A Termaganat. Sarah Costella was committed yesterday on the. charge of mailcious mischief. She was arrested on the afternoon previous, at an intelligence office, near Sansom and Eighth strets, for drunkenness, and on the charge of stealing a fur cape. The owner of the cape did not appear to prosecute the case. The prisoner, shortly after being lockted in the cell, commenced amashing the glass. Officers entered with a rope and tick her. She relieved her-self from the rope-tying, a la Davenport boys, and such a clattering and smashing of things that ean-need would not have done discredit to the spirits. The officers re-entered the cell, and this time bound the woman hand and feet, as they were afraid she might injure herself. In a short time she had loosened the knots, and again commenced to smash things generally, using language decidedly repug-nant to the Ohristian feelings supposed to be en-throned in the booms of the police officers. The termigant was finally secured. If required tweaty-four hours to sober her. At the hearing ahe declared that are dide not break any thing in the cell. It is very evident that she must have been erazy from the effects of very bad whisky. Sta tistics. Arrests made by the police during the month of

FURNITURE at Auction Store THURSDATS BASE BALL.—The new ground upon which the Olympics, Athletics, and other clubs will play hereafter, is situated at the junction of Jeffer-son street and Turners' lane, near Twenty-fifth street, and one square west of Ghrand College. The Ridge avenue cars will take you to the spot, in twenty minutes from the corner of Ninth and Arch. The ground is leased from the city by the Olympics, who underlet it to their friendly rivals, the Athle-ties, and to other base ball associations. The Olym-pics contemplate many handsome improvements; a new building, new fences, seats, etc. The ground is now being rolled, preparatory to laying the bases Should the weather prove favorable, there will be play on Wednesday next. In the course of the month, it is probable several important matches will be played between the Olympics, Keystones, and Athletics, the proceeds to be devoted to the Sanitary Fair. The Athletics and the Camden clubs are also to have a friendly contest in a week or two, and the former will have to play with all their might, or they will sustain a serious defeast, for the Oamden boys are remarkably shift. Due notice will be given of the grand opening day. AMERICA AND IRELAND,—This is the sub-BASE BALL .- The new ground upon S. MILLIKEN & CO., REAL ESTATE AND STOCKS, 6th April. AMERICA AND IRELAND.—This is the sub-ject of a lesture to be delivered at Handel and Haydn Hall, corner of Eighth and Spring Garden streets, on Monday evening zext, April 4th, by the Rev. R. A. Carden, one of the most eloquent and learned of our pulpit orators, and a gentieman in every way calculated to make the subject an interesting and in-structive one. Dr. Carden has reared a church, and formed one of the largest and best congregations in the city, in a locality where, though all people of his persuasion thought a new church particularly desi-rable, yet all shrunk from the responsibility strached to its erection, until Dr. Carden put his shoulder to the wheel, and the result was the ouiding of one of the handsomest church edifices in the city. The Doctor is an orator of that earnest and impassioned school whose words find their way to the hearts of his auditors, and who rise from under his preaching impressed with the truth of what he utters, and with the belief that it is the result of his own convictions. He is among the most eloquent of pulpit orators, and every one who feels any interest in the subject, and desires to hear it most ably treated, should not let this opportunity escape them.
