The Grane ral, it seems, had financial misund-retandings with Mr. Elika Morrell. The probability is that the General was so engrossed in the disobarge of his du-thes to his country that he forgot to discharge some of his private obligations, and Mr. Morrell obt ineed a judgment against the General, and the sheriff levied on his warborse, a gray Bucephalus. The sale was cone postponed, but was dhally fixed for to day at 10% o'clock A. M. Matthews was arrest d, and stands committed for examination.--brookyt tagle, 200.

MAXIMILIAN AND THE SOUTH.—The Richmond Examiner makes an effort to be lively over the news that Maximilian has subbed Sildell, remarking: "Who is this Maximilian, and what is his empire, that we should court his notice, and invite him to give us so cool a cut? Our Government has existed three years, his Empire is not yet quite born. Ours has stood alone—emphatically and gloriously alone; his cannot walk, and must be carried for many a day in the nurse's arms. We have sustained for three years the shock of a tempest of it, directed against him, would sweep him, crown and all, back into the Atlantic coean." What follows is so coolly impudent that it pro-yokes a simile: "It is very much more important to the Empire to be recognized by the Confederacy than to the Con-federacy to be recognized by the Empire. THE MONEY MARKET. THE MONEY MARKET. PHILADELPHIA, April 21, 1864. Money was yeary scarce to day : heavy raises were paid and piles of stock put up. If the present state of things lasts much lorger Hr. Ohass will have to come to currelief with more greenbacks. What better evi-dence than this do we need to destroy the theory of "in-fation?" If there were such an enormous amount of paper currency affaciat why all this trouble when a few millions are required? Tens of millions of those issues have disappeared in developing the earth, and as much more is required to manipulate and make availa-ble the products. "Infation" is a fallacy, as the effect of any unusual demand upon our currency clearly proves. and surset ways of exhausting thom.
