I have not heard whether the rebels burned the railroad bridge over the Etewah or not. But I do know that every timber needed to replace it has been made, and is now ready to find its fellow. In fact, the measurement of every bridge from Dalton to Atlania has been obtained by Colonel W. W.	standing. Mir. Gladwitz discovored similar flakes of gold about five years ago, while digging in the same locality. They were examined at the time, and probunced genuine gold, but nothing more was thought about it, and the matter had dropped from memory until the same substance was turned up yesterday. From the investigations already made it seems certain that it is a vein of pure gold, but in what quantities it exists it is impossible to say at present. —Detroit Press of Monday.
