OUR PUCLIC BCHOOLS.—Acting Upon the points invitation of Dr. Phalps, of the "Farnum Preparatory School," at Beveriy, New Jersey, a number of members of both branches of Gouncits, and members of the Board of Control, and Principals of Grammas Schools, made an exertision to Beveriy, yesterday afternoon, for the purpose of witnessing some exercises in what is known as the "O yest" System of Education. Among the gentlemen were Measure. Richć, Marcus, "Rainnyder, and Leigh, of Councils ; Miesers. Fletcher, Stewart, Nebin-man, Witham, Rline, Vaughan, Haines, Ritten-house, Cooper, and Roberts, and Miesers. Stuart, Freiter, Parker, Creasman, Bowman, Stirling, Lau-derbach, Yesger and Stephens, Principals of Gram-mar Schools, and Mr. H. W. Hailowell, Assistant Scoretary of the Board. The party reached Baveriy about three o'clock, and were socialay received by Dr. Phelps. In his speech of welcome he alluded in juit and touching terms to the mu-nificence of Mr. Faraum, one of Philsdelpha's merchant princes, to whom the State of New Jersey owed the noble school at Beveriy. After a few well-considered remarks, he proceeded to liustate to his visitors the advantages of the ob-ject system. The exercises consumed about two hours, and were of the most striking and graftying oharaoter. All present were convinced of the utility of the system, especially as applied to primary schools. After the exercises (which, for wast of time, were very much hurried) were sone-through with Mr. Fischer, the president of the Board of Councils (Mr. Riché, who responded in a speech of remarkable ability and elegance, in which he complimented the measters of the Board of Constrol school matters. A MEETING OF THE UNION LEAGUE. — A large meeting of the Union League members was held last avening, which was presided over by Mr. Adolph Borie. Morton MoMichael, Esq. was then called upon to speak. He first expressed his regret that the explanation of the object of this meeting devolved upon him, faeiling considerably indisposed. The meeting was called by the board of directors, at his suggestion. Last October, in the State can-vas, the speaker saw unmistakeable indications that the sentiment of the people of Pennsylvania was concentrating in favor of Mr. Lincolo's re-else-tion as President of the United States. Wherever he went, in canvasing the State, there was an extnest feeling in this respect, and at country gatherings everywhere that feeling was particularly manifested. Never before, even in the second nomi-nation of Mr. Jaskson, or for the nomination of Mr. Clay, was there a more united and general ex-pression of this sentiment. The opening of the present session of Congress among them, this feeling is intensified. This senti-ment being the sentime of Panneylvania, it be-hooves the Union League to take action undoil. We could not be first, for Indiana and New Hamp-shire have anticipated us. Our Legialature have shown us that Mr. Lincoln has their support for re-election. The Union League, therefore, entertai-ing the convictions expressed in New Hamp-shire have anticipated us. Thore we have shown us that Mr. Lincoln has their support for re-election. The Union League, therefore, entertai-ing the convictions expressed in New Hamp-shire have anticipated us. Throughout the whole country there should now be an expression of opi-nion that no room should be left for duot. Mr. MoMichael did not enter into any exami his meeting has been called. Throughout the whole country there should now be an expression of opi-nion the estamot the neavous are Usak and the storm traget, then the plot who rescuest life and pre-serves property is entitled to the gravituue of thoses whom he has preserved. A number of the members of Select and Common Councils, heads and attaches of the several depart-ment, and members of the press were present. The Chief was highly complimented for the able manaer in which be has discharged the arduous duties of his office.

COST OF STAMPS TO BE ATTACHED TO THE DEED. DEED, MGOredy vs. Callahan.—This case was heard a few weeks ago before the District Court in banc, as a case stated. It seems that the defendant pur-chased at public sale, some time since, a certain pro-perty, at the price of \$90,000, plaintiff having previ-ously contrasted with him to "execute a good and sufficient deed in fee simple." The deed of sonvey-ance having been prepared, and presented to plaintiff to execute, a question arose as to which party should pay for the stamps required by law to be attached to the deed, the cost in this instance be-ing \$180. After some discussion, plaintiff paid for them under protest, and brought the matter before the court. On the question at issue, Judge Shars-wood, a few days since, delivered the following opi-nion:

Of the number of deaths on railroads, most of them wereon the passenger tracks. The record of munders is lighter than for many years. The resolutions were then unanimously adopted. It was then announced before the assemblage that General Meade was in the lower parlor, and would there receive the members of the League. The effect of this was a hasty adjournment to that part of the building where the bero of many hard fought battles was, and then ensued a hearty hand shaking time, which was indulged in by all who desired the honor. In accordance with the wish of General Meade, no public movement has been made by our citizens to testify Philadelphia's gratitude to him as a soldier and patriot.

The pounts in this oase are, that the defendant and the proseculor were seated in conversation with each other at the Mont-gomery House. Mr. P. had the money in his posket, and it disappeared. There being no one near him beside the defendant, the suit was instituted. De-fendant offered to compromise, but the alderman informed him that such a course would not be strictly legal. FOUND FROZEN TO DEATH.—A couple of men while gunning in the meadows on the Delaware a short distance above Port Biohmond, Nineteenti ward, yceterday afternoon, found the body of a wo-man atiff in the icy embrace of death. The poor old oreature was identified as the late Mirs. Netters, over 70 years of age, who was missed from her resi-dence in the upper part of the city nearly a fortnight since. The old creature was in her second child-hoods. She had wandered away and was frozen to death. (Before Mr. Alderman White. J Singular Case of Larceny. Levi Holmes was arraigned before the police magistrate of the Fifth ward, on the oharge of the larceny of a watch valued at fifteen dollars, the property of Miss Mary Adams. It seems from the evidence, that the defendant called to see the young lady at her residence, on Saturday night. He saked her to let him see her watch; she complied with his request. The young lady had occasion to absent herefil a short time, and as she was about returning, the defendant was about going out of the door. She asked him for the watch, and he repiled it was on the mantelpiece. On looking there, it could not be found. Hence the suit. The young man admitted, at the hearing, that he had taken it, and said he would tell where it was, if the suit was not prosecuted against him. The magistrate objected to any arrangement of this kind, but suggested that he had better return the watch if he could. The prisoner then, in com-pany with Constable Head, proceeded to the yard of a house. The watch was found builed under the snow behind the hydrant. The time-plece was thus restored. The defendant was committed. (Before Mr. Aldorman Godbour.]
