THE STATE.

CELEBEATION OF WASHINGTON'S BIRTEDAY AT HARRISBURG-SPRECH OF GOV. CURTIN. [From the Harri-burg Telegraph] Monday evening the various army officers sta-tioned at this post assembled in the spatious dining-room of the Jones House for the purpose of par-taking of a banquet in honor of the Birthday of the Father of his Country, the Immortal Washington, at which his Excelency, Gov. Uurtin, presided After the cloth was removed, Major General Stable] proposed as the toast of the evening : "The Mismory of George Washington," At the mention of that magic name, the guests arose, and smid much solemnity, it not awe, drank to the memory of the great chieftain, "First in countrymen," The hext toast in order was: "The Governor of

war, first in peece, and first in the hearts of his countrymen." The next toast in order was: "The Governor of the Loyal State of Pennsylvania." Amid much enthusiasm, dovernor Curtin rose to reply to this sentiment. He said the loyalty of the people of Pennsylvania was of a character which did not need the endorsement of acy man, be he an official in high station or a plain private citizen. Official in high station or a plain private citizen. That loyalty had attested itself where the battle raged and carnage prevaled—where the battle residers as her streams. It knows no compromise, successful to be availed to be a solder. The your of the people of Pennsylvania was as firm as her hills and as residers as her streams. It knows no compromise, successful to be availed to be unon halt way measures in its service of the Government. During the awid it she the national autionity. They had matched wherever the Government in the such as bere state was borne through if re and death to victory! To car on State in the Usion presented a spac-tacie such as is seen in every county in this with of the many and the praintes—wherever and whenever duty called to arrive such as the space and the praintes—wherever and whenever duty called to arrive the flag of the mouth as a spac-tacie such as is seen in every county in this with a more tacies auch as is seen in every county in this with a more tacies auch as is seen in every county in this with a more tacies auch as is seen in every county in this with a more tacies auch as is seen in every county in this with of the many and the state were the flag of the monwealth. Mich we base with we bay the base with on the server were the many she bodied colored men in the fail the state the set is seen in every county in this we have the many sale bodied colored men in our city, who are out of work. Arrivelle the aver were states where were the set of a similar mature for the set of a similar mature in the set of the set of the set of a similar mature have for a sin the set of a similar m

old Keystone State was borne shrough are and death to victory! To-cay no State in the Union presented a spec-racle such as is seen in every county in this Com-monwealth. Men were rus las to areas with more enthusiasm and alacrity than when the first blow of the attack on Fort Sumpter summoused the nation to the resistance of treason. This was the loyalty of Pennsylvania. It is the pickin performance of a dufy which all true Pennsylvanians comprehended. It is the loyalty which springs from Drave hearts and brawny sime-the loyalty of a religious faith in justice and horry. Gov Curstn alluded in beauti-ful terms to the orectand of the ability of the birthday of Washington. I's commemoration could not be otherwise that menting. As we honor the memory of Washington, we strengthen our devo-tion to the Government which he by question to his County ment.

The closing portion of Governor Cartin's brief re-marks was buildently eloquent and drew from the guests present the most enchuciasus applause. He releted to the part which our wives and daughters were taking in the contest against treason, charac-terizing the actions of the women of the loyal sangels of love on errands of mercy. His Excellency then conclude, electing the loud applause of the guests, with the Century the loud applause of the guests, with the Century on the Supplause of the America."

IMPOSTANT LAW ON THE SUBJECT OF BOU Information Law on the SUBJECT OF BOUN-THES. A general cell is pending in une thouse of Re-press datives of Penns) leans which will undouble edly, in the course of text days, become a law, legali-zing the action of Boards of Sadual Directors, town-ship supervisors, and township commissioners, in levying, assessing, and coll car g tax for the pay-ment of bounties to Volunteers, for the purpose of filling their respective quoras under the Call of the Prendent for five hundred thousand agen. Luceal legislation in the matter is unnecessary, as the general act, which is brown and comprehensive, will meet the requirements of the community in this matter.

When the efficience of a township or borough de-give a tax to be levied for this purpose, the proper way for them to proceed in the mattr will be to have the Boald of School J incomes pass a resolu-tion levying a tax for the said purpose before the second of March, or as early as pressible. The pass sage of the general act will then legalize their ac-rions.
