LEGAL

AGAINST THE WORLD!

A CHALLENGE

ONE THOUSAND DOLLARS

IS OFFERED TO TEST

Philadelphia Against New York.

In 1858 the Corn Exchange Bank of Philadelphia pur

chased one of Evans & Watson's Bank and Burglar-

proof Safes, which is now in use in their vault, con-

structed in the manner that Evans & Watson's Safes ar

for that purpose, with their Patent Alphabetical Lock

on. Since that time the above-mentioned Bank purchased one of "Lillie's (so-called) Burglar-proc Safes. '' The officers of the Bank, in purchasing Lillie's Safe, presumed that they were getting a better safe than those made by Evans & Watson for that purpose and said Corn Exchange Bank officers having recom nended this New York Safe, an In doing so have dierted many thousands of dollars to Troy, New York instead of retaining it among Philadelphians, upon whom they depend for patronage, I, David Evans, will now give an opportunity of proving whether the Safe they purchased from Evans & Watson or the one nur chased of L. Lillie is the best Burglar-proof Safe. will place One Thousand Dollars in cash, and they (the Rank officers) or Lillie, or any other person in the United States who has confidence in Lillie's Safe, shall place the same amount in the hands of a respectable erson; and I, with one man to assist me, will operate on their (Lillie) Safe, and they may get any two men in the United States to operate on the Burglar-proof Safe made by Evans & Watson, and in use at the present time in the said Bank. And if I succeed in getting into their Safe sooner than they shall get into the Evans & Watson Safe, then I am to receive the two thousand dol lars; but if they succeed in getting into the Evans & Watson Safe sooner than I do the Lillie Safe, they shall receive the two thousand dollars. Provided that they shall not make any more noise than I make in getting into Lillie's Safe, as noise is what burglars dread most. Now, as I have given this opportunity of testing th qualities of the two Safes, I hope the Bank officers will be as willing to have the test made as they were in reommending Lillie's (so-called) Burglar-proof Safe peretofore. And as they are the only Bank having one of each of the different make of Safes in use, I consider this Bank the best place to test them. Let the trial be nade, and thus demonstrate to the Philadelphia public which is the best Burglar-proof Safe. Let there be a ommittee appointed from each of the Banks to see th here is fair play on both sides.

I claim the right to change the combinations of the lock on the Evans & Watson Safe, and no person but myself to know the combinations, and they to do the same with the lock on their Lillie Safe before commencing operations. I will now state the manner in which I propose to

operate: I first saw off the brass rim over the lock dial; then drill a hole through the door, directly over the dial, as close as possible, and immediately over the centre. I then insert a piece of wire, about the eighth of an inch thick, through the hole so drilled, turning the knob of the lock dial to the right until the pin enter the first tumbler, when it will pass in about a quarter of an inch; then turn the knob to the left till the pin enter into the second tumbler; then to the right again till it passes through the next tumbler, and in case of a large Bank Safe, again to the left until it passes into the last tumbler; I then throw the bolt, first pulling the pin out.

CAUSE OF THE SAFE CONTROVERSY.

Lillie's agents have been in the practice of soing into bine's agents have been in the practice of sping into banks and other places throughout the City and State, and if they found in use any other make of Safe except his own, would inform such persons or bank offleers that he (Lillie's agent) could either piek the lock or break into the Safe in from five to ten minutes. Among treak into the Sale in from ave to ten minutes. Among others he called at the Consolidation Bank, and told the President that he could pick their lock, made by EVANS & WATSON, in ten minutes; on Mr. W. H. Blumer, Banker, at Allentown, Pa., told him the same; also, on the Treasurer of the West Chester Railroad, and told him he could break into their Bank and Burglar Safe in five minutes. When the parties to wh made these assertions offered to give him the oppo ty of making good his misrepresentations, he has al-

ways found some loophole to creep out. This is the way that the New Yorkers come here and falsify and injure Philadelphia's manufacturers. PHILADELPHIANS! purposes.
These specifications will be strictly adhered to and rigidly enforced in every particular.

TIOGA COUNTY (PA.) BANK ROBBED.
On the night of the 25th of May the Tioga County Bank
of Pennsylvania was robbed of twenty thousand seven hundred and twenty-five dollars and eighty-three cents, in United States bonds, gold, and greenbacks, and retired currency of the bank. Payment of the bonds is stopped. Five thousand dollars of the amount is in special deposits of five-twenty-bonds, and over three thousand dollars in gold.
