RELIGIOUS INTELLIGENCE.

"SUNDAT SCHOOL PHOTOSRAPHS."-This is the title of a new book by the Rev. Alfred Taylor, pastor of the Presbyterian Church, Bristol, Pa., with an introduction by Professor John S. Hart, LL. D., published by Henry Host, Boston. The photopublished by Henry Cover and the different varie-graphs are verbal delineations of the different varie-ties of Sunday-school superintendents, teachers, scholars, and speakers-good, bad, and indifferentmany of which present a portrai-ure so well indimany of which platest a posterior de solution vidualized that in reading them it is difficult to es-ape the impression that Mr. Taylor must have had certain individuals whom we have met in this field of Christian labor in his miad's eye in writing them. We have read this volume with interest, and cheerfully recommend it to all who take an active part in the Sunday-school movements of the day, as among the whole forty two brief essays which it contains

the whole forty two brief easys which it contains there is scarcely one that does not embody some popular defect to be avoided, or some desirable cha-rasteristic to be imitated. INSTALLATION OF THE REV. MR. DARLING AT ALBANY.-The Rev. Henry Darling, D. D., formerly pastor of the Clinton street (Preabyterian) Church, this city, has been installed pastor of the First church Albany. From the description of the first this city, has been instanted pactor of the first Church, Albany. From the description of the in-stallation services, published in the American Presby-terian of this week, it must have been unusually imposing, at once corgratulatory to the new pastor eratifying to his friends. DELEGATION OF MINISTERS FOR THE ARMY OF

THE POTOMAC .- The Christian Commission is calling for more delegates who are willing to engage in Christian work in our various armies. The facili thes for this kind of labor among the soldiers of the Republic have been greatly augmented, and everything that could be done has been done to render this an inviting field for true, patriotic ministers of the Gospel. The corps of delegates in the Army of the Potemac alone now numbers filty-five ; but mor are needed, more especially in other departments. HEALTH OF PARSON BROWNLOW .- A telegram dated March 3d, announces that Parson Brownlow arrived at Louisville that night on the Nashville train; also that he has been very ill, but is now convalescent. The Parson has endured enough since the rebellion broke out to have killed a score of or-

inary men, though it is devoutly to be hoped that. through the potency of a wiry constitution and the benjuity of an overruling Plovidence, he will be spared to rankle even a worse thorn in the side of he rebellion than he has been hitherto. DR. MOCLINTOOK COMING HOME.-The Rev. Dr.

McClintock who has, for some time usst, had charge of the American Chapel in Paris, wriling from there under date of February 13th, save that he expects to return to New York about the widdle of April to resume charge of St. Paul's (M. E) Church, Fourth avenue. Dr. McClintock's letters, which have appeared regularly in the Methodist during his reside roard, have been among the very best European tters on the rebellion that have appeared. A LOSS TO THE FREE CHURCH OF SCOTLAND .-

We read that the Rev. Dr. Alexander Black, forwe read that the new Dr. Dr. Brexadder Black, for-merly professor of exceptical theology in the new college, Edinburgh, is dead. He was a man of great concere, roundary, source. He was a man of great learning, but so retiring in his disposition that many smaller men attained a more popular emi-nence. Dr. Guthris once said of Dr. Black, that he ould have spoken his way to the wall of China ; und it is related of him that in the last two years of his life he began the study of Chinese, and made so much progress that it was his daily habit to read a chapter in the Chinese Bible. It is sad that his reat stores of learning have perished with him, as he left no works of any value.

This same branch of the Church has also sustained This same of another the order that are subscribed a real loss in the recent death of the Duchess of Gordon, of Huntley Lodge, Aberdeenshire, who in youth was as famous for her personal beauty as she ntiv became celebrated for her noble Chris. tian deeds. She has been for many years, to the Free Church of Scotland, one of its most generous

THE NEW LUTHERAN CITY MISSION .- The at in favor of this enterprise, recently inaugurated, is meeting a generous response at the ands of the various churches in the city of that denomination. On Wednesday evening St John's (Race and Fifth) and St Mark's (Thirteenth and Spring Garden) furnished some two hundred names, several of whom were subscribers to the requisite fund of \$100 each, and the other churches, it is thought, will do equally well.

RELIGION IN AUSTRALIA. - The Baptists in Auslia have erected several new churches during the last year, and added more than two hundred persons to their membership. The Presbyterians are also prospering, having raised about \$30,000 to establish a theological seminary. CHINESE TOLERATION. - The Chinese Govern-

ment has conceded to Protestants the same privilegs of exemption from supporting idolatry and sympathy, nor the contributions, as on a pedy might character. Much relief to the sick and needy might be given did it possess a permanent or certain source imported into this port for the week ending March the ancestral worship, which was granted to Catho-

But, in the midst of an argument on self inducence, he found his box in his band, and himself in the act of taking a pineo, to the no small amusement of some of his antitors. "When I got out of doors, I though to myself that, if I was so caslaved to tobacce as to use it unesh-reiously, it was time to leave it off entirely, and so I threw my box just as far as I could throw it, and have never touched tobacco since." England. SURPRISED, -- A distinguished pastor of one of our prominent oburches informa us that he was surprised, during last week, by a call from the treasurer of his church, who paid him part of salary due, adding this surprise, that he would pay the balance due be-fore long. ANOTHER.--Another pastor informs us that he has been surprised beyond measure that his good people have neither increased his salary nor made him an unexpected call to place at his disposal a solid addition to his home comforts.

THE DRAFT POSTFONED.—The bill ex-tending the payment of all bounties until the ist at April having been concurred in by the Senite, the draft is virtually postponed until that time. Nearly a month, therefore, remains for the oity to fill its quota, and if the same zeal and energy are continued during that time that has been manifested hereba-fore, there is little doubt that the entire quota will be raised According to the statement of Mr. Loughlin the rightful quots of the statement of Mr. bave not definite information on the subject, we been raised, but an excess of 2,000 besides; but, as we should do all in our power towards raising troops. New Jersey Annual Conference of the M. E. Church. [Reported for The Press] THIRD DAY.

PRESBYTERIAN CHURCH AT GETTYBBURG, PENNSTLVANIA — MIR. Dr. Horner and MIR. Van Paten have arrived in Philadelphia, for the purpose of soliciting and receiving contributions to aid in re-building the Presbyterian Uhurch at Gettysburg, Peonsylvania. This temple, dedicated to Shristian worship, was badly damaged during the Datile that-took piece in that region jast summer. The lidigs above named are fully accredited to receive endri-butions for the purpose indicated. Tasy are stop-ping at the residence of Mir. A. O. Gardner, No. 613 Marshall street, where they will remain for a short time to receive such contributions as persons may be willing to give for the rebuilding of the church that now pomeases historical interest at Gettys-burg.

[Reported for The Press.] THIRD DAY. BRIDGETON, March 4, 1664. The New Jersey Conferênce yesterd y atternoon held the anniversary of the Education Society, the object of which is to assist indigent young men of promise who are looking to the ministry, in obtain-ing such training as will qualify them for their high and holy work. Speeches were made on the occa-sion by Rev. Dr. Bartine, of your city, Rev. A. K. Street, of New Jersey Conference, and Rev. Bishop Simpson. The speeches were all pertinent and inte-resting, but that of the latter was of a very high order, and made strong impressions. Some \$276 were contributed in bolail of the society. In the evening an interesting and deeply impres-tive sermon was preached by Rev. R. V. Lawrence, of Mount Holy. A deep feeling pervaded the audi-ence throughout the entire service. Conference opened this morning with the usual re-ligious rervices by Rev. A. Owen. Rev. B. Weed and T. Haalon, of the Newark Con-ference, were intraduced to the Conference by the Bishop. A large part of the session was occupied in the ex-sumination of of ministerial character, and replace the of the state of the churches throughout the Conference. A great interest was feit in regard to the election burg. Sr. PATRICK'S DAX. — Extensive arrange-ments are being made for the proper celebration on the 17th inst, of the birthday of Ireland's tutelar saint. The Irish societies will have their reunious, and, in the evening, a lecture will be delivered at the Academy of Music by Rev. Dr. O'Oonnor, late Bishop of Fittaburg. "The Destiny of the Irish Rasen" is tha theme of the dissource, and the object of its delivery is to provide funds for a highly de-serving institution, known as the House of the Good Shepherd. This is an asylum for the resop-tion of unfortunate females, and one whose merits are observable in the increasing number of its in-mates recisimed from a life of misery and vice.

THE STREETS .- The machinery of the 1HS STREETS.—The machinery of the new department for cleansing the streets has gone into operation, though it will be some days before the benefits of the new system can be realized. The present condition of the streets is exceedingly filtby, and the recent snows have added to their filtbiness. Before the commencement of warm weather, the streets will regain their old reputation for purity and cleanliness.

tations of the state of the churches throughout the Conference. A great interest was felt in regard to the election of delegates to the General Conference, and at 10% o'dock the Conference proceeded to ballot for their representatives, when S. Y. Blonroe, C. H. White-car, W. E. Parry, and A K. Street were duly elected. When the name of G. Hughes was called, he ad-dressed the Conference, stating the grasious mani-fectations of God to his soul during the season of rotrasted affliction through which he had been called to pass, and of the enlarged views of respon-sibility as a minister which he therein obtained, as well as the great improvement in his Ohristian ex-perience. Its narration was deeply interesting, and moved all to tears. B. M. Stratton was called forward for examination as a candidate for full admission to the Conference, and in connection with such examination the Bishop made an address on ministerial duty, which was not only impressive, but pointed and timely. H. B. B. THE NEW UNION LEAGUE HOUSE.-The The Mark Orthon Insketon House for the Union League, corner of Broad and Sanson streets, has already been broken, and the work will be pushed forward as speedily as possible. When completed the building will be one of the timest ornaments on Broad street. It will be built of brick and brown stone, and will cost about \$120,000.

SIFTING THE FLOCKS .- Scalcely a day passes without bringing to our notice some interesting new mases of the separation that Uncle Sam, through his cases of the separation that Only Sail, through his agents, is now making between the loyal sheep and the disloyal goats in the ministry of the various re-ligious denominations. Within the last few days, the Rev. J. O. Steadman, pastor of the First Pres-byterian Church, in Memphis, Tenn., and Messre. Harrison and Martin, pastors of the Old and New-School Presbyterian Churches, in Knoxville, have been sent beyond the Federal lines. The Rev. Moses M. Henkle, of the Methodist Church South, Moses M. Henkle, of the Methodnic Unuran South, the biographer of Baseom, who has been residing in or near Baltimore for four or five years past, was arrested a few days since by the military authori-ties. Mr. Henkle, although living here, has mainained his connection with the Church South, and it is said that correspondence intercepte: implicate, him in holding communication with the enemy. The authorities have determined also to send him South to his friends. This is right. Like Satan all these people should be sent to "their own place." LETTER FROM REV. DE. MARKS.-The Rev. Dr. Marks, author of "The Peninsula Campaign, and at present agent of the Boston Tract Society, writes as follows to George H, Stuart, Esq., chairman of the Christian Commission: "The religious interest in the army and in the

Mr. Carr, told me that more than thirty had been recently conerted. The 'Young Men's Christian Association f the fort were aided by the Christian Commission o put up their house of prayer.

THERATENNE EXECTMENT OF PRESETTERIAN MINISTERS IN ENGLAND.—A correspondent of the London Weekly Review states that "proceedings have been instituted which, if carried out, will lead to the cjectment of some of our Ecglish Presbyterian ministers from their masses and churches, and will subject them to the most serious annoyance, expense, and their ny. These proceedings have been raised at the instance of the brethren who hold themselves to be connected with the National Ohurch of Scotland; and their object is to obtain possension of property, which they allege belongs, according to law, to that establishment. MINISTRES IN RICHMOND PRISON.—Among the Union prisoners taken at Ohickamaugs and carried to Richmond were two of three Bapitst elergymen, who were chaplains of Indiana regiments. Rev. J. B. Jeter, D. D., and one or two other clergymen of Richmond, visited these prisons for the purpose of rendering any sasistance in their power. Of course, the prospects of the war were discussed, the Union prisoners confidently maintaining that our Government would eventually succeed, and the Richmond divince contending that they would not. The latter erratized upon their army and their re-sources, declaring that their soldiers were well pro-yided with everything. In a kind and patronizing manner, they inquired if they could do anything for those who were "rick and in prison" "Well," said one of the chaplains, "we need some blankets; we were stripped of everything we had, and it is rather uncomfortable here without more clothing." Dr. Jeter exchanged glances with his companions, and then ssid, "Riethren, we have to confess that we have no blankets for you. In order to make the soldiers as comfortable as we have represented, all our houses have been stripped of blankets; and every-thing else." This was certainly a marvellous back-ing down from the dignified and patronizing air at first assumed; sud the incident, which we have other accounts of Southern destitution.—Watchman and Refetor.

THE CHILDREN'S HOSPITAL.—The an-nual report of the board of managers of the Chil-dren's Hospital, Blight street, has been published, showing donations and contributions amounting to \$1,492.50. The expenditures of the hospital amounted to \$2,258.45—showing an actual deficiency in the ordinary income of the hospital to meet its expenses of \$214.08. Unless the price of building materials should fur-ther advance, the new building will be commenced in the spring. A lot in a very advantageous position, on the cast side of Twenty second street, above Lo-cust street, with a front of over seventy-five feet, has been obtained at a very reasonable price, and paid for. Of the purchase money, the sum of \$2,500 was contributed by the owner of the land and his immediate family. A contribution of \$5,000 has also been received from two contributors, to be applied to the building. The subscription was conditional, on the board and their friends obtaining subscriptions from other sources to such as amount as would raise the other funds of the hospital, during the past year, shows a slight increase over that of 1852. (Before Mr. Alderman Dougherty. J Alleged Robbery of an Employer. A shoemaker giving the name of Arthur McGann was arraigned on Thursday night, on the charge of larceny of leather, the property of Mr. Jackson, his employer, and using his private mark. It seems Mr. J. gave the defendants number of shoes to make up. It is alleged the journeyman obtained inferior leather soles, and used them instead of those fur-nished him by his employer. In order to make the deception more complete, the private mark a fMr. Jackson was stamped upon the substituted soles. The attempt at such constructive larceny was dis-covered; hence the arrest of the accused. The shoe as made up by defendant was partly dissected. The space between the inside and outside soles was filled in with small pieces of leather. Such a shoe would not last the wearer a week. If used by a soldier, it would scarcely last him one day's march. The de-iendant was bound over in the sum of \$600 to an-swer at court. Villains at Refarious Work

Villains at Refarious Work. There is reason to believe that an organization is about to be started in this city, as a branch from the original concern said to be established in New York, under the name of the "*Pholographic Union*" We thus take the earliest opportunity to expose what every moral person will readily admit, a most per-nicious institution. The originators of the Union have distributed certain enculars to unprincipled young men in different parts of the country, re-questing them to collect and send to the "Pho-tographic Union" photographs of young wo-men, with particulars concerning their resi-dence, pecuniary circumstances, disposition, ha-bits, and other matters of interest, and by way of inducing responses, prizes from \$20 in cash to biographical notices."
