Market dull. The New York Evening Pest says: The loan market effers no new festores of junottance, at seven percent, there is an ample supply of contal acting the seven here there are an and the secondition collines. We observe, therefore, antide of stock cir-cies, an increasing case. Some of the brokers, however, are from obvious causes, less comfortably supplied The stock market is feverish and irregular. Govern-heats are ste depressed, and there are more solies than theres.
