description of these great economies, at prices remarkably reduced. The names of this liberal and enterprising firm have grown identical with the popularity, improvement. and increased cheapness of the great invention, and a Grover & Baker Sewing Machine is a synonyme for accuracy, completeness, and cheapness. The machines of their manufacture are equipped with every necessary article, and are war-ranted to keep in order. Every one, work-woman and housekeeper, who desires to save time, trouble, and eyesight, and to secure a perfect article—the cheapest, simplest, most durable, best Sewing Ma-chine ever made—will call on Grover & Baker. We have had one of these Machines in constant use in
