Whereas, it has pleased the all-wise God to remove from us enddealy our friend and fellow-soldler, Major Charles F. Taggari our cause has lost a brave and efficient advocato, our regiment a gallant and accomplished soldier, and we a generous and constant friend.

That while we cannot but deeply regret his loss, we are proud of the manner of his death, as one which well becomes a soldier. Hereedyed a mortal wound while charging the enemy, at the head of his command, and his life was the forfielt of his well-chard success. That we consider his example one well worthy imitation, and woile we strive to follow it we will chorish his range and memory among the most honored remembrances of our regiment.

S. 5-20,The undersigned, as General Subscription Agent, is uthorized by the Secretary of the Treasury to continue the sale of this popular Loan, and TEN DAYS public notice will be given of disconting ABOUT TWO HUNDRED MILLIONS remain unsold. and this amount is scarcely sufficient to furnish a basis for the circulation of the National Banking Associations now being formed in every part of the Country. But a short time must elapse before this loan is wholly absorbed, the demand from Europe, Germany especially, being quite active. As it is well known that the Secretary of the Treasury has ample and unfailing resources in the duties on mports, internal revenues, and in the issue of interestbearing Legal Tender Treasury Notes, it is nearly certain that it will not be necessary for him for a long time to some to issue further permanent Loans, the interand principal of which are payable in Gold. These considerations must lead to the prompt conclusion that the time is not far distant when these "Five-Twenties" will sell at a handsome premium, as was the ceult with the "Seven-thirty" Loan, when it was all sold, and could no longer be subscribed for at par. This is a ment has the right to pay them off in gold at par, at any time after five years. The interest is paid half yearly on the first days of November and May. Subscribers can have Coupon Bonds which are payable to bearer and issued for \$50, \$100, \$500, and \$1,000, or Registered Bonds of similar denominations, and in These "Five-Twenties" cannot be taxed by States cities. towns, or counties, and the Government tax on them is only one and a half per cent, on the amount of income, when the income exceeds six hundred dollars per annum. Income from all other investments, such as mortgages, railroad stocks, bonds, &c., mus pay from three to five per cent. tax on the income. Banks and Bankers throughout the country will continue to dispose of the Bonds, and all orders by mail or The Treasury Department having perfected arrange ments for the prompt, delivery of Bonds, Subscribers bing, or at farthest in FOUR days.
