Examined. [Before Mr. Alderman White.] Challenge to Fight-Assault and Battery. A case of more than ordinary interest came up bö-fore the police magistrate of the Fifth ward yes er-day afternoon. Ceptain Cushing, of the military, and E. M. Shepparo, were arraigned on the charge of challenging B. C. Major, the promistor of a drug store at the Continental, to fight. It seems that dr. Major was attacked by several parties, some of them in military uniform. This was angint or two since, while he was walking along the street. This alle red that Capt. Cushing sent a challenge to Mr. Major, and that Mr. Sheppard conveyed it to the challenged party. Br. Major took no par-ticular notice of it. On Wednesday night, as he had just entered the Continental, he was sudden iy assulted by Captain Cushing, who called hisa a coward for not accepting the challenge. There were some other epithers, that we decime publishing, used at the same time. In a moment four or five persons made an attack upon Mr. Major with loa led canes, but he escaped without serious injury. Cap-tain Oushing was required to enter bail in the sum of \$2,000 to answer. Scene in a Passenger Car.
Mr. E. Lippinoott, a respectable oitizen, was arraigned before Police Risgistrate White yesterday afternoon, on the charge of disorderly conduct. It seems that, at Fifth and Onestnut streets, the defendant threw the conductor off one of the passanger cars into the street. Considerable excitement prevailed, and Officer Urooks interfered, and arrested the conductor first, but let him go and kook Mr. Lippincott into custody. The defendant was held to bail in the sum of \$500 to await a further bearing. Mr. Tohn Smith, with other citizens, being present, toid the officer that he ought to asrest the conductor, and not Mr. Lippincott. For this offence Mr. Smith was arrested on the charge of interfering with the officer in the discharge of bis duty. The defendant was held to bail in the sum of \$400 to keep the peace.
A mass of citizens were present, and, from their talk, it seems that the conductor of the car was not blamelers. It is said that he had thrust a man from the platform, while the car was in motion, where upon Mr. Lippincott, in the excitement of a moment of indignation, served the conductor in the same manner.

ane manner. The judges of the courts have generally favored onductors of the cars, on the principle that the car s the conductor's castle, when on duty. Perhaps, then a passenger pays five cents to ride in the car, its also his castle, so long as he uses it to the ex-ent of five cents' worth of fiding.
